2022年09月四级真题第2套

年份 2022 | 月份 9 | 第 二 套 | 时长 125 分钟 | 满分 710（及格 425）

听力 (Listening)

Section A news

短新闻

🎧 听力音频：audio/SectionA.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What do we learn from the news report about the study?**

   A. It examines the effect of cholesterol on people's health.

   B. Its participants all had high blood cholesterol levels.

   C. It questions the benefits of a vegetarian protein diet.

   D. Its finding came as a surprise to the researchers.

2. **What did the researchers acknowledge?**

   A. They do not know all the effects of eating meat.

   B. Red meat itself does not cause heart diseases.

   C. White meat may be healthier than red meat.

   D. Vegetarian protein may be easier to absorb.

3. **What does the news report say about the accident at the crossing of high street and Milton?**

   A. It may have been due to the lorry driver's drunk driving

   B. It may affect the local supply of turkeys for Christmas.

   C. It interrupted traffic for several hours running.

   D. It was caused by a lorry running into a trailer

4. **What do we learn about the crossing on high street?**

   A. It has been the scene of several fatal accidents recently.

   B. It is the spot that causes the local police a lot of worry.

   C. It has witnessed several traffic accidents this year.

   D. It is a location frequented by local traffic police

5. **What is Bangalore Airport trying to do about the helicopter taxi service?**

   A. Get approval to add more routes.

   B. Attract more international tourists.

   C. Advertise it through a mobile app

   D. Make it affordable to common folk.

6. **What do we learn from the news report about the helicopter taxi ride?**

A. It costs more than twice as much as a car ride.

B. It is gaining popularity among ordinary Indians.

C. It symbolizes India's advancement in high-tech.

D. It can get any where in the city within 15 minutes.

7. **Who are the targeted customers of the helicopter taxi service?**

A. International tourists.

B. High-class travelers.

C. Prominent superstars.

D. Customers in a hurry.

Section B conversations

长对话

🎧 听力音频：audio/SectionB.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What does the woman plan to do for the weekend?**

   A. Treat her friends in a bar.

   B. Take a trip to Washington.

   C. Make some cheese.

   D. Throw a party.

2. **What does the man suggest the woman do?**

   A. Spend no more than 30 dollars.

   B. Buy different kinds of cheese.

   C. Help him prepare t he barbecue.

   D. Find out different people's tastes.

3. **What does the man say about Spanish goat cheese?**

   A. It is the best kind of hard cheese.

   B. It is the most popular in Spain.

   C. It is more delicious than honey.

   D. It is a good choice for children.

4. **What is the woman going to do at the end of the conversation?**

   A. Buy what the man recommended.

   B. Have a taste of both of the cheeses.

   C. Choose one o f the two types of cheese.

   D. Ask the man to cut the cheese into slices.

5. **What does the woman say about using e-text books?**

   A. New teachers and staff have to be recruited.

   B. It might take some time for students to adapt.

   C. It involves buying lots of tablets and software.

   D. The software has to be constantly upgraded.

6. **According to the man, how can the use of tablets benefit students?**

A. It can greatly improve their learning efficiency.

B. It can help them to interact more with teachers.

C. It can save their trouble of carrying printed books.

D. It can develop their skills in using electronic devices.

7. **What does the woman say about students using tablets?**

A. They may have trouble comprehending texts.

B. They may encounter technological problems.

C. They may pay less respect to teachers.

D. They may get distracted more easily.

8. **What does the woman say about making electronic readers?**

A. It generates a great deal of electronic garbage.

B. It does a lot of damage to the environment.

C. It emits huge amounts of harmful radiation.

D. It accelerates the exhaustion of rare minerals.

Section C passages

听力篇章

🎧 听力音频：audio/SectionC.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What does the passage say we tend to do every day?**

   A. Communicate with our coworkers.

   B. Encounter people in different places.

   C. Judge people based on our first impressions.

   D. Engage in a variety of psychological activities.

2. **What do we learn about person perception from this passage?**

   A. It is an objective evaluation of a person's character.

   B. It is a mental process influenced by many factors.

   C. It contributes to the formation of personal traits.

   D. It varies greatly among different social groups.

3. **What is the problem with using social categorization in person perception?**

   A. It can lead to incorrect judgments.

   B. It can cause mistrust among people.

   C. It can result in instant losses.

   D. It can give rise to gender bias.

4. **What does the new study suggest about young people today and those from the previous generation?**

   A. Both groups spend a lot of time on mobile devices.

   B. Both groups attach importance to social connections.

   C. They are equally competent in using new technology.

   D. They are similar in terms of social skills.

5. **What did the city find about children who access social networking sites many times a day?**

   A. Their social skills were negatively affected.

   B. Their school performance was slightly lower.

   C. Their emotions were much harder to regulate.

   D. Their relations with peers were badly strained.

6. **What is adults worry about technological change?**

   A. It may pose a threat to their children's safety.

   B. It may affect society's traditional values.

   C. It may hurt their relations with children.

   D. It may change their children's ethical values.

7. **What does the speaker say about inspiration from consuming others ideas and success stories?**

   A. It is motivating.

   B. It is passive.

   C. It is incredible.

   D. It is impracticable.

8. **What do we learn from the passage about active inspiration?**

   A. It results in short-term excitement.

   B. It helps us avoid making mistakes.

   C. It breeds long-term passion and enthusiasm.

   D. It is bound to help us achieve greater success.

9. **What does the passage say passive inspiration can do?**

   A. Drive us forward.

   B. Bring us power.

   C. Spur us to action.

   D. Give us ideas.

10. **Where does the best inspiration come from, according to the passage?**

    A. Listening to success stories.

    B. Applying ideas to one's life.

    C. Following the advice of experts.

    D. Consuming the world around us.

阅读 (Reading)

Section A word_fill

选词填空

Public perception of success in the U.S. might be totally misguided.

While 92% of people believe others care most about fame and __26__, fewer than 10% factor those qualities into their own success. This is according to the newly __27__ study by Harvard Graduate School of Education professor Todd Smith. Smith says he was __28__ by how past studies on success "assumed what people will care about." In this study, his team "went the __29__ direction" by spending years carrying out individual

interviews and group surveys to see what people really talk about when they talk about success.

As a scientist, Smith __30__ studied individuality for a living, and even he was surprised to find younger respondents cared more about having a __31__ in life. Those between the ages of 18 and 34 prioritized it most, and that prioritization dropped off as respondents ages went up. Perhaps this is because older people had fewer options when they were starting their careers, at a time when values focused more on stable incomes than __32__ personal missions.

Other trends included an emphasis on the importance of parenting. Being a parent __33__ very high across the priorities of all study participants. Ultimately, Smith hopes institutions will take note of these insights __34__.

Higher education institutions tend to focus on preparing students for high-paying jobs. For such institutions, from universities to workplaces, to better __35__ people in the U.S., they'll need to understand "what the American public highly prioritizes," Smith says.

Word Bank:

- accommodate
- accordingly
- acquiring
- bothered
- fortune
- fulfilling
- identify
- literally
- opposite
- profession
- purpose
- ranked
- released
- similarly
- wrong

阅读理解

写作 (Writing)

Directions: Suppose your class has just finished celebrating the Teachers，Day. You are now to write a report to the university newspaper on the celebration activities organized by your class. You will have 30 minutes to write the report. You should write at least 120 words but no more than 180 words.

建议时间：30 分钟 | 字数：120-180 | 分值：15

作答区

翻译 (Translation)

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on Answer Sheet 2.

按照中国民间的传统习俗，春节期间长辈通常会给孩子发红包，俗称发压 岁 钱 (lucky money),以表达对孩子的祝福，祝他们好运。如今，红包不仅是给孩子的礼物，而且经常也是给长辈或亲朋好友的礼物。近年来，随着微信用户数量的增加，微信红包变得愈加流行。欢度春节时，人们经常互发微信红包表达问候。这无疑是一种与远方亲友联系的便捷方式。

建议时间：30 分钟 | 分值：15

听力原文 / Transcripts

News Transcript (EN)

1
00:00:01,080 --> 00:00:22,540
College English Test, FAND 4, Part 2, Listening Comprehension, Section A, Directions. In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions. Both the news report and the questions will be spoken only once.

2
00:00:22,540 --> 00:00:28,540
After you hear a question, you must choose the best answer from the four choices marked

3
00:00:28,540 --> 00:00:36,080
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:36,080 --> 00:00:37,160
through the center.

5
00:00:38,380 --> 00:00:45,420
News report 1. White meat, such as chicken, may raise blood cholesterol levels as much as

6
00:00:45,420 --> 00:00:51,140
red meat does. This finding surprised researchers who admitted they didn't expect that

7
00:00:51,140 --> 00:00:54,700
Even white meat would lead to higher blood cholesterol levels.

8
00:00:55,320 --> 00:01:01,940
In the study, researchers looked at 113 healthy people, the participants ate three different

9
00:01:01,940 --> 00:01:02,360
diets.

10
00:01:03,040 --> 00:01:08,380
These were a red meat diet, which is primarily beef, a white meat diet, which is mostly

11
00:01:08,380 --> 00:01:12,060
chicken and turkey, and the vegetarian protein diet.

12
00:01:12,720 --> 00:01:15,060

Each diet period was four weeks.

13
00:01:15,800 --> 00:01:21,120
Between the diet periods, participants had a break, during which they ate their regular

14
00:01:21,120 --> 00:01:28,340
foods. In addition, participants had blood tests at the start and finish of each new diet.

15
00:01:28,840 --> 00:01:34,380
The results showed that white and red meat diets had the same effects on blood cholesterol

16
00:01:34,380 --> 00:01:40,740
levels. Further, both diets increased blood cholesterol levels compared with the diet

17
00:01:40,740 --> 00:01:46,800
built on vegetarian protein sources. The team acknowledged that it is possible that white

18
00:01:46,800 --> 00:01:53,400
is better for our health than red meat, despite their findings. This is because other effects

19
00:01:53,400 --> 00:01:59,840
of red meat consumption could contribute to heart disease independent of cholesterol. Their

20
00:01:59,840 --> 00:02:06,980
main recommendations are that people eat less of both kinds of meat and more vegetarian protein.

21
00:02:08,080 --> 00:02:12,480
Questions 1 and 2 are based on the news report you have just heard.

22
00:02:12,480 --> 00:02:19,220
Question 1. What do we learn from the news report about the study?

23
00:02:31,940 --> 00:02:36,260
Question 2. What did the researchers acknowledge?

24
00:02:50,640 --> 00:02:52,960
New Report 2.

25

00:02:53,520 --> 00:02:59,900
At around half past nine this morning, a trailer attached to a lorry turned over at the

26
00:02:59,900 --> 00:03:02,240
crossing of high street and Milton.

27
00:03:03,480 --> 00:03:07,060
Hundreds of frozen turkeys were spilled all over the road.

28
00:03:08,080 --> 00:03:14,380
It is reported that nobody was hurt in the incident, but police said it may affect traffic

29
00:03:14,380 --> 00:03:16,120
and Christmas dinners.

30
00:03:16,120 --> 00:03:22,800
With just one week to go before Christmas, there are worries that local supermarket supplies

31
00:03:22,800 --> 00:03:25,860
of this holiday favorite may be affected.

32
00:03:26,820 --> 00:03:32,000
A police spokeswoman said that officers were currently in attendance at the scene.

33
00:03:32,660 --> 00:03:37,540
She stated that the driver of the Lori had been arrested on suspicion of dangerous

34
00:03:37,540 --> 00:03:38,180
driving.

35
00:03:39,340 --> 00:03:43,400
The crossing on high street is a well-known accident black spot.

36
00:03:43,400 --> 00:03:49,120
This year alone, there have been seven traffic accidents at this location.

37
00:03:50,080 --> 00:03:54,840
Thankfully, none of these accidents have resulted in serious injury.

38
00:03:56,360 --> 00:04:01,100
Questions 3 and 4 are based on the news report you have just heard.

39
00:04:01,860 --> 00:04:08,400
Question 3, what does the news report say about the accident at the crossing of high street and Milton?

40
00:04:22,840 --> 00:04:24,360
Question 4.

41
00:04:24,880 --> 00:04:28,480
What do we learn about the crossing on high street?

42
00:04:41,800 --> 00:04:44,180
Use Report 3.

43
00:04:44,980 --> 00:04:48,800
India have launched its helicopter taxi service on Monday.

44
00:04:49,340 --> 00:04:55,560
Promising the ferry customers, the 40 miles between Bangalore's Electronic City Tech Hub,

45
00:04:55,560 --> 00:04:59,820
and the International Airport Terminal in 15 minutes.

46
00:05:00,680 --> 00:05:04,560
Customers can book their helicopter ride through a mobile app.

47
00:05:05,220 --> 00:05:10,660
The service which planes to be the first of its kind in India offers only one route,

48
00:05:11,080 --> 00:05:15,280
but Bengalu airport will add more once it gets approval.

49
00:05:16,320 --> 00:05:20,340
Helicopter taxi is not an affordable option for many travelers.

50
00:05:20,340 --> 00:05:25,260
A car ride for the same journey costs less than half as much.

51
00:05:25,900 --> 00:05:32,440
But Bingo Lourer Airport says it is a competitive alternative to a car ride for tech executives

52
00:05:32,440 --> 00:05:33,640
in a hurry.

53
00:05:34,540 --> 00:05:41,080
A large number of high-class travelers, including CEOs, have to spend more than three hours

54
00:05:41,080 --> 00:05:42,900
by road to get there.

55
00:05:43,080 --> 00:05:45,000
And that is a loss of time.

56
00:05:45,400 --> 00:05:47,820
A Bingo Lourer Airport spokesperson said,

57
00:05:47,820 --> 00:05:53,240
This is not a low-cost option, but it is an option, she added.

58
00:05:54,000 --> 00:05:58,800
The helicopters buried around eight customers to the airport on their first day.

59
00:05:59,440 --> 00:06:04,460
The company that owns and operates the service is called Thumbi Aviation.

60
00:06:04,920 --> 00:06:09,280
It previously specialized in private charter flights for government officials.

61
00:06:10,600 --> 00:06:15,360
Questions 5-7 are based on the news report you have just heard.

62
00:06:15,360 --> 00:06:22,940
Question 5. What is Bangalore Airport trying to do about the helicopter taxi service?

63
00:06:36,720 --> 00:06:43,260

Question 6. What do we learn from the news report about the helicopter taxi ride?

64
00:06:57,359 --> 00:07:03,800
Question 7. Who are the targeted customers of the helicopter taxi service?

Conversations (EN)

1
00:00:01,380 --> 00:00:17,160
Section B, directions. In this section you will hear two long conversations. At the end of each conversation, you will hear four questions. Both the conversation and the questions will be spoken only once.

2
00:00:17,160 --> 00:00:23,420
After you hear a question, you must choose the best answer, from the four choices marked

3
00:00:23,420 --> 00:00:31,160
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:31,160 --> 00:00:32,400
through the center.

5
00:00:34,100 --> 00:00:35,380
Conversation 1

6
00:00:35,380 --> 00:00:39,720
Hi, I wish to buy some cheese for a barbecue this weekend.

7
00:00:40,200 --> 00:00:41,360
What kind would you like?

8
00:00:41,840 --> 00:00:44,200
Sorry, I don't know much about cheese.

9
00:00:44,200 --> 00:00:47,660
What type do you think would be suitable for a barbecue?

10
00:00:48,520 --> 00:00:53,440
That's easy. For a barbecue, you could have any cheese you want.

11
00:00:54,020 --> 00:01:00,560
I imagine there will be different foods, and people will just help themselves and eat at their own pace, right?

12
00:01:01,200 --> 00:01:09,620
Yes, exactly. It will be very casual. We will just be a small group of friends gathering together at Washington Park.

13
00:01:09,620 --> 00:01:13,460
There will be around 20 of us, including children.

14
00:01:14,040 --> 00:01:19,480
Great. So you could have different types of cheese. How much would you like to spend?

15
00:01:20,140 --> 00:01:23,180
Not very much. Let's say $30.

16
00:01:24,260 --> 00:01:33,600
I would suggest having at least one soft cheese and one hard cheese. That will offer you a good variety to suit different people's tastes.

17
00:01:33,600 --> 00:01:39,580
That sounds good. What's the difference between a soft cheese and a hard cheese?

18
00:01:40,220 --> 00:01:47,260
Well, it depends. But generally speaking, soft cheeses are creamy and go well with sweet

19
00:01:47,260 --> 00:01:53,880
things like honey and jam. I would suggest something like this Spanish goat cheese. It's

20
00:01:53,880 --> 00:02:01,940
only $15, a very good price. You can spread it on bread with a knife and then add a tiny

21
00:02:01,940 --> 00:02:10,320
bit of honey on top. It's delicious. Children love it. Okay, great. What about a hard cheese?

22
00:02:10,820 --> 00:02:18,880
Yes, for hard cheese, I would recommend this Italian one here. It has a very strong smell and a dry

23
00:02:18,880 --> 00:02:28,400
flavor. You can cut it into thin slices and eat it on its own. It's $16. Okay, I'll take both. Thank

24
00:02:28,400 --> 00:02:29,540
for your help.

25

00:02:30,580 --> 00:02:35,380
Questions 8 to 11 are based on the conversation you have just heard.

26
00:02:36,200 --> 00:02:40,080
Question 8 What does the woman plan to do for the weekend?

27
00:02:54,440 --> 00:02:58,740
Question 9. What does the man suggest the woman do?

28
00:03:12,800 --> 00:03:17,700
Question 10. What does the man say about Spanish goat cheese?

29
00:03:32,280 --> 00:03:37,840
Question 11. What is the woman going to do at the end of the conversation?

30
00:03:52,840 --> 00:04:00,180
Conversation 2 Our school is replacing printed textbooks with E textbooks next semester.

31
00:04:00,980 --> 00:04:02,060
I can't wait.

32
00:04:02,640 --> 00:04:09,320
Really? What about the cost? Not only buying all those tablets, but the software, an electronic

33
00:04:09,320 --> 00:04:15,320
infrastructure that goes with it. Not to mention retraining all the teachers and administration

34
00:04:15,320 --> 00:04:16,200
staff.

35
00:04:16,200 --> 00:04:21,740
Sure, the initial expenditure will be high, but much lower afterwards.

36
00:04:22,440 --> 00:04:27,800
The size that tablet prices continue to drop and are becoming increasingly affordable.

37
00:04:28,700 --> 00:04:32,500
Anyway, tablets help students learn up to 80% faster.

38
00:04:33,260 --> 00:04:34,060
Not necessarily.

39
00:04:34,820 --> 00:04:36,900
Tablets have too many distractions.

40
00:04:37,940 --> 00:04:42,140
Students may pay attention to apps, games, and websites.

41
00:04:42,140 --> 00:04:49,200
Instead of their teachers, in fact, research suggests that people who read printed text

42
00:04:49,200 --> 00:04:56,100
comprehend more, remember more, and learn 30% more than those who read digital text.

43
00:04:56,940 --> 00:05:03,400
Yes, but tablets contain many technological features that are not found in printed textbooks.

44
00:05:04,220 --> 00:05:05,140
Think about it.

45
00:05:05,140 --> 00:05:11,440
students are able to highlight and edit text, write notes, and search for information

46
00:05:11,440 --> 00:05:17,700
much more quickly than they can with printed textbooks. And what about all those trees

47
00:05:17,700 --> 00:05:20,780
that are cut down to make printed books?

48
00:05:21,920 --> 00:05:28,300
Actually, manufacturing tablets is environmentally destructive and dangerous to human health.

49
00:05:28,300 --> 00:05:37,820
The health impacts from making one electronic reader are 70 times greater than those from making a single printed book.

50
00:05:38,360 --> 00:05:42,840

A lot of minerals are extracted from the earth to make electronic readers.

51
00:05:43,260 --> 00:05:46,160
It does far more damage to the environment.

52
00:05:46,920 --> 00:05:55,760
Yes, but the software for electronic readers can be updated instantly without the need for buying a whole lot of new books.

53
00:05:55,940 --> 00:05:57,820
That's better for the environment.

54
00:05:57,820 --> 00:06:01,940
But the core curriculum doesn't change that much.

55
00:06:02,460 --> 00:06:08,140
Printed textbooks that are not brand new still contain the basic relevant information

56
00:06:08,140 --> 00:06:09,680
of core subjects.

57
00:06:10,660 --> 00:06:12,940
Well, I'm looking forward to the change.

58
00:06:13,420 --> 00:06:15,700
I'll stick with my printed books.

59
00:06:17,040 --> 00:06:22,020
Questions 12-15 are based on the conversation you have just heard.

60
00:06:22,660 --> 00:06:23,580
Question 12.

61
00:06:23,580 --> 00:06:28,240
What does the woman say about using e-text books?

62
00:06:41,840 --> 00:06:43,140
Question 13.

63
00:06:44,160 --> 00:06:48,620
According to the man, how can the use of tablets benefit students?

64
00:07:03,020 --> 00:07:08,780
Question 14. What does the woman say about students using tablets?

65
00:07:23,340 --> 00:07:27,700
Question 15. What does the woman say about making electronic?

Passages (EN)

1
00:00:01,940 --> 00:00:13,100
Section C, directions. In this section, you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:13,820 --> 00:00:26,480
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, E, C, and D.

3
00:00:26,480 --> 00:00:32,820
Then mark the corresponding matter on answer sheet 1 with the single line through the center.

4
00:00:34,040 --> 00:00:45,340
Passage 1. In social psychology, the term person perception refers to the mental processes that we use to form impressions of other people.

5
00:00:45,840 --> 00:00:54,140
It includes not just how we form these impressions, but the conclusions we make about other people based on our impressions.

6
00:00:54,960 --> 00:00:59,740
Consider how often you make this kind of judgment every day.

7
00:00:59,980 --> 00:01:04,959
When you meet with a new coworker, you immediately begin to develop an initial impression

8
00:01:04,959 --> 00:01:06,180
of this person.

9
00:01:06,740 --> 00:01:11,800
When you visit the grocery store, you might draw conclusions about the cashier who checks

10
00:01:11,800 --> 00:01:12,600
you out.

11
00:01:13,260 --> 00:01:19,520
Obviously, person perception is a very subjective process that can be affected by a number

12
00:01:19,520 --> 00:01:25,520
of variables, including the characteristics of the person you are observing, the context

13
00:01:25,520 --> 00:01:30,540
of the situation, your own personal traits, and your past experiences.

14
00:01:31,520 --> 00:01:37,880
One of the techniques we use in person perception is social categorization. In this process,

15
00:01:38,260 --> 00:01:43,440
we mentally categorize people into different groups, based on common characteristics.

16
00:01:44,500 --> 00:01:49,960
problems with this technique include the fact that it can lead to errors and prejudice.

17
00:01:50,720 --> 00:01:56,020
Imagine that you are getting on a bus. There are only two seats available. One is next

18
00:01:56,020 --> 00:02:02,900
to a small elderly woman. The other is next to a muscular, fierce looking man. You sit next

19
00:02:02,900 --> 00:02:08,780
to the elderly woman who unfortunately turns out to be quite skilled at picking pockets.

20
00:02:08,780 --> 00:02:15,640
Because of social categorization, you immediately judge the woman as harmless and the man

21
00:02:15,640 --> 00:02:19,300
as threatening, leading to the loss of your wallet.

22
00:02:20,240 --> 00:02:25,340
Questions 16-18 are based on the passage you have just heard.

23
00:02:25,980 --> 00:02:26,800
Question 16.

24
00:02:27,660 --> 00:02:30,940
What does the passage say we tend to do every day?

25
00:02:44,740 --> 00:02:51,700
Question 17. What do we learn about person perception from this passage?

26
00:03:05,680 --> 00:03:13,060
Question 18. What is the problem with using social categorization in person perception?

27
00:03:28,079 --> 00:03:35,700
Passage 2 Despite smartphones and social media, young people today are as socially competent

28
00:03:35,700 --> 00:03:42,360
as those from the previous generation. At least this is what a new study suggests. For

29
00:03:42,360 --> 00:03:48,720
The study researchers compared teacher and parent evaluations of American children who started

30
00:03:48,720 --> 00:03:54,320
kindergarten in 1998 with those who began school in 2010.

31
00:03:54,840 --> 00:03:58,900
The former group entered kindergarten when mobile phones were luxuries.

32
00:03:59,520 --> 00:04:03,760
The latter group started school when mobile devices were widespread.

33
00:04:04,800 --> 00:04:10,560
Results showed both groups of children were rated similarly on important social skills.

34
00:04:10,560 --> 00:04:16,959
He's included the ability to form and maintain friendships and get along with people who are different.

35
00:04:17,420 --> 00:04:23,480
They were also rated similarly on self-control, such as the ability to regulate their temper.

36
00:04:24,240 --> 00:04:32,960
In virtually every comparison made, ratings of social skills either remain constant or improved for the children born later.

37

00:04:32,960 --> 00:04:39,800
There was one exception. Social skills were slightly lower for children who access online

38
00:04:39,800 --> 00:04:46,020
games and social networking sites many times a day. Adults are worried when technological

39
00:04:46,020 --> 00:04:53,080
change starts to undermine traditional relationships, particularly the parent-child relationship.

40
00:04:53,760 --> 00:05:00,420
The introduction of telephones, automobiles, and radio all led to moral panic among adults

41
00:05:00,420 --> 00:05:05,720
of the time because the technology allowed children to enjoy more freedom.

42
00:05:06,660 --> 00:05:13,660
Fears over screen-based technology represent the most recent panic in response to technological change.

43
00:05:14,260 --> 00:05:22,360
But overall, the study found little evidence that time spent on screens was hurting social skills for most children.

44
00:05:23,600 --> 00:05:28,980
Questions 19-21 are based on the passage you have just heard?

45
00:05:28,980 --> 00:05:37,980
Question 19. What does the new study suggest about young people today and those from the previous generation?

46
00:05:52,060 --> 00:06:01,080
Question 20. What did the study find about children who access social networking sites many times a day?

47
00:06:14,840 --> 00:06:22,900
Question 21. What is adults worry about technological change?

48
00:06:36,460 --> 00:06:44,060
Passage 3. It's easy to spend all day searching for inspiration. You can find incredible

49
00:06:44,060 --> 00:06:51,800
videos, articles, and news stories about the success of others. The problem is that consuming

50
00:06:51,800 --> 00:06:58,640
the success and ideas of others is passive inspiration. Every time you read an article or listen

51
00:06:58,640 --> 00:07:04,900
to an interview, you're practicing passive inspiration. You might learn something, but you don't

52
00:07:04,900 --> 00:07:10,920
actually have to do anything. Hearing about other people's success isn't the same as creating

53
00:07:10,920 --> 00:07:18,140
your own. Instead, it is through the process of active inspiration, the act of creating things,

54
00:07:18,140 --> 00:07:22,280
Applying new ideas to our goals and making mistakes

55
00:07:22,280 --> 00:07:26,820
that we discover who we are and what is important to us.

56
00:07:27,340 --> 00:07:33,160
Furthermore, active inspiration is what results in long-term passion and enthusiasm.

57
00:07:34,080 --> 00:07:39,320
Watching someone else's success might leave you feeling excited for a few minutes.

58
00:07:40,020 --> 00:07:48,080
However, taking action and applying a new idea to your life will inspire you more than anything someone else could say.

59
00:07:48,820 --> 00:07:54,480
Learning and listening can help you think about things in a different way, but creating,

60
00:07:55,160 --> 00:08:02,760
producing, and experimenting is what drives you forward. Passive inspiration can give you ideas,

61
00:08:03,320 --> 00:08:09,980
but active inspiration will give you power. Too often we spend our lives consuming the world

62

00:08:09,980 --> 00:08:16,560
around us instead of creating it. And what matters is the power your actions have to inspire

63
00:08:16,560 --> 00:08:23,740
you. The best inspiration comes from the application of ideas, not the consumption of them.

64
00:08:24,200 --> 00:08:29,390
Questions 22 to 25 are based on the passage you have just heard.

65
00:08:30,380 --> 00:08:39,120
Question 22. What does the speaker say about inspiration from consuming others ideas and success stories?

66
00:08:53,340 --> 00:08:59,780
Question 23. What do we learn from the passage about active inspiration?

67
00:09:13,560 --> 00:09:20,320
Question 24. What does the passage say passive inspiration can do?

68
00:09:34,439 --> 00:09:41,440
Question 25. Where does the best inspiration come from, according to the passage?

69
00:09:55,840 --> 00:09:59,000
That's the end of listening comprehension.
