It's well known that physical exercise is beneficial not just to physical health but also to mental health. Yet whereas most countries have __26__ evidence-backed guidelines on the type and intensity of exercise __27__ for various physical health benefits, such guidelines do not yet exist for exercise and mood. This is __28__ due to a lack of necessary evidence. However, a new systematic review brings us usefully up-to-date on the current findings in this area.

Before __29__ into some of the key take-aways, an important __30__ made in the review is between aerobic exercise and anaerobic. The former __31__ such things as walking, jogging and cycling and means exercising in such a way that your body is able to use oxygen to burn fat for energy. In contrast, anaerobic exercise—such as lifting heavy weights—is of such __32__ intensity that your body does not have time to use oxygen to create energy and so instead it breaks down glucose (葡萄糖) in your blood or muscles.

Beginning first with the influence of exercise intensity on the mood benefits of aerobic exercise, the researchers, led by John Chan at Shenzhen University, found __33__ results from 19 relevant studies. Some favoured higher intensity, others low, while seven studies found that intensity made no __34__ to mood benefits.

In relation to the intensity of anaerobic exercise, however, the results were far clearer—the optimum (最佳选择) for improving mood is __35__ intensity, perhaps because low intensity is too dull while high intensity is too unpleasant.

4
00:00:22,560 --> 00:00:28,400
After you hear a question, you must choose the best answer from the four choices marked

5
00:00:28,400 --> 00:00:36,120
A, B, C, and D. Then mark the corresponding letter on Ansysheet 1 with a single line

7
00:00:38,420 --> 00:00:45,540
News report 1. Six people had to move away from their home to another place after a fire

8
00:00:45,540 --> 00:00:50,020
broke out in a building on Main Street, Saturday, official said.

9
00:00:50,940 --> 00:00:56,740
Firefighters responded to the three-story building shortly after when PM, for a reported

10
00:00:56,740 --> 00:01:01,860
structure fire, according to Norwalk Deputy Fire Chief Adam Markowitz.

11
00:01:02,820 --> 00:01:08,960
Markowitz said, crews encountered heavy smoke, coming from the second floor when they arrived.

12
00:01:09,880 --> 00:01:16,160
A team of about 25 firefighters then spent about 25 minutes extinguishing the flames.

13
00:01:17,039 --> 00:01:23,080
Officials described this structure as a mixed use building that features commercial businesses

14
00:01:23,080 --> 00:01:27,680
on the first floor and residential on the second and third floors.

15
00:01:28,400 --> 00:01:30,980
Town records list four apartments in the building.

16
00:01:32,140 --> 00:01:37,940
Due to smoke and heat damage, the four apartments were declared uninhabitable and the six

17
00:01:37,940 --> 00:01:41,560
residents had to move to another place official said.

18
00:01:41,560 --> 00:01:45,480
No injuries were reported in connection with the fire.

19
00:01:46,080 --> 00:01:50,720
The Norwalk Fire Martial is investigating the cause and origin of the fire.

20
00:01:52,020 --> 00:01:56,200
Questions 1 and 2 are based on a news report you have just heard.

21
00:01:56,920 --> 00:01:57,860
Question 1.

22
00:01:58,500 --> 00:02:02,320
Why did the 6 residents have to find another place to stay?

23
00:02:17,320 --> 00:02:23,120
Question 2. What does the news report say the Norwalk Fire Marshall is doing?

24
00:02:38,480 --> 00:02:45,240
Newsreports 2. A new study has cast doubt on historic research, suggesting that the

25
00:02:45,240 --> 00:02:51,620
season or month of someone's birth is associated with an increased risk of certain mental

26
00:02:51,620 --> 00:02:59,360
health conditions. The study looks at symptoms of anxiety and depression among more than 70,000

27
00:02:59,360 --> 00:03:06,020
older adults in Europe. A number of past studies have found the link between season of birth

28
00:03:06,020 --> 00:03:12,220
and mental health diagnoses. Researchers have suggested that such links could arise from

29
00:03:12,220 --> 00:03:19,980
various things. These include nutrients intake, sun exposure, climate and disease exposure

30
00:03:19,980 --> 00:03:22,400
varying across the course of the year.

31
00:03:23,160 --> 00:03:25,340
However, evidence has been mixed.

32
00:03:25,840 --> 00:03:31,720
More recent studies have suggested that factors such as social class or economic background

33
00:03:31,720 --> 00:03:35,640
have more to do with these diagnoses than month of birth.

34
00:03:36,820 --> 00:03:42,560
Overall, the new study found no significant relationship between participants month of

35
00:03:42,560 --> 00:03:45,540
birth and symptoms of depression or anxiety.

36
00:03:46,600 --> 00:03:49,060
There was some variability in some countries.

37
00:03:49,060 --> 00:03:55,100
In Poland, the press of symptoms fluctuated a little depending on birth month.

38
00:03:55,580 --> 00:03:59,320

In the Czech Republic, the same was true of anxiety symptoms.

39
00:04:00,080 --> 00:04:02,720
But on the whole, there was no systematic pattern.

40
00:04:03,820 --> 00:04:08,200
Questions 3 and 4 are based on the news report you have just heard.

41
00:04:08,960 --> 00:04:09,780
Question 3.

42
00:04:10,480 --> 00:04:14,560
What have a number of past studies found about season of birth?

43
00:04:29,480 --> 00:04:35,840
Question 4. What did the new study find about the relationship between participants

44
00:04:35,840 --> 00:04:38,880
month of birth and symptoms of depression?

45
00:04:53,980 --> 00:04:56,240
News Report 3.

46
00:04:57,260 --> 00:05:01,680
Genetic researchers in China have made a clone of a star-police dog.

47
00:05:02,320 --> 00:05:06,320
The clone was born in a laboratory in Beijing, in December.

48
00:05:07,580 --> 00:05:12,240
Tests show that the clone and her mother are almost identical genetically.

49
00:05:13,100 --> 00:05:17,080
The mother dog helped solve multiple murders and many other crimes.

50
00:05:17,080 --> 00:05:23,500
The clone has already performed better than traditionally bread dogs on several tests.

51

00:05:24,600 --> 00:05:30,160
If the clone continues to perform as well as expected, it could mean a huge reduction

52
00:05:30,160 --> 00:05:35,580
in the training time for police dogs, which usually takes about five years.

53
00:05:36,280 --> 00:05:42,000
The ultimate goal of scientists is to produce clones of talented police dogs that can be

54
00:05:42,000 --> 00:05:44,220
trained in months instead of years.

55
00:05:44,920 --> 00:05:50,680
However, this goal is not yet possible due to the current costs of the technology.

56
00:05:51,680 --> 00:05:55,620
This is not the first time a clone has been made of a star police dog.

57
00:05:56,340 --> 00:06:01,120
In South Korea, six clones began working with the police in 2008.

58
00:06:02,440 --> 00:06:06,820
Questions 5-7 are based on the news report you have just heard.

59
00:06:07,900 --> 00:06:08,700
Question 5.

60
00:06:09,340 --> 00:06:12,860
What do the researchers test show about the cloned dog?

61
00:06:27,880 --> 00:06:33,000
Question 6. What is the scientists' purpose in cloning police dogs?

62
00:06:48,159 --> 00:06:54,200
Question 7. Why does the news report say the scientists' goal is not yet possible?

Conversations (EN)

1
00:00:01,220 --> 00:00:12,120
Section B, directions. In this section you will hear two long conversations. At the end of each conversation you will hear four questions.

2
00:00:13,300 --> 00:00:17,720
Both the conversation and the questions will be spoken only once.

3
00:00:18,500 --> 00:00:24,540
After you hear a question, you must choose the best answer from the four choices marked

4
00:00:24,540 --> 00:00:32,400
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

5
00:00:32,400 --> 00:00:33,400
through the center.

6
00:00:35,620 --> 00:00:42,020
Conversation 1 Tom, did you see the article online about the new TV series based on the

7
00:00:42,020 --> 00:00:43,500
book the three body problem?

8
00:00:43,500 --> 00:00:48,840
A colleague mentioned the book, but I've been so busy writing my thesis that I haven't

9
00:00:48,840 --> 00:00:50,900
been able to read for pleasure in months.

10
00:00:51,360 --> 00:00:55,480
Well, sounds like if you're going to read anything for fun, this is the book.

11
00:00:55,840 --> 00:00:58,400
It's written by a Chinese science fiction writer.

12
00:00:58,880 --> 00:01:03,740
I can't remember his name, but he's written three books in all, and the three body

13
00:01:03,740 --> 00:01:05,940
problem is the first in the series.

14
00:01:06,680 --> 00:01:11,760
I don't want to say too much and spoil it for you, but it's definitely got some amazing

15
00:01:11,760 --> 00:01:15,940
technological and sociological concepts in it.

16
00:01:16,320 --> 00:01:21,880
It does sound like it would suit my taste, but if they are making a TV series based on

17
00:01:21,880 --> 00:01:26,000
it now, I don't know if I should read the book or watch the show first.

18
00:01:26,480 --> 00:01:28,400
I think it's better to read the book first.

19
00:01:28,600 --> 00:01:33,780
It's rare for the show or movie to be better than the book, and then you just end up

20
00:01:33,780 --> 00:01:36,900
ruining the book for yourself if the show isn't very good.

21
00:01:37,680 --> 00:01:39,340
When is the show supposed to start?

22
00:01:39,340 --> 00:01:44,440
I'm a bit overwhelmed with the amount of data I still need to collect to finish my thesis,

23
00:01:45,120 --> 00:01:47,340
but I still need to relax sometimes.

24
00:01:47,900 --> 00:01:52,340
I can't remember exactly, it's pretty soon, and it's going to be quite long.

25
00:01:52,900 --> 00:01:54,440

There are 24 episodes.

26
00:01:55,400 --> 00:02:00,020
Well, maybe you could download an electronic copy of the book and try to read it before

27
00:02:00,020 --> 00:02:00,960
the show starts.

28
00:02:01,500 --> 00:02:02,460
That's a good idea.

29
00:02:03,040 --> 00:02:05,680
Then maybe we can watch the series together.

30
00:02:06,400 --> 00:02:07,540
Thanks for the tip, Alice.

31
00:02:07,540 --> 00:02:09,000
No problem.

32
00:02:10,479 --> 00:02:14,780
Questions 8 to 11 are based on the conversation you have just heard.

33
00:02:15,500 --> 00:02:16,460
Question 8.

34
00:02:17,000 --> 00:02:20,960
How did the man get to know about the book the three body problem?

35
00:02:35,780 --> 00:02:41,260
Question 9. What does the woman say she can't remember about the book's author?

36
00:02:56,380 --> 00:03:01,300
Question 10. What does the man have to do to finish his thesis?

37
00:03:16,240 --> 00:03:22,620
Question 11. What will the man most probably do first after the conversation?

38

00:03:40,260 --> 00:03:45,640
Hello, good afternoon. I have an inquiry to make. It's about the vegetarian food festival,

39
00:03:46,020 --> 00:03:49,720
you are holding on the 19th of August at the Newcastle City Hall.

40
00:03:50,160 --> 00:03:53,400
Yes, of course. My name's Phillip. How can I help you?

41
00:03:53,740 --> 00:03:58,800
It says on your website that you are still looking for vendors. An I grow organic vegetables

42
00:03:58,800 --> 00:04:05,140
on my farm, as well as doing my own home baking. Would I be able to sell both the vegetables

43
00:04:05,140 --> 00:04:08,120
and items baked from them at the festival?

44
00:04:09,320 --> 00:04:13,960
That's exactly the type of thing we are looking for. We are getting close to the deadline

45
00:04:13,960 --> 00:04:19,660
however. Do you prefer to fill out an application on the web, or to princess out and fill

46
00:04:19,660 --> 00:04:25,820
it in by hand, and then post it back to us? Remember, that you will have to have all your

47

Passages (EN)

1
00:00:02,460 --> 00:00:12,720
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:13,680 --> 00:00:26,440
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C, and D.

3
00:00:26,440 --> 00:00:32,840
Then Mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:34,800 --> 00:00:36,240
Passage 1.

5
00:00:36,300 --> 00:00:38,620
Supporters call it wild camping.

6
00:00:39,280 --> 00:00:41,460
Opponents call it illegal camping.

7
00:00:42,140 --> 00:00:48,900
What both sides accept is that there has been a boom in the past few months with increasing numbers of visitors

8
00:00:48,900 --> 00:00:53,080
pitching their tents on any bit of land they fancy in the UK.

9
00:00:53,080 --> 00:00:58,840
In part, this reflects the fact that official campsites have been wholly or partially closed

10
00:00:58,840 --> 00:01:04,239
or are overflowing. In a summer when fewer people are going abroad.

11
00:01:05,260 --> 00:01:11,200
It is also cheap, at a time when many are worried about what the economic future holds.

12
00:01:11,960 --> 00:01:18,780

But it may also be an expression of a desire for going outdoors, a response to the months of lockdown.

13
00:01:19,740 --> 00:01:24,080
Most of the coverage of the boom in wild camping has been negative.

14
00:01:24,660 --> 00:01:30,640
Camping in public parks has now been banned for August and the early parts of September,

15
00:01:31,160 --> 00:01:36,260
because campers dump litter, human waste, and even net tents on the grassland.

16
00:01:37,220 --> 00:01:42,540
Similar action has been taken even in Scotland, where camping is usually permitted on most

17
00:01:42,540 --> 00:01:43,620
of its open land.

18
00:01:44,460 --> 00:01:46,440
Clearly, there have to be rules.

19
00:01:46,440 --> 00:01:52,460
It would make sense that wild campers need to ask for permission to camp from landowners,

20
00:01:52,880 --> 00:01:57,460
especially outside Scotland, where the law is far more restrictive.

21
00:01:58,220 --> 00:02:03,300
It would be common sense for people to use small tents and leave no trace of their visit.

22
00:02:04,060 --> 00:02:08,660
They have been attracted by a patch of land that is close to wilderness, and it is their

23
00:02:08,660 --> 00:02:10,940
responsibility to keep it that way.

24
00:02:11,700 --> 00:02:16,640
Questions 16 to 18 are based on the passage you have just heard.

25

00:02:17,400 --> 00:02:22,320
Question 16. Why has wild camping become popular in the UK?

26
00:02:37,540 --> 00:02:43,060
Question 17. Why is Camping Band for Part of the Summer in Public Parks?

27
00:02:57,700 --> 00:03:02,920
Question 18. What does the speaker suggest campers do?

28
00:03:17,640 --> 00:03:24,920
Passage 2. Imagine boating down the Amazon River, minding your own business, calmly keeping

29
00:03:24,920 --> 00:03:32,300
an eye out for alarmingly large snakes. And a curious, pink dolphin appears to swim alongside,

30
00:03:32,300 --> 00:03:39,100
While this may seem like a mythical creature, pink dolphins do exist in the Amazon region.

31
00:03:40,320 --> 00:03:45,660
The Amazon River dolphin is a giant among its species. It can measure up to two meters

32
00:03:45,660 --> 00:03:53,980
long and weigh around 204 kilograms. Size isn't the only thing that sets the Amazon River

33
00:03:53,980 --> 00:04:00,200
dolphin apart. Thriving in South American rivers and temporary lakes caused by seasonal

34
00:04:00,200 --> 00:04:07,780
flooding. This freshwater dolphin is sometimes shockingly pink. Although born gray, males

35
00:04:07,780 --> 00:04:14,700
of the species are easily identified as they inter-adulted by a decisive pink shade. Their

36
00:04:14,700 --> 00:04:20,940
unusual coloring is believed to be the result of scar tissue from dolphin fights, whether

37
00:04:20,940 --> 00:04:27,440
play fighting or a serious bid for a mate. The deeper the pink, the more attractive the males

38
00:04:27,440 --> 00:04:31,620
are believed to be, and the older the male, the more pink he will have.

39
00:04:32,360 --> 00:04:37,400
There's also a theory that this color helps the dolphins more readily blend in with their

40
00:04:37,400 --> 00:04:37,960
surroundings.

41
00:04:38,980 --> 00:04:45,300
During heavy rains, rivers along the Amazon rainforest turn a pink shade, and with their

42
00:04:45,300 --> 00:04:48,480
pink coloring, male dolphins are harder to detect.

43
00:04:49,580 --> 00:04:55,140
The Amazon Wetland System, fed by the Amazon River, is a crucial place for pink dolphins

44
00:04:55,140 --> 00:05:01,700
to breed. And since 2018 has been granted internationally protected status.

45
00:05:27,960 --> 00:05:36,240
Question 20. What is the unusual coloring of Pink Dolphins believed to originate in?

46
00:05:50,400 --> 00:05:56,680
Question 21. What has become of the Amazon Wetland System since 2018?

47
00:06:11,820 --> 00:06:20,380
Passage 3. In a new Merrill Lynch age wave survey, a full 70% of the early adults said they

48
00:06:20,380 --> 00:06:26,740
received financial support from their parents in the past year, and 58% said they couldn't

49
00:06:26,740 --> 00:06:34,120
afford their current lifestyles without it. The most common types of financial support include

50
00:06:34,120 --> 00:06:39,260
cell phone plans, food, school costs and car expenses.

51
00:06:40,400 --> 00:06:47,720
Parental financial support of early adults said can dict fold CO of age wave is the new normal.

52
00:06:48,640 --> 00:06:58,840
But 64% of the young adult surveyed said parents financial support to children age 25 to 34 is a bad thing,

53
00:06:58,840 --> 00:07:06,460
Because it makes those kids dependent. By contrast, only 29% thought supporting men and women

54
00:07:06,460 --> 00:07:14,300
aged 18 to 24 is bad. The remaining 71% thought that assistance helps the adult children

55
00:07:14,300 --> 00:07:15,300
get ahead.

56
00:07:16,540 --> 00:07:23,940
Dickfold believes the young women and men surveyed were saying that by 25 young adults ought

57
00:07:23,940 --> 00:07:30,400
be financially independent. In fact, the respondents said financial independence defines

58
00:07:30,400 --> 00:07:36,360
adulthood. Financial independence is something they were struggling with and challenged

59
00:07:36,360 --> 00:07:43,160
by, and it scared them a bit. Dictful said. One big reason they're struggling is attributed

60
00:07:43,160 --> 00:07:51,040
to college loans of which the average amounts to $37,000. Many of the parents have taken

61
00:07:51,040 --> 00:07:56,420
on college loans for the kids too, sometimes at the expense of their own finances.

62
00:07:57,260 --> 00:08:04,060
In the survey, 60% of early adults define financial success as being debt-free.

63
00:08:04,740 --> 00:08:09,800

Whether that's likely or even possible any time soon is anyone's guess.

64
00:08:11,880 --> 00:08:16,600
Questions 22-25 are based on the passage you have just heard.

65
00:08:17,640 --> 00:08:18,520
Question 22.

66
00:08:18,520 --> 00:08:23,780
What do we learn from a new survey by Marrill Lynch Age Wave?

67
00:08:38,320 --> 00:08:45,380
Question 23. Why did most young adults in the survey say financial support to children aged

68
00:08:45,380 --> 00:08:49,900
25 to 34 is a bad thing.

69
00:09:03,960 --> 00:09:04,840
Question 24.

70
00:09:05,560 --> 00:09:09,640
What did the respondents in the survey say regarding financial independence?

71
00:09:24,860 --> 00:09:29,940
Question 25. What is one big reason young adults are struggling?

72
00:09:45,380 --> 00:09:47,800
That's the end of listening comprehension.
