Parenting brings fathers more joy than it does mothers,according to a new study.The research examined three studies __26__ more than 18,000 participants.Across all three, parenthood was _27__ with more positive wellbeing outcomes for dads than for mums.

So why are fathers happier than mothers?"Fathers may fare better than mothers in part due to how they spend time with their children,"said lead author Katherine Nelson-Coffey. In one study,the authors __28__ that dads were more likely to take “playing” as an __29__ activity both when caring for their kids and spending time with their kids. “Playing with their children likely offers parents opportunities to experience positive feelings and __30__ closeness with their children,"they say.

Fathers also did better than men without kids,reporting greater happiness,life satisfaction,and fewer __31__ symptoms.They also reported greater connectedness and autonomy(自主).For mums, __32__,compared to women without children,the results weren't quite as positive.Mums reported greater autonomy,but also “greater trouble"and fewer positive __33__

Mums reported happier moods while interacting with their kids,compared to other experiences,but not while engaging __34__ in childcare. “This difference suggests that how mothers and fathers spend time with their children might have important __35__ for their wellbeing,"the authors write.They suspect that mums may be less happy than dads because they're more likely to have higher expectations about parenthood.As such,they're more likely to be"let down"by the experience.

News Transcript (EN)

1
00:00:00,880 --> 00:00:23,300
College English Test, Band 4, Part 2, Listening Comprehension, Section A, Directions. In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions, both the news report and the questions will be spoken only once.

2
00:00:23,300 --> 00:00:29,440
After you hear a question, you must choose the best answer from the four choices marked

3
00:00:29,440 --> 00:00:37,000
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:37,000 --> 00:00:38,060
through the center.

5
00:00:39,340 --> 00:00:46,020
News report 1 The World Pipe Band Championships will take place in Glasgow on Saturday.

6
00:00:46,640 --> 00:00:51,740
Over 120 of the world's best-pipe bands will compete at the championships.

7
00:00:51,740 --> 00:00:58,540
trips. Over 4,000 pipers and drummers are expected to descend on the city for the annual event.

8
00:00:59,140 --> 00:01:05,680
It will take place at the St. James Plain Fields in Glasgow on Saturday 18 May from 10

9
00:01:05,680 --> 00:01:13,000
A.M. until 7 p.m. The event is free. Also, a free shuttle bus will run between the event

10
00:01:13,000 --> 00:01:19,640
car parks and the competition site. Shuttle buses will run every 15 minutes from 8 a.m.

11
00:01:19,640 --> 00:01:21,260
until 8pm.

12
00:01:22,300 --> 00:01:28,660

Glasgow City Council says it is estimated to bring 300,000 pounds to the local economy.

13
00:01:29,400 --> 00:01:34,160
The first World Pipe Band Championships were held in Edinburgh in 1947.

14
00:01:34,940 --> 00:01:38,200
The event first took place in Glasgow in 1948.

15
00:01:38,780 --> 00:01:42,460
It has been held regularly in Glasgow since 1986.

16
00:01:43,860 --> 00:01:48,220
Questions 1 and 2 are based on the news report you have just heard.

17
00:01:48,220 --> 00:01:53,120
Question 1. What event will take place in Glasgow?

18
00:02:08,120 --> 00:02:13,800
Question 2. What does Glasgow City Council say the event will do?

19
00:02:28,280 --> 00:02:35,940
New report 2. Summer doesn't begin for two more days, but scientists are already sounding

20
00:02:35,940 --> 00:02:42,400
the alarm about dangerous ice melts going on right now in Greenland. The vast island

21
00:02:42,400 --> 00:02:49,120
usually locks away enough fresh water in its ice sheet, which, if melted, can raise global

22
00:02:49,120 --> 00:02:51,180
sea levels by 6 meters.

23
00:02:51,920 --> 00:02:57,640
And research shows that in recent years, its ice has melted faster than ever before.

24
00:02:58,100 --> 00:03:04,220
This month, as temperatures in northwestern Greenland approach all-time highs, researchers

25

00:03:04,220 --> 00:03:09,320
are encountering unusual, surprising levels of melting ice in the region.

26
00:03:09,320 --> 00:03:16,540
The most significant concern here is how early this is all happening. Greenland experiences

27
00:03:16,540 --> 00:03:23,060
annual ice melt and growth cycles, but this year the melting season began in early May.

28
00:03:23,960 --> 00:03:29,640
That's a month earlier than normal, and something that's happened only once before in the

29
00:03:29,640 --> 00:03:38,080
historical record in 2016. That means that not only is the ice melting very fast, it has more

30
00:03:38,080 --> 00:03:42,360
time to melt this summer, then it would in a normal climate system.

31
00:03:43,160 --> 00:03:48,680
Longer melt seasons like this one seem to lead to much greater contributions to see

32
00:03:48,680 --> 00:03:51,240
level rise than in previous decades.

33
00:03:52,160 --> 00:03:56,500
Questions 3 and 4 are based on the news report you have just heard.

34
00:03:57,300 --> 00:03:58,140
Question 3.

35
00:03:58,800 --> 00:04:01,620
What is scientists warning in the news report?

36
00:04:16,500 --> 00:04:22,140
Question 4. What do we learn about this year's ice melting season in Greenland?

37
00:04:36,919 --> 00:04:43,760
News Report 3 Bundles containing thousands of pounds in cash keep turning up on the streets

38
00:04:43,760 --> 00:04:48,120
of black hall-collarry in northern England according to police.

39
00:04:48,120 --> 00:04:54,460
Residents of the village have been coming across bundles of 20-pound notes, usually worth

40
00:04:54,460 --> 00:04:58,820
2,000 pounds, in the former mining village in County Durham.

41
00:04:59,580 --> 00:05:04,520
The latest discovery was on Monday, meaning four of these cash bundles have been handed

42
00:05:04,520 --> 00:05:08,140
in this year, and 13 since 2014.

43
00:05:09,120 --> 00:05:13,580
The bundles are usually left in plain sight and have been scattered across the small

44
00:05:13,580 --> 00:05:14,560
coastal village.

45
00:05:14,560 --> 00:05:20,700
The owner has two weeks to collect the cash, which is then returned to the finder if not claimed,

46
00:05:21,120 --> 00:05:23,100
according to Peter Lee police.

47
00:05:23,840 --> 00:05:30,400
A Durham police spokesperson said the money has been returned to the lucky finders in all cases except yesterday.

48
00:05:31,220 --> 00:05:33,900
Policeman John Forster said in the statement,

49
00:05:34,480 --> 00:05:42,580
the circumstances remain a mystery, so we would welcome any information that will help us get to the bottom of these random incidents.

50
00:05:42,580 --> 00:05:48,880

He told the Northern Echo, it isn't an affluent part of the world, so for them to find

51
00:05:48,880 --> 00:05:54,340
cash of that amount, and instantly think about taking it to the police stations shows the

52
00:05:54,340 --> 00:05:56,540
community spirit there is.

53
00:05:56,860 --> 00:06:01,260
Questions 5-7 are based on the news report you have just heard?

54
00:06:01,700 --> 00:06:02,800
Question 5.

55
00:06:03,100 --> 00:06:05,960
What happened on the streets of Black Hall, Coloring?

56
00:06:21,020 --> 00:06:27,760
Question 6. What do the local police do with the money if not claimed in two weeks?

57
00:06:42,660 --> 00:06:48,300
Question 7. What did the police man John Forster say about the villagers?

Conversations (EN)

1
00:00:01,720 --> 00:00:11,380
Section B, directions. In this section, you will hear two long conversations. At the end of each conversation, you will hear four questions.

2
00:00:12,040 --> 00:00:23,640
Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C, and D.

3
00:00:23,640 --> 00:00:29,600
Then, mark the corresponding letter on answer sheet 1 with the single line through the center.

4
00:00:30,720 --> 00:00:32,000
Conversation 1

5
00:00:32,000 --> 00:00:35,300
It's your birthday next week. What have you got planned?

6
00:00:35,900 --> 00:00:41,840
I'm not sure. I often feel strange on my birthday. It's like my brain decides to have a crisis.

7
00:00:42,520 --> 00:00:47,140
It's not entirely unusual to feel anxious or sad around your birthday.

8
00:00:47,860 --> 00:00:53,460
Birthdays can tap into a lot of things people worry about, including their achievements in life,

9
00:00:53,940 --> 00:00:57,920
in the past decade, or their accomplishments of the past year.

10
00:00:58,440 --> 00:01:03,920
Many begin to search for the meaning of their existence, leading to behaviors such as ending

11
00:01:03,920 --> 00:01:09,980
or starting a relationship, or plans like starting a vigorous diet or fitness program.

12
00:01:10,440 --> 00:01:16,340

I have wonderful friends, and I love celebrating their birthdays, but I don't like being

13
00:01:16,340 --> 00:01:20,100
center of attention, receiving gifts and having a fuss made.

14
00:01:20,600 --> 00:01:23,300
It seems to trigger a type of social anxiety.

15
00:01:23,980 --> 00:01:29,400
I think social media too can intensify things as birthdays now play out more publicly.

16
00:01:30,160 --> 00:01:35,160
Birthday reminders can be helpful, but I kind of worry I won't be able to drum up my

17
00:01:35,160 --> 00:01:38,940
own day and show it to look as exciting as it is supposed to be.

18
00:01:39,260 --> 00:01:43,640
Well, to deal with the birthday blues, you should not isolate yourself.

19
00:01:43,640 --> 00:01:47,860
It's best to gradually face your birthday with people you trust.

20
00:01:48,300 --> 00:01:53,040
That would help you learn self-acceptance, or that it's okay to be the focus.

21
00:01:54,060 --> 00:01:59,120
Perhaps, or I could perceive my birthday as an opportunity to do something for others,

22
00:01:59,380 --> 00:02:02,940
like asking people to make a donation instead of buying a gift.

23
00:02:03,700 --> 00:02:03,840
Exactly.

24
00:02:04,340 --> 00:02:10,460
Or even simply see your birthday as an opportunity to bring people together for them to have fun.

25

00:02:10,460 --> 00:02:15,600
Questions 8 to 11 are based on the conversation you have just heard.

26
00:02:16,400 --> 00:02:17,200
Question 8.

27
00:02:17,700 --> 00:02:20,080
How does the man often feel on his birthday?

28
00:02:34,840 --> 00:02:36,360
Question 9.

29
00:02:36,360 --> 00:02:40,440
What does the women say many people tend to do on their birthday?

30
00:02:55,540 --> 00:02:59,380
Question 10. What does the man say about birthday celebrations?

31
00:03:14,540 --> 00:03:20,000
Question 11. What does the woman suggest the man do about his birthday celebration

32
00:03:20,000 --> 00:03:22,060
at the end of the conversation?

33
00:03:38,200 --> 00:03:42,640
Conversation 2 The Metro was absolutely terrible this morning.

34
00:03:43,020 --> 00:03:44,560
Oh, was there a delay?

35
00:03:45,140 --> 00:03:51,120
No, but the train was so packed that I could barely move, and it was difficult to breathe, too.

36
00:03:51,440 --> 00:03:56,660
At every station, more people squeezed in, and I got pushed further and further inside.

37
00:03:57,100 --> 00:03:59,640
When I got to my station, I could hardly get out.

38
00:04:00,060 --> 00:04:02,600
Once I did get out, I was totally exhausted.

39
00:04:03,240 --> 00:04:04,840
That sounds like a nightmare.

40
00:04:04,840 --> 00:04:06,840
Why didn't you take the bus?

41
00:04:07,240 --> 00:04:10,580
The bus takes twice as long, and it's just as crowded.

42
00:04:11,420 --> 00:04:14,300
Well, what's the alternative? Haven't you got a car?

43
00:04:14,780 --> 00:04:17,380
I've got a driver's license, but that's all.

44
00:04:17,620 --> 00:04:21,000
I'm saving up to buy something reasonably small and cute,

45
00:04:21,320 --> 00:04:26,160
but it's still a bit expensive for me, and it'll take a while before I have enough money.

46
00:04:26,560 --> 00:04:28,900
Have you thought about getting an electric motorbike?

47
00:04:29,400 --> 00:04:32,980
I considered that for maybe a minute, but honestly,

48
00:04:32,980 --> 00:04:38,400
I've just seen too many horrible accidents involving those dangerous monsters.

49
00:04:39,100 --> 00:04:43,140
What about those popular sharebikes? You could register to use one?

50
00:04:43,480 --> 00:04:49,620
Yeah, that's a possibility. There are always several of those bikes out in front of our apartment complex.

51
00:04:50,300 --> 00:04:52,160
Or you could just walk to work.

52
00:04:52,620 --> 00:04:57,980
Well, it's five kilometers from home to the office, but you've given me a thought.

53
00:04:57,980 --> 00:05:01,400
I could take a change of clothes and jog to work.

54
00:05:01,840 --> 00:05:05,400
But at this time of year, the air pollution is a real problem.

55
00:05:05,700 --> 00:05:07,940
Oh yeah, I didn't think of that.

56
00:05:08,180 --> 00:05:10,060
Yet a taxi if you really have to.

57
00:05:10,400 --> 00:05:13,140
Well, that's an expensive way to get to work.

58
00:05:13,660 --> 00:05:15,580
Not if you use a ride-sharing app.

59
00:05:15,920 --> 00:05:16,600
Good idea.

60
00:05:17,040 --> 00:05:18,300
I'll download one immediately.

61
00:05:18,980 --> 00:05:19,800
Thank you.

62
00:05:20,460 --> 00:05:24,940
Questions 12 to 15 are based on the conversation you have just heard.

63
00:05:25,560 --> 00:05:26,460

Question 12.

64
00:05:26,460 --> 00:05:29,700
What does the woman say about her subway ride?

65
00:05:44,720 --> 00:05:48,760
Question 13. Why hasn't the woman got her own car?

66
00:06:03,500 --> 00:06:08,600
Question 14. What does the woman say about electric motorbikes?

67
00:06:23,520 --> 00:06:26,440
Question 15. How was the woman

68
00:06:26,440 --> 00:06:27,640
going to get to work.

Passages (EN)

1
00:00:01,780 --> 00:00:11,540
Section C, directions. In this section, you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:12,260 --> 00:00:24,260
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C, and D.

3
00:00:24,260 --> 00:00:29,840
Then marked the corresponding letter on answer sheet 1 with the single line through the center.

4
00:00:31,060 --> 00:00:32,360
Passage 1

5
00:00:32,360 --> 00:00:40,520
Steve Miller began his career in IT back in the late 1980s, being a deaf person in tech,

6
00:00:40,880 --> 00:00:43,740
required a huge amount of effort and organization.

7
00:00:44,720 --> 00:00:50,260
Because there was no email or text message service, everything had to be done face-to-face,

8
00:00:50,260 --> 00:00:57,020
or by telephone. Communicating in meetings was very difficult. He needed a sign language interpreter

9
00:00:57,020 --> 00:01:03,380
for every meeting, but it was a huge effort to coordinate. These days, although challenges

10
00:01:03,380 --> 00:01:10,180
still remain, it's a good time to be a deaf person in tech, says Miller. Big advances in speech

11
00:01:10,180 --> 00:01:17,340
recognition technology have enabled communication tools to turn live speech into text in real time

12
00:01:17,340 --> 00:01:22,420

on your smartphone or laptop, and sign language into text as well.

13
00:01:22,840 --> 00:01:29,200
New tech coupled with improvements in hearing aid technology and medical advances means that Miller

14
00:01:29,200 --> 00:01:32,040
is able to focus far more on his work.

15
00:01:32,740 --> 00:01:37,140
He is benefited to a great extent from a tiny hearing device in his ear.

16
00:01:37,520 --> 00:01:43,820
It gives him a degree of hearing, and he can use a variety of communication methods depending on the situation.

17
00:01:43,820 --> 00:01:49,820
He can employ lip reading and have meetings via video instead of on the phone.

18
00:01:50,320 --> 00:01:52,540
These things have made a huge difference.

19
00:01:53,040 --> 00:01:56,320
He no longer has to worry about whether or not he can understand.

20
00:01:57,100 --> 00:02:02,240
He can just concentrate on how interesting the meeting might be and what he needs to get

21
00:02:02,240 --> 00:02:03,980
out of it in order to progress.

22
00:02:05,460 --> 00:02:09,419
Question 16-18 are based on the passage you have just heard.

23
00:02:10,060 --> 00:02:10,860
Question 16.

24
00:02:10,860 --> 00:02:13,900
What do we learn about Steve Miller?

25

00:02:29,140 --> 00:02:30,080
Question 17.

26
00:02:31,060 --> 00:02:34,520
What does Miller say is making things better for people like him?

27
00:02:49,079 --> 00:02:50,880
Question 18.

28
00:02:51,640 --> 00:02:55,920
In what way can Miller benefit from attending meetings via video?

29
00:03:11,500 --> 00:03:12,780
Passage 2.

30
00:03:13,420 --> 00:03:15,440
Color is now spreading through our homes.

31
00:03:15,980 --> 00:03:21,240
Up-stair cases across wood frames and ceilings, filling in neutral spaces.

32
00:03:22,120 --> 00:03:27,520
According to one interior designer, when people return home, they want to see colors that

33
00:03:27,520 --> 00:03:29,400
cheer them up and give them a hug.

34
00:03:29,940 --> 00:03:32,640
Peer white walls simply don't do that.

35
00:03:32,920 --> 00:03:34,220
They don't look after you.

36
00:03:34,840 --> 00:03:40,360
Another interior designer commented that certain combinations can key into something on a

37
00:03:40,360 --> 00:03:46,280
per level, transporting you to a different moment in time. That's the power of color.

38
00:03:47,220 --> 00:03:51,840
If you are thinking to try color on some of your neutral walls, the advice is

39
00:03:51,840 --> 00:03:57,900
refreshingly simple. Choose a color you actually like. Don't go for a color because it's in

40
00:03:57,900 --> 00:04:04,160
fashion or you've seen it in a magazine. If you're wary of full color, test your tolerance

41
00:04:04,160 --> 00:04:10,080
with smaller spaces such as the inside of a cupboard or a bright window frame.

42
00:04:10,640 --> 00:04:15,240
If it gives you joy every time you open the cupboard you can start to take it further.

43
00:04:16,079 --> 00:04:20,959
One can also paint the wooden frame works the same color as the walls, helping the

44
00:04:20,959 --> 00:04:25,960
rooms look bigger. In the kitchen painting the overhead cupboards and the walls in the

45
00:04:25,960 --> 00:04:31,540
same color can make it feel more spacious while painting the kitchen counters a bold

46
00:04:31,540 --> 00:04:35,100
color can make everything feel more open and lighter.

47
00:04:36,380 --> 00:04:42,300
Additionally, a painted ceiling is a magical thing without being too obvious and can affect

48
00:04:42,300 --> 00:04:44,560
how the space feels as well.

49
00:04:45,160 --> 00:04:49,800
Questions 19-21 are based on the passage you have just heard.

50
00:04:50,560 --> 00:04:51,440
Question 19.

51
00:04:52,240 --> 00:04:56,020
What do people want upon returning home according to the passage?

52
00:05:11,120 --> 00:05:17,140
Question 20. What does the passage say people should avoid doing in home decoration?

53
00:05:32,240 --> 00:05:37,460
Question 21. What can one do to make a room look bigger?

54
00:05:52,760 --> 00:05:59,600
Passage 3. Parents often hear that reading to their children is critical for supporting development,

55
00:05:59,600 --> 00:06:06,000
and the message is getting through to them. In fact, in the United States, a little over half

56
00:06:06,000 --> 00:06:14,680
of children between the ages of 3 and 5 were read to every day in 2007 and 83% of children

57
00:06:14,680 --> 00:06:21,240
in that age group in the same country were read to 3 or more times per week in 2012.

58
00:06:22,160 --> 00:06:27,560
This is good news because reading to young children helps their language and brain development.

59
00:06:27,560 --> 00:06:34,240
In fact, recent research has found that both the quality and quantity of shared book

60
00:06:34,240 --> 00:06:39,380
reading in infancy predicted later childhood vocabulary and reading skills.

61
00:06:40,040 --> 00:06:45,760
In other words, the more time parents spend reading, the greater the developmental benefits

62
00:06:45,760 --> 00:06:47,440
in their four-year-old children.

63
00:06:48,160 --> 00:06:53,420

This is an important finding, but does it matter what books parents read?

64
00:06:53,420 --> 00:06:59,300
A new study has investigated this question, if followed infants across the second six months

65
00:06:59,300 --> 00:07:05,200
of life, and found that when parents showed babies' books that had faces or objects with

66
00:07:05,200 --> 00:07:07,820
specific labels, they learned more.

67
00:07:08,520 --> 00:07:14,260
This is in contrast to books that did not name images or books that had the same label under

68
00:07:14,260 --> 00:07:15,020
each image.

69
00:07:15,680 --> 00:07:19,980
Books that named different characters also promoted greater learning.

70
00:07:20,860 --> 00:07:22,620
So what does this mean for parents?

71
00:07:22,620 --> 00:07:30,900
Not all books are created equal, so parents need to choose the books they share with their children with a great care.

72
00:07:31,880 --> 00:07:41,860
Questions 22 to 25 are based on the passage you have just heard. Question 22. What does the passage say parents increasingly understand?

73
00:07:56,540 --> 00:08:02,820
Question 23. What can predict children's reading skills according to recent research?

74
00:08:17,659 --> 00:08:22,880
Question 24. What kind of books are said to help babies learn more?

75
00:08:37,600 --> 00:08:43,480
Question 25. What are parents advised to do at the end of the passage?

76
00:08:58,300 --> 00:09:00,780
That's the end of listening comprehension.
