News Transcript (EN)

1
00:00:00,000 --> 00:00:09,760
College English Tirst Band 4. Part 2, Listening Comprehension, Section A, Directions. In this section, you'll hear three

2
00:00:09,760 --> 00:00:16,260
news reports. At the end of each news report, you'll hear two or three questions. Both the news

3
00:00:16,260 --> 00:00:29,980
report and the questions we spoken only once. After you hear a question, you must choose the best

4
00:00:29,980 --> 00:00:33,420
on to sheet one with a single line through the center.

5
00:00:34,640 --> 00:00:35,880
News report won.

6
00:00:36,380 --> 00:00:40,340
Police have reported a man being bitten by a four-foot snake

7
00:00:40,340 --> 00:00:43,200
when he lifted his toilet seat on Sunday morning.

8
00:00:43,900 --> 00:00:47,440
The snake was not poisonous, so the man did not have to go to the hospital,

9
00:00:47,960 --> 00:00:50,600
but his arm was medically treated at the scene.

10
00:00:51,280 --> 00:00:54,280
The police officer interviewed, told news reporters,

11
00:00:54,740 --> 00:00:56,620
the snake didn't belong to the man,

12
00:00:56,620 --> 00:00:59,860
and it was unclear how it got into the apartment.

13
00:01:00,640 --> 00:01:07,060
This snake was eventually captured by the local animal handlers and taken to an animal hospital afterward.

14
00:01:07,500 --> 00:01:10,080
It was being treated for an outer skin infection.

15
00:01:10,540 --> 00:01:12,900
It was unclear who the owner was.

16
00:01:13,300 --> 00:01:18,440
The snake may be taken to a local zoo for care if the owner does not come forward.

17
00:01:19,140 --> 00:01:24,400
Over the years other creatures like frogs and fish have found their way into toilets.

18
00:01:24,400 --> 00:01:29,060
But this was the first instance of a snake in recent years.

19
00:01:30,280 --> 00:01:34,020
Questions 1 and 2 are based on the news report you have just heard.

20
00:01:34,580 --> 00:01:35,420
Question 1.

21
00:01:35,660 --> 00:01:37,520
What do we learn from the police report?

22
00:01:52,970 --> 00:01:53,840
Question 2.

23
00:01:53,840 --> 00:01:56,580
What does the reports say were still unclear?

24
00:02:12,000 --> 00:02:13,280
News report too.

25
00:02:13,640 --> 00:02:19,960

Every week since last April, Andrea Belcher has been doing something slightly unusual and amusing

26
00:02:19,960 --> 00:02:21,940
when she takes out her trash.

27
00:02:21,940 --> 00:02:28,400
It all started off when a movie star shared a photo of herself putting her trash bins out

28
00:02:28,400 --> 00:02:34,840
in a ball gown. This inspired Andrea to get dressed up to take out the trash. She was too

29
00:02:34,840 --> 00:02:41,120
embarrassed to do it during the day, so one dark evening she put on her black off the shoulder

30
00:02:41,120 --> 00:02:47,400
gown and put her trash bin out, her daughter filmed it and the whole family laughed, but

31
00:02:47,400 --> 00:02:52,680
seemed to go down well. The following weeks she found other outfits in her dressing up

32
00:02:52,680 --> 00:02:58,360
box, and dressed up as different characters and famous people, sharing her exploits on social

33
00:02:58,360 --> 00:03:05,380
media. Before long, people started offering up their own fancy dresses for her to wear. And

34
00:03:05,380 --> 00:03:12,600
before she knew it, she had done 20 weeks. Explaining why she has kept up the videos, Andrea

35
00:03:12,600 --> 00:03:18,740
explain how nice it was to have a little bit of fun and craziness that made people smile.

36
00:03:19,060 --> 00:03:25,060
Besides, it also helps to remind people in the community to put out their trash bins each week.

37
00:03:26,600 --> 00:03:30,600
Questions 3 and 4 are based on the news report you have just heard.

38

00:03:31,320 --> 00:03:36,120
Question 3. What has Andrea Belcher been doing since last April?

39
00:03:51,160 --> 00:03:56,240
Question 4. Why has Andrea Belcher kept up her videos?

40
00:04:10,960 --> 00:04:13,080
New Support 3.

41
00:04:13,280 --> 00:04:15,640
No Money, but Still Hungry?

42
00:04:16,079 --> 00:04:16,720
No Problem.

43
00:04:17,459 --> 00:04:22,400
Welcome to Frank's Restaurant, where customers are paying for meals and leaving receipts

44
00:04:22,400 --> 00:04:23,240
on a board.

45
00:04:23,240 --> 00:04:31,100
Anyone who is hungry and wants something to eat can take one, no questions asked, and hand it to the staff for some food.

46
00:04:31,800 --> 00:04:39,080
The idea for the board of free meals started after a donor came in with $100 for each member of its staff.

47
00:04:39,740 --> 00:04:47,740
After two staffers returned their share, there was $700 left over, according to Terra Morris, the owner of the restaurant.

48
00:04:48,260 --> 00:04:51,400
So they decided to do something more by creating the board.

49
00:04:51,400 --> 00:04:57,580
The Board of Free Meals inside the restaurant shows a host of potential meals already paid

50
00:04:57,580 --> 00:05:00,780

for by customers, each costing about $10.

51
00:05:01,600 --> 00:05:07,560
The Board has messages of kindness, like if you want more kindness in the world, put it here.

52
00:05:08,200 --> 00:05:15,080
The drive has been going on for two weeks, and more is said, just under 50 customers have picked up a free meal.

53
00:05:15,540 --> 00:05:19,040
There have been no reports of anyone taking advantage of the situation.

54
00:05:19,040 --> 00:05:23,380
In fact, there are a lot more people giving tickets than receiving.

55
00:05:23,920 --> 00:05:27,720
It seems people want to help and are driven by helping others.

56
00:05:29,340 --> 00:05:33,240
Questions 5-7 are based on the news report you have just heard.

57
00:05:33,860 --> 00:05:34,980
Question 5.

58
00:05:35,380 --> 00:05:37,760
What can people do at Fring's restaurant?

59
00:05:53,260 --> 00:05:58,940
Question 6. What does the owner of the restaurant say about the idea for the board of free

60
00:05:58,940 --> 00:05:59,600
meals?

61
00:06:14,640 --> 00:06:21,000
Question 7. What has happened at Frank's restaurant since the board of free meals was created?

Conversations (EN)

1
00:00:02,359 --> 00:00:17,200
Section B, Directions. In this section you will hear two long conversations. At the end of each conversation, you will hear four questions, both the conversation and the questions will be spoken only once.

2
00:00:17,200 --> 00:00:22,720
After you hear a question, you must choose the best answer from the four choices,

3
00:00:23,120 --> 00:00:30,540
marked A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single

4
00:00:30,540 --> 00:00:32,140
line through the center.

5
00:00:33,540 --> 00:00:38,960
Conversation 1 Welcome to our program, Friends and Relationships.

6
00:00:39,220 --> 00:00:44,220
Our guest today is psychologist Steve Pinker from McGill University.

7
00:00:44,220 --> 00:00:45,880
Glad to be here, Jane.

8
00:00:46,360 --> 00:00:47,100
Hi Steve.

9
00:00:47,460 --> 00:00:51,380
Our question today is why friends suddenly disappear?

10
00:00:52,080 --> 00:00:56,900
They may block us on their social media accounts and stop responding to our emails.

11
00:00:57,480 --> 00:00:59,820
They simply vanish without a trace.

12
00:01:00,180 --> 00:01:01,960
The answer may lie in childhood.

13
00:01:02,520 --> 00:01:04,900
The way the person related to their mum and dad.

14
00:01:05,019 --> 00:01:07,220
It's related to their attachment styles.

15
00:01:07,560 --> 00:01:08,800
Attachment styles?

16
00:01:09,320 --> 00:01:12,040
Yeah, there are two different attachment styles.

17
00:01:12,040 --> 00:01:17,700
an anxious attachment style and an avoidant attachment style. When there is a relationship

18
00:01:17,700 --> 00:01:23,180
breakdown with their parents, children with an anxious attachment style screen and cry to

19
00:01:23,180 --> 00:01:28,500
get their parents to come back. But other children simply shut down and try to deal with

20
00:01:28,500 --> 00:01:34,060
their emotions by ignoring the situation. And these attachment styles carry on into adulthood.

21
00:01:34,800 --> 00:01:37,500
Does avoidance reduce their stress levels?

22
00:01:37,500 --> 00:01:43,720
Not really, their stress levels are actually the same as those experienced by the children who yell and scream.

23
00:01:44,200 --> 00:01:47,120
And I assume both might be termed insecure.

24
00:01:47,880 --> 00:01:50,720
Exactly. And it's a very insecure attachment.

25
00:01:51,300 --> 00:01:57,960

How does an insecure attachment affect relationships between friends, co-workers, and romantic relationships?

26
00:01:58,680 --> 00:02:04,920
It's the same as conflicts. So if you have a disagreement with a securely attached person,

27
00:02:04,920 --> 00:02:12,260
they're not going to panic. They're able to hear what the other person is saying and express their own feelings and thoughts effectively.

28
00:02:13,120 --> 00:02:21,980
However, an insecurely attached person won't. They might either attack you, get defensive, or just disappear from your life.

29
00:02:22,260 --> 00:02:28,140
To them, a different no matter how small in your eyes signals the end of the relationship.

30
00:02:28,900 --> 00:02:31,420
That explains why they suddenly disappear.

31
00:02:32,280 --> 00:02:38,960
Question 8-11, a base on the conversation you have just heard. Question 8, what do

32
00:02:38,960 --> 00:02:40,700
we learn about the man?

33
00:02:55,540 --> 00:03:00,040
Question 9, what are the speakers mainly talking about?

34
00:03:14,900 --> 00:03:23,660
Question 10. How do children with an anxious attachment style react to a breakdown in their relationship with parents?

35
00:03:38,820 --> 00:03:44,440
Question 11. What does the man say about insecurely attached people?

36
00:03:44,440 --> 00:03:44,580
I'm just going to be a little bit more nervous.

37
00:03:58,280 --> 00:03:58,820

I'm just going to be a little bit more nervous.

38
00:04:00,299 --> 00:04:01,260
Conversation 2.

39
00:04:01,560 --> 00:04:03,380
I hear you're going to Japan soon.

40
00:04:03,780 --> 00:04:04,740
Yes, that's right.

41
00:04:05,160 --> 00:04:06,260
Could I ask you a favor?

42
00:04:06,600 --> 00:04:07,840
Sure. What is it?

43
00:04:08,080 --> 00:04:11,520
I was wondering if you could get me some jeans while you're there.

44
00:04:11,720 --> 00:04:12,980
I'll pay you back of course.

45
00:04:12,980 --> 00:04:19,760
A pair of jeans? Okay, I don't see why not. But what's wrong with jeans here?

46
00:04:20,260 --> 00:04:26,640
Well, I just love good jeans and Japan happens to make the best in the world. My friend brought

47
00:04:26,640 --> 00:04:30,640
me a pair from their five years ago and they still look new.

48
00:04:31,020 --> 00:04:36,700
Really, I had no idea Japan made jeans. I would have thought America made the best jeans

49
00:04:36,700 --> 00:04:39,140
because it's a typical American garment.

50

00:04:39,140 --> 00:04:49,940
Yeah, I thought so too, but it turns out Japan still has some very old mills with the traditional weaving tools used to make genes the original way.

51
00:04:50,300 --> 00:04:55,640
It's a slower process of making clothing, but the end result is surely superior.

52
00:04:56,320 --> 00:05:07,060
Also, the fabric they use is of a higher quality and the dies unnatural. They have a denser weave and are more durable than any other genes in the world.

53
00:05:07,060 --> 00:05:11,160
That sounds cool. What size do you want? And how much are they?

54
00:05:11,540 --> 00:05:20,280
I have a 34-waste and size 30 or 32 in length. Either is fine. They should be around $500,

55
00:05:21,360 --> 00:05:24,300
but make double-sert and they are made in Japan.

56
00:05:24,820 --> 00:05:31,760
$500, boy, that's expensive. Do you typically spend that much on a pair of casual trousers?

57
00:05:31,760 --> 00:05:36,900
They are a little pricey, yes, but they are very special.

58
00:05:37,540 --> 00:05:42,800
Bear in mind they will last me several years and they are very fashionable too.

59
00:05:43,040 --> 00:05:45,260
I think they're totally worth it.

60
00:05:45,740 --> 00:05:50,380
Questions 12-15 are based on the conversation you have just heard.

61
00:05:51,120 --> 00:05:52,000
Question 12.

62

00:05:52,480 --> 00:05:56,060
What makes the man choose to buy jeans made in Japan?

Passages (EN)

1
00:00:00,000 --> 00:00:15,120
Section C, directions. In this section you will hear three passages. At the end of each passage you will hear three or four questions. Both the passage and the questions will be spoken only once.

2
00:00:15,120 --> 00:00:21,220
After you hear a question, you must choose the best answer from the four choices, marked

3
00:00:21,220 --> 00:00:29,300
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:29,300 --> 00:00:30,300
through the center.

5
00:00:31,660 --> 00:00:38,220
Passage 1. Every time I walk out of a superhero movie, I feel the same way. I experience

6
00:00:38,220 --> 00:00:44,380
a sense of longing, realizing that there should be more in life. The desire for adventure

7
00:00:44,380 --> 00:00:51,840
as a human one. Superhero films captured this desire perfectly. The plot of each superhero film

8
00:00:51,840 --> 00:00:58,400
has become relatively predictable. The world is in peril. The world needs a hero. The hero is

9
00:00:58,400 --> 00:01:04,980
in peril. The hero resolves the peril. The hero saves the world. Each film has an attractive

10
00:01:04,980 --> 00:01:11,620
lead. Several expensive explosions, a few jokes lighten the mood, and numerous punches

11
00:01:11,620 --> 00:01:19,060
that land unrealistically well. Even though we basically know what will happen, we keep coming

12
00:01:19,060 --> 00:01:26,020
back for more. The elites of our society have rejected superhero films. They say the films like

13
00:01:26,020 --> 00:01:32,380
any form of artistry. These movies are criticised as being too simple, but they give the fans

14
00:01:32,380 --> 00:01:39,740
what they want. Entertainment. No matter the form in which they reveal themselves, hero stories

15
00:01:39,740 --> 00:01:47,240
will always be present in life. It's not just about being entertained, but also being inspired.

16
00:01:48,080 --> 00:01:54,060
One author has mentioned that women desire to play an irreplaceable role in a great adventure.

17
00:01:54,680 --> 00:02:00,800
Most young women want to be a part of something grand, something important. It seems clear

18
00:02:00,800 --> 00:02:07,100
that this principle applies to men as well. So next time you see your favourite superhero film,

19
00:02:07,100 --> 00:02:16,120
be entertained, but also be inspired. That that small longing you feel motivates you to make a difference.

20
00:02:17,400 --> 00:02:23,260
Question 16 to 18, are based on the passage you have just heard? Question 16,

21
00:02:24,040 --> 00:02:28,480
how does the speaker feel every time he walks out of a superhero movie?

22
00:02:43,540 --> 00:02:50,240
Question 17. What does the passage say about the plot of all superhero movies?

23
00:03:05,000 --> 00:03:12,000
Question 18. What do the elites of Americans' society think of superhero movies?

24
00:03:27,440 --> 00:03:29,200
Passage 2.

25
00:03:29,640 --> 00:03:36,960

Telling stories is one of the most powerful means leaders have to influence, teach, and inspire.

26
00:03:37,800 --> 00:03:40,880
Storytelling forges connections among people.

27
00:03:41,320 --> 00:03:47,660
When it comes to our countries, our communities, and our families, we understand instinctively

28
00:03:47,660 --> 00:03:53,380
that the stories we hold in common are an important part of the ties that bind.

29
00:03:54,120 --> 00:04:00,380
This understanding also holds true in the business world where in organizations' stories

30
00:04:00,380 --> 00:04:07,200
and the stories its leaders tell help solidify relationships in a way that factual statements

31
00:04:07,200 --> 00:04:08,340
don't.

32
00:04:08,880 --> 00:04:12,100
Good stories do more than create a sense of connection.

33
00:04:12,760 --> 00:04:15,200
They build familiarity and trust.

34
00:04:15,200 --> 00:04:20,140
They allow the listener to enter the story, making them more open to learning.

35
00:04:20,959 --> 00:04:26,800
Good stories can contain multiple meanings, so they're surprisingly economical, in conveying

36
00:04:26,800 --> 00:04:29,780
complex ideas in graspable ways.

37
00:04:30,500 --> 00:04:36,080
And stories are more engaging than the recital of data points, or a discussion of abstract

38

00:04:36,080 --> 00:04:36,860
ideas.

39
00:04:37,660 --> 00:04:43,060
Stories about professional mistakes, and what leaders learned from them are another great

40
00:04:43,060 --> 00:04:44,200
avenue for learning.

41
00:04:44,200 --> 00:04:50,280
Because people identify so closely with stories, they can imagine how they would have acted

42
00:04:50,280 --> 00:04:51,840
in similar circumstances.

43
00:04:52,740 --> 00:04:56,800
They are able to work through situations in a way that's risk-free.

44
00:04:57,560 --> 00:04:59,460
There are extra benefits for leaders.

45
00:05:00,220 --> 00:05:04,640
With a simple personal story, they can convey fundamental values.

46
00:05:05,360 --> 00:05:10,660
They can offer insight into the evolution of their own experience and knowledge, presenting

47
00:05:10,660 --> 00:05:12,540
themselves as more approachable.

48
00:05:12,540 --> 00:05:18,060
And then, they are more likely to inspire others to want to know more.

49
00:05:43,000 --> 00:05:49,160
Question 20. What can good stories do to listeners according to the passage?

50
00:06:03,660 --> 00:06:09,540
Question 21. What can leaders do with a simple personal story?

51
00:06:24,520 --> 00:06:32,420
Passage 3 The US was founded by successive ways of immigrants and immigrants are still contributing

52
00:06:32,420 --> 00:06:36,160
to America today, statistics prove it.

53
00:06:36,600 --> 00:06:42,400
On two key measures of financial performance, immigrants outperform native born Americans.

54
00:06:42,400 --> 00:06:45,440
First, they're more likely to be entrepreneurs.

55
00:06:46,420 --> 00:06:53,300
From 1996 to 2016, the pace at which immigrants started businesses was double that

56
00:06:53,300 --> 00:06:54,980
of US-born individuals.

57
00:06:55,820 --> 00:07:00,600
Immigrants aren't just becoming entrepreneurs more frequently, they're often succeeding.

58
00:07:01,500 --> 00:07:08,460
Over 40% of Fortune 500 companies had a founder who was either an immigrant or the child

59
00:07:08,460 --> 00:07:09,160
of one.

60
00:07:09,160 --> 00:07:13,780
Another key measure of financial strength is debt level.

61
00:07:14,460 --> 00:07:17,480
Immigrants do better in this area too.

62
00:07:17,980 --> 00:07:23,740
Immigrants use credit less often for purchasing cars, homes or starting businesses.

63
00:07:24,440 --> 00:07:28,980
This results in significantly lower levels of debt than native born Americans.

64
00:07:29,840 --> 00:07:37,340
For example, 34% of Americans born in Latin America report no credit card or installment loan

65
00:07:37,340 --> 00:07:37,980
debt.

66
00:07:37,980 --> 00:07:43,520
This can be compared to just 19% of the general population.

67
00:07:44,680 --> 00:07:46,740
Why are immigrants doing so well?

68
00:07:47,100 --> 00:07:52,740
The values and habits they bring from their own home lands help explain some of the success.

69
00:07:53,600 --> 00:07:57,100
Unemployment tends to be higher in developing countries.

70
00:07:57,680 --> 00:08:00,160
That means more people must become entrepreneurs.

71
00:08:01,280 --> 00:08:04,880
Credit is also scarce in most developing countries.

72
00:08:04,880 --> 00:08:09,620
This means individuals must save more in order to achieve their goals.

73
00:08:10,220 --> 00:08:14,520
Or they borrow money from friends and family, rather than a bank.

74
00:08:15,060 --> 00:08:20,000
That means less debt and potentially better credit outcomes when they reach the US.

75
00:08:21,180 --> 00:08:26,060
Questions 22-25 are based on the passage you have just heard.

76
00:08:26,820 --> 00:08:31,500

Question 22. What does the passage say statistics prove?

77
00:08:46,640 --> 00:08:51,820
Question 23. What do we learn about immigrants in the US?

78
00:08:52,340 --> 00:08:54,140
Compared with Native born Americans.

79
00:09:09,260 --> 00:09:17,160
Question 24. What does the passage say about immigrants in the US in terms of financial strength?

80
00:09:32,239 --> 00:09:38,400
Question 25. What do immigrants do to achieve their goals in the US?

81
00:09:53,660 --> 00:09:55,980
That's the end of listening comprehension.
