2023年06月四级真题第1套

年份 2023 | 月份 6 | 第 一 套 | 时长 125 分钟 | 满分 710（及格 425）

听力 (Listening)

Section A news

短新闻

🎧 听力音频：audio/SectionA.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What do we learn from the report about the 55-year-old woman?**

   A. She was involved in a conflict with bird lovers.

   B. She was charged with mistreating animals.

   C. She was on bad terms with her neighbors.

   D. She was accused of violating a city law.

2. **What did the director of the City Administration say at the end of the new report?**

   A. It will take time to solve the rat problem.

   B. All wild animals should be well protected.

   C. The woman was not to blame for the situation.

   D. No one should go unpunished for violating law.

3. **What When is NASA require the paid volunteers to do?**

   A. Communicate with astronauts in Mars Dune Alpha.

   B. Work in an environment resembling Mars.

   C. Build a Martian habitat in Houston.

   D. Send in applications before Friday.

4. **What will the participants in the project eat?**

   A. Ready-made food.

   B. Food that is organic.

   C. Food they grow.

   D. Potatoes mostly.

5. **What is the news report say about the Japanese Mayor Takashi Karamura?**

   A. He apologized for scratching an athlete's gold medal.

   B. He was asked to present a gold medal to Miu Goto.

   C. He bit a softball player's Olympic gold medal.

   D. He attracted public attention at a media event.

6. **What did Mayor Takashi Karamura offer to do?**

A. Have another picture taken with the Olympic medalist.

B. Apologize to the International Olympic Committee.

C. Get the damaged medal repaired.

D. Pay for the cost of a new medal.

7. **What did some of them can say they would do with their medals?**

A. Allow no one to touch them.

B. See them as symbols of honor.

C. Treat them as treasures.

D. Keep them in a safe place.

Section B conversations

长对话

🎧 听力音频：audio/SectionB.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What did the woman do to her computer?**

   A. She covered its screen with a plastic sheet.

   B. She connected it with her smartphone.

   C. She decorated it with colorful stickers.

   D. She bought some new software for it.

2. **What does the woman say about blue light?**

   A. It may not be simply blue.

   B. It includes unnatural light.

   C. It is more harmful to young people.

   D. It induces people to fall asleep.

3. **Why does the man say he hasn't slept enough for months?**

   A. He has had much trouble falling asleep.

   B. He has had some sort of health problems.

   C. He has stayed up playing computer games.

   D. He has been burdened with excessive work.

4. **What has the woman learned from the research she has read?**

   A. Exposure to blue light is the chief cause of obesity.

   B. Sleep may be more important than people assumed.

   C. Sleep may also be negatively affected by natural light.

   D. Overuse of electronic devices may cause heart disease.

5. **A)What they wanted to be when grown up.**

   A. What they wanted to be when grown up.

   B. What their favorite cartoon character was.

   C. What they learned from computer games.

   D. What they liked to do most after school.

6. **What occupation do adults see as both sensible and ambitious according to the woman?**

A. A stock broker.

B. A pop singer.

C. A mechanical engineer.

D. A basketball player.

7. **What kind of goal setting does the woman like to see in children?**

A. Ambitious

B. Sensible.

C. Imaginative.

D. Practical.

8. **What is the woman suggest adults should do?**

A. Relax their strict control of their kids.

B. Help their kids understand themselves.

C. Impose their own dreams on their kids.

D. Dismiss their high expectations of their kids.

Section C passages

听力篇章

🎧 听力音频：audio/SectionC.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What are a number of phone companies trying to do in Africa?**

   A. Set up company branches.

   B. Improve its infrastructure.

   C. Introduce iPhones into its markets.

   D. Promote Internet-ready phones.

2. **How do KyoS smartphones differ from smartphones of most other companies?**

   A. They cater to Africans'needs.

   B. They are more expensive models.

   C. They are more powerful and capable.

   D. They boast the longest battery life.

3. **What are Kai OS smartphones equipped with?**

   A. A large touchscreen.

   B. An old-school keypad.

   C. A voice-response device.

   D. A digitally-designed system.

4. **What is said about using recycled plastic to make plastic products in the past?**

   A. It ensured sustainable economic growth.

   B. It was strongly opposed by manufacturers.

   C. It was cheaper than using fossil fuel plastic.

   D. It satisfied consumer demands on the whole.

5. **What has led to a more competitive prize for new plastic?**

   A. The capacity to mass produce it.

   B. The U.S.federal government's regulations.

   C. A boom in market demand for clear plastic bottles.

   D. A rapid increase in U.S.petroleum chemical production.

6. **What does the UK government plan to do about plastic?**

   A. Require companies to use 30%of new plastic.

   B. Increase the supply of new plastic in the market.

   C. Reduce the amount of plastic pollution in local areas.

   D. Take measures to promote the use of recycled plastic.

7. **What do learn about the dreamery a business in Manhattan.**

   A. It studies dreams.

   B. It rents a place for nap-takers.

   C. It is a hotel for business people.

   D. It is a nap research institute.

8. **Why does the speaker ask us to look at the world around us at 2.30 in the afternoon?**

   A. To find out creative people's work performance.

   B. To see how many people can go without napping.

   C. To understand the obvious importance of napping.

   D. To feel how difficult it is to get his idea across.

9. **What do we learn about the quantity and quality of the speaker's work?**

   A. They decline due to pointless meetings.

   B. They depend on his ability to concentrate.

   C. They enable him to enjoy a creative career.

   D. They are affected by the overuse of social media.

10. **What does the speaker say he finds odd?**

    A. Some bosses associate napping with laziness.

    B. Many office workers nap during work hours.

    C. Some bosses can concentrate without napping.

    D. Many of his friends daydream in the office.

阅读 (Reading)

Section A word_fill

选词填空

You probably haven't taken the time to think of all the work that went into creating the shirt on your back.I mean,how hard it could be to create fabric and __1__ it into a shirt shape.Don't machines do all that?Well,creating fabric from cotton,which is the most

__2__ clothing material,is actually a process that involves a lot of water,2,700 liters per shirt to be __3__ .Take a look at the video below from National Geographic for some more mind-blowing . __4__ about cotton clothing production.

Clean water is __5__ becoming one of the most sought-after resources in the world. Given how large the __6__ and cotton industries are,they take up a lot of our fresh water demands across the world,according to The Huffington Post.The video from National Geographic was created to spread __7__ of how environmentally harmful cotton is.But the situation can be made better.Through better water management and farming practices, water usage in cotton production can be cut down by . __8__ 40 percent.

Called “Better Cotton”,this environmentally conscious product will save millions of liters of water a year simply from __9__ the demands of cotton production.Cotton doesn't have to go,since it is,after all,one of the most useful cash crops across the globe. However,as water supplies __10__ ,farmers and consumers need to be more conscious of the effect that these products have on the environment as a whole.

写作 (Writing)

Directions: Suppose your university is conducting a survey to collect students'opinions of online classes.You are to write a response to the survey about their advantages and disadvantages,and what improvements can be made.You will have 30 minutes for the task. You should write at least 120words but no more than 180 words

建议时间：30 分钟 | 字数：120-180 | 分值：15

作答区

翻译 (Translation)

Directions: For this part, you are allowed 30 mimutes to translate a passage from Chinese into English.You should write your answer on Answer Sheet 2.

中国越来越重视终身教育，发展继续教育是构建终身教育体系的有效途径。高校作为人才培养的基地，拥有先进的教学理念和优越的教学资源，理应成为继续教育的办学主体。因此，近年来许多高校适应社会需求，加强与用人单位沟通，努力探索一条符合中国国情的继续教育发展新路，以使继续教育在国家发展战略中发挥更大的作用。

听力原文 / Transcripts

News Transcript (EN)

1
00:00:00,000 --> 00:00:07,700
College English Test, Band-Four, Part 2, Listening Comprehension, Section A, Directions.

2
00:00:08,180 --> 00:00:14,860
In this section, you'll hear three news reports. At the end of each news report, you'll hear two or three questions.

3
00:00:15,340 --> 00:00:18,700
Both the news report and the questions will be spoken only once.

4
00:00:19,460 --> 00:00:26,540
After you hear a question, you must choose the best answer from the four choices, Mark A, B, C, and D.

5
00:00:26,540 --> 00:00:31,500
Then mock the corresponding letter on Arsashit 1 with a single line through the center.

6
00:00:32,759 --> 00:00:34,280
News report 1.

7
00:00:35,020 --> 00:00:41,160
A woman was charged with allegedly violating a Rhode Island city law against feeding wild animals.

8
00:00:41,940 --> 00:00:47,920
The 55-year-old woman's neighbors blame her for making the areas rat problem worse.

9
00:00:48,760 --> 00:00:54,020
Nullian stalled cameras captured several rats active in the middle of the day.

10
00:00:54,020 --> 00:00:57,480
Neighbors say that it's even worse during the night.

11
00:00:58,280 --> 00:01:03,060
The woman and her parents, who owned the home, told reporters that she's being charged

12
00:01:03,060 --> 00:01:04,340
for feeding birds.

13
00:01:04,980 --> 00:01:09,820
Who would have known just loving animals gets you that much trouble, she said.

14
00:01:10,740 --> 00:01:16,000
It is prohibited to feed any wild animals, including birds in Rhode Island City.

15
00:01:16,580 --> 00:01:22,960
Nevertheless, while the woman's intention was to feed birds, it is clear that rats were

16
00:01:22,960 --> 00:01:23,940
Also benefiting.

17
00:01:24,840 --> 00:01:31,360
Anthony Merredi, director of the city administration, said he saw more than 20 rats near

18
00:01:31,360 --> 00:01:32,460
the woman's home.

19
00:01:32,640 --> 00:01:36,460
He said it will take months to get the problem under control.

20
00:01:37,660 --> 00:01:41,940
Questions 1 and 2 are based on the news report you have just heard.

21
00:01:42,640 --> 00:01:43,540
Question 1.

22
00:01:43,820 --> 00:01:47,420
What do we learn from the report about the 55-year-old woman?

23
00:02:02,480 --> 00:02:08,460
Question 2. What did the director of the City Administration say at the end of the new report?

24
00:02:22,960 --> 00:02:36,560
New Support 2. To prepare for eventually sending astronauts to Mars, NASA began taking applications Friday for four people to live for a year in Mars, June, Alpha.

25
00:02:36,560 --> 00:02:43,100

That's a 1,700 square foot Martian habitat inside a building in Houston.

26
00:02:43,980 --> 00:02:47,680
The paid volunteers will work in environment similar to Mars.

27
00:02:48,380 --> 00:02:53,500
They will have limited communications with family, restricted food and resources.

28
00:02:54,360 --> 00:02:59,260
NASA is planning three experiments with the first one starting in the fall next year.

29
00:03:00,000 --> 00:03:03,280
Food will all be ready to eat space food.

30
00:03:03,280 --> 00:03:08,620
Some plants will be grown, but not potatoes like in the movie The Martian.

31
00:03:09,580 --> 00:03:15,640
We want to understand how humans perform in them, said lead scientists grace Douglas.

32
00:03:16,400 --> 00:03:19,080
We're looking at Mars realistic situations.

33
00:03:20,180 --> 00:03:24,800
The application process opened Friday and they're not seeking just anybody.

34
00:03:25,460 --> 00:03:31,920
The requirements are strict, including a master's degree in a science, engineering, or

35
00:03:31,920 --> 00:03:39,840
field or pilot experience. Only American citizens or permanent US residents are acceptable.

36
00:03:40,680 --> 00:03:48,260
Applicants must be between 30 and 55 and in good physical health. Attitude is key.

37
00:03:48,540 --> 00:03:54,500
Said former Canadian astronaut Chris Hatfield. He said the participants need to be super

38

00:03:54,500 --> 00:03:59,480
competent, resourceful and not rely on other people to feel comfortable.

39
00:04:00,560 --> 00:04:05,560
Questions 3 and 4 are based on the news report you have just heard.

40
00:04:06,320 --> 00:04:07,480
Question 3.

41
00:04:07,840 --> 00:04:11,480
What does NASA require the paid volunteers to do?

42
00:04:25,740 --> 00:04:30,340
Question 4. What will the participants in the project eat?

43
00:04:44,800 --> 00:04:47,160
News Report 3.

44
00:04:47,600 --> 00:04:54,500
A Japanese mayor apologized Thursday for biting the Olympic gold medal of a softball player.

45
00:04:55,440 --> 00:05:03,040
Nagoya Mayor Takashi Kawamura had praised athlete Nio Goto during a public media event.

46
00:05:03,600 --> 00:05:06,020
He asked her to put the medal around his neck.

47
00:05:06,680 --> 00:05:09,200
Kawamura then bit into it.

48
00:05:09,200 --> 00:05:15,500
Biding a medal in front of journalists and photographers has become a common pose for Olympic

49
00:05:15,500 --> 00:05:16,340
medalists.

50
00:05:16,840 --> 00:05:20,900
However, it is only for the winners themselves, not others.

51
00:05:21,700 --> 00:05:27,180
I'm really sorry that I hurt the treasure of the gold medalist, Talimura told reporters

52
00:05:27,180 --> 00:05:27,840
Thursday.

53
00:05:28,680 --> 00:05:34,080
The mayor said the medal was undamaged, though he offered to pay for the cost of a new

54
00:05:34,080 --> 00:05:34,660
one.

55
00:05:34,660 --> 00:05:40,140
Goto, however, has accepted the International Olympic Committee's offer of a replacement,

56
00:05:40,980 --> 00:05:43,140
according to Japanese media reports.

57
00:05:43,940 --> 00:05:49,120
The scene broadcast on television prompted thousands of complaints to City Hall.

58
00:05:49,620 --> 00:05:54,760
Summer Olympians said they treat their medals as treasures, and that it was disrespectful

59
00:05:54,760 --> 00:05:58,220
and unacceptable for Kawamura to bite one.

60
00:05:58,220 --> 00:06:03,820
I would cry if that happened to me, said another athlete, now he said a takato.

61
00:06:04,640 --> 00:06:10,160
I handled my own gold medal so gently that I would not scratch it."

62
00:06:10,160 --> 00:06:14,420
Questions 5-7 are based on the news report you have just heard.

63
00:06:15,160 --> 00:06:16,160
Question 5.

64
00:06:16,680 --> 00:06:20,840
What does the news report say about the Japanese mayor Takashi-Karou Murat?

65
00:06:34,799 --> 00:06:42,020
Question 6. What did Mayor Takashi Karamura offer to do?

66
00:06:54,780 --> 00:07:00,100
Question 7. What did some of them can say they would do with their medals?

Conversations (EN)

1
00:00:00,000 --> 00:00:05,320
Section B, directions, in this section you will hear too long conversations.

2
00:00:06,040 --> 00:00:13,620
At the end of each conversation, you will hear four questions, both the conversation and the questions will be spoken only once.

3
00:00:14,220 --> 00:00:21,660
After you hear a question, you must choose the best answer from the four choices, Marked A, B, C, and D.

4
00:00:22,080 --> 00:00:27,200
Then Mark the corresponding letter on answer sheet 1 with a single line through the center.

5
00:00:28,940 --> 00:00:30,380
Conversation 1

6
00:00:30,380 --> 00:00:33,120
What's that orange thing on your computer screen?

7
00:00:33,480 --> 00:00:34,840
It's something about yesterday.

8
00:00:35,040 --> 00:00:37,880
It's a plastic sheet that blocks blue light.

9
00:00:38,360 --> 00:00:41,500
I have one that I used to cover my phone screen too.

10
00:00:41,920 --> 00:00:44,000
What do you mean by blue light?

11
00:00:44,660 --> 00:00:46,760
Blue light includes natural light.

12
00:00:47,100 --> 00:00:49,480
But it also includes light that isn't natural.

13
00:00:49,920 --> 00:00:55,340
For example, from computers, phones, televisions, and other electronic devices.

14
00:00:56,040 --> 00:01:00,060
So, blue light is harmful and that's why you want to block it?

15
00:01:00,260 --> 00:01:01,520
It isn't that simple.

16
00:01:02,040 --> 00:01:04,720
Blue light isn't necessarily bad for us.

17
00:01:05,099 --> 00:01:08,200
In fact, we need blue light during the day to be healthy.

18
00:01:08,800 --> 00:01:14,500
But too much blue light, especially from electronic devices, can harm our health by weakening

19
00:01:14,500 --> 00:01:17,540
our vision and making it harder for us to fall asleep.

20
00:01:18,060 --> 00:01:21,220
And poor sleep can cause all sorts of health problems.

21
00:01:21,220 --> 00:01:27,560
I'm not so sure that sleep is nearly as important as people always say it is.

22
00:01:27,820 --> 00:01:34,340
I haven't slept enough in months because I have too much work to do, and I feel fine,

23
00:01:34,720 --> 00:01:37,060
and it's the same for most of my friends.

24
00:01:37,720 --> 00:01:43,060
Pursleep might be a problem for older people but surely young people can handle late

25
00:01:43,060 --> 00:01:43,600

nights.

26
00:01:44,220 --> 00:01:49,380
Well, the research I've read shows that sleep is probably even more important than we

27
00:01:49,380 --> 00:01:56,540
and that not having enough sleep can contribute to serious health problems, like obesity and heart disease.

28
00:01:57,380 --> 00:02:03,640
And all the artificial blue light from electronic devices means we have to try harder to sleep well.

29
00:02:04,280 --> 00:02:10,380
Maybe you're right. I'm on my computer very late most nights, and that's probably why I don't sleep enough.

30
00:02:11,500 --> 00:02:15,940
Questions 8 to 11 are based on the conversation you have just heard.

31
00:02:15,940 --> 00:02:19,920
Question 8. What did the woman do to her computer?

32
00:02:34,820 --> 00:02:38,620
Question 9. What does the woman say about blue light?

33
00:02:53,140 --> 00:02:58,280
Question 10. Why does the man say he hasn't slept enough for months?

34
00:03:12,920 --> 00:03:15,920
Question 11. What has the woman learned in the book?

35
00:03:15,920 --> 00:03:19,800
from the research she has read.

36
00:03:33,440 --> 00:03:34,720
Conversation to

37
00:03:34,720 --> 00:03:38,960
As a kid, did you know what job you wanted to do when you grew up?

38

00:03:39,680 --> 00:03:44,640
No, I didn't. And I got sick every time adults asked me

39
00:03:44,640 --> 00:03:46,680
What I wanted to be when I grew up.

40
00:03:47,000 --> 00:03:52,460
It's the same with me, and I'm tired of people asking that question of my 10-year-old daughter.

41
00:03:53,140 --> 00:03:59,180
My daughter's stock answers are basketball player, pop singer, mechanical engineer.

42
00:03:59,940 --> 00:04:01,660
I don't love that last one.

43
00:04:02,100 --> 00:04:05,280
As it's the perfect mix of the sensible and the ambitious.

44
00:04:06,100 --> 00:04:11,800
When she was much younger, my daughter used to say she wanted to be Queen of the Clouds,

45
00:04:11,960 --> 00:04:12,700
which I loved.

46
00:04:12,700 --> 00:04:18,680
That's the kind of goal setting I like to see in children, springing from their boundless

47
00:04:18,680 --> 00:04:19,760
imaginations.

48
00:04:20,600 --> 00:04:27,040
Yes, we grown-ups can be tedious and limiting in our need for reality, and we teach a very

49
00:04:27,040 --> 00:04:33,080
gloomy image of adulthood, that whatever our children's future holds, must be seen within

50
00:04:33,080 --> 00:04:34,680
the context of a job.

51
00:04:35,140 --> 00:04:38,060
How utterly overwhelming and dull.

52
00:04:38,060 --> 00:04:43,900
When people ask my son what he wants to be when he grows up, I have to swallow the urge

53
00:04:43,900 --> 00:04:46,900
to say, hey, back off my kid's dreams.

54
00:04:47,760 --> 00:04:52,740
We can't dismiss the idea that teenagers have to plan to do something after they finish

55
00:04:52,740 --> 00:04:53,280
school.

56
00:04:53,680 --> 00:04:58,900
In parents are entitled to hope it's more than simply spending 10 hours a day playing computer

57
00:04:58,900 --> 00:04:59,620
games.

58
00:05:00,140 --> 00:05:02,280
But asking, what do you want to be?

59
00:05:02,680 --> 00:05:05,280
Isn't going to lead a child to fulfill life?

60
00:05:05,280 --> 00:05:09,760
rather at least the full-sex expectations and a high chance of disappointment.

61
00:05:10,760 --> 00:05:18,340
Exactly. We should be helping our kids understand who they are, even if that means letting go of who we think they should be.

62
00:05:19,740 --> 00:05:23,720
Questions 12-15 are based on the conversation you have just heard.

63
00:05:24,440 --> 00:05:30,040

Question 12. What question were both speakers fed up with when they were kids?

64
00:05:44,480 --> 00:05:52,540
Question 13. What occupation do adults see as both sensible and ambitious according to the woman?

65
00:06:07,159 --> 00:06:12,560
Question 14. What kind of goal setting does the woman like to see in children?

Passages (EN)

1
00:00:01,759 --> 00:00:15,360
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once.

2
00:00:15,900 --> 00:00:29,080
After you hear a question, you must choose the best answer from the four choices, marked A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line through the center.

3
00:00:30,000 --> 00:00:37,000
Passage 1. Greater Internet Access correlates directly with improved health care, education,

4
00:00:37,520 --> 00:00:44,500
and economic development. People living in rural areas, however, lag behind in online use,

5
00:00:44,940 --> 00:00:50,920
which limits their access to government services, banking, and job opportunities. nowhere

6
00:00:50,920 --> 00:00:57,820
is this challenge clearer than in Africa. Most Africans live in rural areas that are tough

7
00:00:57,820 --> 00:01:04,300
wire for internet access. Now, some phone companies are trying to introduce internet

8
00:01:04,300 --> 00:01:10,180
ready phones into African markets. Certain companies have started selling simple smart

9
00:01:10,180 --> 00:01:17,140
phones for only $20. Previously, the lowest price had been around $40. Well out of reach

10
00:01:17,140 --> 00:01:23,600
for many people. These devices are powered by software from the giant electronics company

11
00:01:23,600 --> 00:01:31,160
KIS technologies limited. Most companies are trying to make phones ever more powerful and capable,

12
00:01:31,780 --> 00:01:38,200

but KIS OS when the other way. It made every effort to keep the essential capabilities of smart

13
00:01:38,200 --> 00:01:45,200
phones but strip out costs and preserve battery life for people who likely have inadequate access

14
00:01:45,200 --> 00:01:52,680
to electricity. The KIS OS devices offer an alternative to the more expensive models that remain

15
00:01:52,680 --> 00:02:00,760
out of reach of many Africans and contribute to the digital divide. The body of KISOS phones

16
00:02:00,760 --> 00:02:08,100
is as basic as it gets. Instead of a touchscreen, they control with an old-school keypad.

17
00:02:08,419 --> 00:02:16,620
They're designed for 3G networks because 4G coverage doesn't reach 2-thirds of Africa's customers.

18
00:02:16,620 --> 00:02:25,920
In total, KIOs phones are made from about $15 worth of parts, while apples top of the line

19
00:02:25,920 --> 00:02:30,120
iPhone has $390 worth of stuff.

20
00:02:31,020 --> 00:02:35,480
Question 16 to 18 are based on the passage you have just heard.

21
00:02:36,220 --> 00:02:41,400
Question 16 What are a number of phone companies trying to do in Africa?

22
00:02:55,920 --> 00:02:57,500
Question 17.

23
00:02:58,360 --> 00:03:03,780
How do KyoS smart phones differ from smart phones of most other companies?

24
00:03:17,880 --> 00:03:23,680
Question 18. What are Kai OS smartphones equipped with?

25

00:03:37,980 --> 00:03:46,900
Passage 2. For years, using recycled plastic to make plastic products was cheap. By contrast,

26
00:03:46,900 --> 00:03:49,900
fossil fuel plastic was more expensive.

27
00:03:50,920 --> 00:03:55,060
Thus, the sustainable option was an economic option too.

28
00:03:55,760 --> 00:04:00,200
But now, it is cheaper for major manufacturers to use new plastic.

29
00:04:01,200 --> 00:04:03,190
According to one recent business report,

30
00:04:03,780 --> 00:04:10,760
Recycled plastic now costs an extra $72 a ton compared with newly made plastic.

31
00:04:11,380 --> 00:04:13,960
This may be because of consumer demands.

32
00:04:13,960 --> 00:04:18,420
They are pushing for more recycled plastics in new products.

33
00:04:19,360 --> 00:04:21,920
Meanwhile, new plastic is becoming cheaper.

34
00:04:22,460 --> 00:04:27,180
This is because of a boom in petroleum chemical production from the US.

35
00:04:28,060 --> 00:04:35,980
The price increase of recycled plastic could cost sustainable manufacturers an extra $250 million

36
00:04:35,980 --> 00:04:37,300
a year.

37
00:04:37,840 --> 00:04:43,080
Smaller manufacturers may also be forced to use new plastic to reduce costs.

38
00:04:43,080 --> 00:04:51,080
Nakers of clear plastic bottles may also opt for new fossil fuel-based plastic to save money.

39
00:04:51,940 --> 00:04:56,760
Plastic packaging makers are being pressured to use more recycled plastic.

40
00:04:57,300 --> 00:05:02,760
This is done in hopes of reducing the enormous amount of plastic pollution in the oceans.

41
00:05:04,080 --> 00:05:12,200
The UK government plans to tax companies, which don't use at least 30% with recycled plastic in their products.

42
00:05:12,200 --> 00:05:18,780
Additionally, the government is planning to increase the quantity of recycled plastic in the market.

43
00:05:19,860 --> 00:05:23,160
This could mean incentives for new recycling plants.

44
00:05:23,800 --> 00:05:28,580
Additionally, recycling facilities may be improved at a local council level,

45
00:05:28,900 --> 00:05:31,100
and recycled plastic could be imported.

46
00:05:31,980 --> 00:05:36,320
This would help increase the amount of recycled plastic in circulation.

47
00:05:36,320 --> 00:05:49,920
Question 19. Question 19. Question 19. Question 19. What is said about using recycled plastic to make plastic products in the past?

48
00:06:04,500 --> 00:06:10,060
Question 20. What has led to a more competitive prize for new plastic?

49
00:06:24,600 --> 00:06:30,500
Question 21. What does the UK government plan to do about plastic?

50
00:06:44,940 --> 00:06:46,580

Passage 3.

51
00:06:47,180 --> 00:06:54,920
At the dreamery, a business in Manhattan, Naps of Facil, a 45-minute session in a darkened enclosure

52
00:06:54,920 --> 00:06:58,040
with peace and quiet costs $25.

53
00:06:58,659 --> 00:07:06,520
To be clear, this institution is no hotel. This is an app joint. It sells the idea of the

54
00:07:06,520 --> 00:07:16,380
map as much as the map itself. Is a map worth $25? The answer is obviously yes. Here

55
00:07:16,380 --> 00:07:21,140
at this point in the argument, it's traditional for me to bring up all the studies that

56
00:07:21,140 --> 00:07:26,780
show the benefits of mapping. But do you really need experts to tell you that? Just look

57
00:07:26,780 --> 00:07:29,520
the world around you at 230 in the afternoon.

58
00:07:30,660 --> 00:07:35,340
I've been working from home for more than 10 years now, and the quality and quantity of

59
00:07:35,340 --> 00:07:39,260
work I can do emerges directly from my ability to concentrate.

60
00:07:39,840 --> 00:07:44,020
I don't understand how people have created careers without mapping.

61
00:07:44,720 --> 00:07:51,220
Every day at about 1pm, everyone faces the same choice, sleep until 2pm, and then work

62
00:07:51,220 --> 00:07:57,180
until 5, or daydream and drift around social media and attend pointless meetings until

63

00:07:57,180 --> 00:08:03,460
7pm. The friends I have who still work in officers inform me their bosses insist that

64
00:08:03,460 --> 00:08:10,120
they take the second option and that nothing is associated with laziness. I genuinely

65
00:08:10,120 --> 00:08:17,540
find it odd for if you map properly, it's like waking up from a full night's sleep and

66
00:08:17,540 --> 00:08:20,160
You can double your day's worth of concentration.

67
00:08:21,720 --> 00:08:26,360
Questions 22 to 25 are based on the passage you have just heard.

68
00:08:27,180 --> 00:08:28,080
Question 22.

69
00:08:28,960 --> 00:08:32,620
What do we learn about the dreamery, a business in Manhattan?

70
00:08:47,260 --> 00:08:54,460
Question 23. Why does the speaker ask us to look at the world around us at 2.30 in the afternoon?

71
00:09:08,920 --> 00:09:15,660
Question 24. What do we learn about the quantity and quality of the speaker's work?

72
00:09:29,820 --> 00:09:32,600
Question 25. What does the question be?

73
00:09:32,600 --> 00:09:35,520
speaker say he finds odd.

74
00:09:49,540 --> 00:09:51,600
That's the end of listing comprehension.
