选词填空

One of the biggest controversies over the Industrial Revolution is how it affected the working class. The
oldest debates were over whether the standards of living rose or fell. Those that believed they fell claimed
that the capitalists ___26___ every ounce of surplus they could from the working class. Those that believed
the standards of living rose claimed that the environment was consumer-friendly, with more and more goods
___27___ to the working class every year.
Today's historians agree that overall, the standards of living ___28___. They do not agree, however, on when this improvement ___29___.
In an effort to solve this controversy, historians have attempted to define ___30___ what "standard of living"
means. They all seem to agree that it should mean happiness, but happiness is impossible to measure.
Instead, historians ___31___ use "real income" as the measure for the standards of living. Real income is
money ___32___ and then adjusted according to the cost of living. However, it does not take into account
unemployment, pollution, health, life expectancy, or free time.
After ___33___ debate and analysis of the average income, historians have agreed to disagree on whether
there was rapid or slow economic growth during the Industrial Revolution. Instead, they have decided to
___34___ how the Industrial Revolution was affected by other events. They have determined that the Industrial Revolution had an overall positive ___35___, but it quite possibly was neutralized by negative events such as wars, high taxes, and rapid population growth.

从多个角度理解你的角色。为什么？嗯，

38
00:04:12,120 --> 00:04:17,880
first is to understand your role from multiple perspectives. Why is that? Well,
你在工作中所做的并不仅仅局限于你的职位描述。你需要

39
00:04:17,880 --> 00:04:22,840
what you do at work is not just limited to your job description. You need to
考虑你的工作如何与组织内的其他人相关联。哦，对。

40
00:04:22,840 --> 00:04:27,640
consider how your work relates to other people within the organization. Oh, right.
哦，对。
