7. **Why do a lot of people come to the village of Tacotna every March?**

   A. It is the best time for sightseeing.

   B. A race passes through it annually.

   C. They come to clean the Iditarod Trail.

   D. It is when the villagers choose a queen.

8. **What is the village of Takatna famous for?**

   A. Its children's baking skills.

   B. Its unique winter scenery.

   C. Its tasty fruit pies.

   D. Its great food variety.

9. **Who comes to help with the event of the year?**

   A. The contestants.

   B. The entire village.

   C. Jan Newton and her friends.

   D. People from the state of Idaho.

10. **What does the passage say about Jan Newton?**

    A. She owned a restaurant in Idaho.

    B. She married her husband in 1972.

    C. She went to Alaska to compete in a race.

    D. She helped the village to become famous.

阅读 (Reading)

Section A word_fill

选词填空

Most animals seek shade when temperatures in the Sahara Desert soar to 120 degrees Fahrenheit. But for the Saharan silver ant, __26__ from their underground nests into the sun’s brutal rays to __27__
for food, this is the perfect time to seek lunch. In 2015 these ants were joined in the desert by scientists
from two Belgian universities, who spent a month in the __28__ heat tracking the ants and digging out their nests. The goal was simple, to discover how the __29__ adapted to the kind of heat that can __30__
melt the bottom of shoes.
Back in Belgium, the scientists looked at the ants under an electronic microscope and found that their __31__ , triangular hair reflects light like a prism (棱镜), giving them a metallic reflection and protecting them from the sun’s awful heat. When Ph. D. student Quentin Willot __32__ the hair from an
ant with a __33__ knife and put it under a heat lamp, its temperature jumped.
The ants’ method of staying cool is __34__ among animals. Could this reflective type of hair protect people? Willot says companies are interested in __35__ these ants’ method of heat protection for
human use, including everything from helping to protect the lives of firefighters to keeping homes cool in
summer.

Word Bank:

- adapting
- consciously
- crawling
- crowded
- extreme
- hunt
- literally
- moderate
- remote
- removed
- species
- specimens
- thick
- tiny
- unique

Section B paragraph_matching

段落匹配

Section C reading_comprehension

阅读理解

写作 (Writing)

Directions: For this part, you are allowed 30 minutes to write an essay titled “Are people becoming addicted to technology?” The statement given below is for your reference. You should write at least 120 words but no more than 180 words. Numerous studies claim that addiction to technology is real and it has the same effect on the brain as drug addiction.

建议时间：30 分钟 | 字数：120-180 | 分值：15

作答区

翻译 (Translation)

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English.

铁观音(Tieguanyin)是中国最受欢迎的茶之一， 原产于福建省安溪县西坪镇， 如今安溪全县普遍种植， 但该县不同地区生产的铁观音又各具风味。 铁观音一年四季均可采摘， 尤以春秋两季采摘的茶叶品质最佳。铁观音的加工非常复杂， 需要专门的技术和丰富的经验。铁观音含有多种维生素， 喝起来口感独特。 常饮铁观音有助于预防心脏病、 降低血压、 增强记忆力。

News Transcript (EN)

1
00:00:00,000 --> 00:00:09,540
College English Test Band 4, Part 2, Listening Comprehension, Section A, Directions.

2
00:00:10,860 --> 00:00:18,520
In this section, you'll hear three news reports. At the end of each news report, you'll hear two or three questions.

3
00:00:18,520 --> 00:00:23,600
Both the news report and the questions we spoken only once.

4
00:00:24,340 --> 00:00:29,820
After you hear a question, you must choose the best answer from the four choices marked

5
00:00:29,820 --> 00:00:38,020
A, B, C and D. Then mark the corresponding letter on answer sheet 1 with a single line

6
00:00:38,020 --> 00:00:39,160
through the center.

7
00:00:40,620 --> 00:00:42,440
News report 1.

8
00:00:42,440 --> 00:00:49,500
And finally, in tonight's news, a nine-year-old boy named Joe, told not to draw in class,

9
00:00:49,940 --> 00:00:53,420
Lianza job decorating a restaurant with his drawings.

10
00:00:54,240 --> 00:00:58,280
Rather than shutting down the habit of drawing in his school's workbook,

11
00:00:58,740 --> 00:01:05,800
Joe's parents decided to encourage his creativity by sending their son to an after-school art class.

12
00:01:06,320 --> 00:01:11,100
His teacher recognized Joe's talent, and posted all his work online,

13
00:01:11,100 --> 00:01:14,020
Which led to something pretty wonderful.

14
00:01:14,980 --> 00:01:21,220
A restaurant named Number Four in Newcastle contacted Jose teacher to ask if the nine year old

15
00:01:21,220 --> 00:01:24,680
could come and decorate its dining room with his drawings.

16
00:01:25,680 --> 00:01:31,920
Every day after school, Jose dad drives him to the restaurant so he can put his ideas straight

17
00:01:31,920 --> 00:01:32,600
on the wall.

18
00:01:33,320 --> 00:01:36,560
Once he's all done, the work will remain there permanently.

19
00:01:37,340 --> 00:01:43,740
Joe's dad said, Joe is a really talented little boy. He's excellent at school. He's

20
00:01:43,740 --> 00:01:49,560
great at football. But drawing is definitely what he is most passionate about.

21
00:01:50,340 --> 00:01:57,960
2. A based on the news report you have just heard. Question 1. What did Joe's parents

22
00:01:57,960 --> 00:01:59,040
decide to do?

23
00:02:13,220 --> 00:02:19,400
Question 2. What are the restaurants number 4? Do.

24
00:02:32,940 --> 00:02:35,000
News Report 2.

25
00:02:35,480 --> 00:02:42,260
Cirstine Marshall, a 34-year-old mum of one, posted a tearful video on social media Wednesday,

26
00:02:42,780 --> 00:02:46,040
begging for the safe return of her beloved pet dog.

27
00:02:46,040 --> 00:02:53,480
After combing through the security video outside, a gobel's shop, Kirstine has now posted an

28
00:02:53,480 --> 00:02:56,220
image of a man suspected of stealing the dog.

29
00:02:57,060 --> 00:03:00,820
The image appears to show a man carrying the dog in his arms.

30
00:03:01,600 --> 00:03:06,700
Kirstine also believes the video obtained from the shop shows the dog being stoned and by

31
00:03:06,700 --> 00:03:10,840
a man before driving off in a car which had been waiting nearby.

32
00:03:10,840 --> 00:03:18,380
The family is now offering a £5,000 reward for the safe return of the dog after launching

33
00:03:18,380 --> 00:03:21,400
a social media campaign to find the thief.

34
00:03:22,120 --> 00:03:27,260
The dog is six and a half years old and was last seen wearing a red collar.

35
00:03:28,000 --> 00:03:33,400
Kirstine said, we will pay that to anyone who brings him home as long as they are not

36
00:03:33,400 --> 00:03:34,980
responsible for his disappearance.

37
00:03:36,060 --> 00:03:38,460
Please, are investigating the incident.

38
00:03:39,520 --> 00:03:44,200

Question 3 and 4 are based on the news report you have just heard.

39
00:03:45,020 --> 00:03:46,100
Question 3.

40
00:03:46,600 --> 00:03:50,460
What is Christine Marshall trying to do?

41
00:04:03,420 --> 00:04:09,140
Question 4. What does the news report say about Christine Marshall's family?

42
00:04:24,120 --> 00:04:26,200
News Report 3.

43
00:04:26,880 --> 00:04:35,240
London's eggs and bread cafe offers boiled eggs, toast, jam and bacon, as well as tea, coffee,

44
00:04:35,820 --> 00:04:36,900
and orange juice.

45
00:04:37,400 --> 00:04:41,500
But at the end of the meal, customers don't have to worry about the bill.

46
00:04:42,280 --> 00:04:47,980
Hungry customers can pay whatever amount they can afford to eat at the cafe or nothing

47
00:04:47,980 --> 00:04:48,660
at all.

48
00:04:48,660 --> 00:04:55,240
Owner, Guy Wilson, says his cafe aims to build community rather than profits.

49
00:04:55,940 --> 00:05:01,380
He wants to provide a bridge for people to connect, in an area that has been divided by

50
00:05:01,380 --> 00:05:04,860
class and wealth, by providing affordable breakfast.

51

00:05:06,280 --> 00:05:11,540
The cafe is open in the mornings every day of the year, and has two members of staff

52
00:05:11,540 --> 00:05:14,160
or supervisors on shift every day.

53
00:05:14,160 --> 00:05:21,280
The cafe doesn't use volunteers, but pays its staff to ensure consistency in its service.

54
00:05:22,100 --> 00:05:25,980
It doesn't take donations, and doesn't want to be seen as a charity.

55
00:05:27,020 --> 00:05:32,460
Mr. Wilson says when people start to know other people around them, they realize they're

56
00:05:32,460 --> 00:05:38,140
not that different, and whatever their financial background, or their educational background,

57
00:05:38,740 --> 00:05:41,500
most people will have something in common with each other.

58
00:05:41,500 --> 00:05:48,100
He says it's important that his cafe can offer his customers security and permanence.

59
00:06:12,320 --> 00:06:18,140
Question 6. What does the news reports say about eggs and bread cafe?

60
00:06:32,880 --> 00:06:38,620
Question 7 What happens when people start to know each other according to Guy Wilson?

Conversations (EN)

1
00:00:01,579 --> 00:00:16,920
Section B, Directions. In this section you will hear two long conversations. At the end of each conversation you will hear four questions. Both the conversation and the questions will be spoken only once.

2
00:00:16,920 --> 00:00:22,820
After you hear a question, you must choose the best answer from the four choices marked

3
00:00:22,820 --> 00:00:31,720
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:33,720 --> 00:00:34,920
Conversation 1.

5
00:00:35,380 --> 00:00:38,340
So what time do you think we should have the party on Saturday?

6
00:00:39,120 --> 00:00:46,400
How about inviting people to come at 6 p.m. then we'll have the afternoon to prepare food and drink and stuff like that.

7
00:00:46,400 --> 00:00:50,120
Yes, I was thinking that around six would be good too.

8
00:00:50,540 --> 00:00:52,080
What food should we provide?

9
00:00:52,620 --> 00:00:55,740
Well, I had thought about baking a cake and some biscuits.

10
00:00:56,520 --> 00:01:01,720
And now I think we should prepare some sandwiches and snacks, and some other kinds of food,

11
00:01:01,940 --> 00:01:03,840
so that people can just help themselves.

12
00:01:04,620 --> 00:01:07,920

Rather than getting everyone to sit down at the table to eat a meal,

13
00:01:08,500 --> 00:01:10,100
I think that's a bit too formal.

14
00:01:10,920 --> 00:01:15,440
It's better to let people walk around and talk to each other, or sit where they like.

15
00:01:16,380 --> 00:01:22,540
Yes, that sounds good. I'll go to the supermarket to get some drinks. I think I might

16
00:01:22,540 --> 00:01:28,560
try that big new supermarket on the other side of town and see what they have. I've

17
00:01:28,560 --> 00:01:34,780
not been there before. I think we should get some beer and wine and some fruit juice and

18
00:01:34,780 --> 00:01:40,100
other soft drinks. What do you think? Sounds great. I think those drinks will be enough.

19
00:01:40,100 --> 00:01:45,520
And I heard that the new supermarket offers some big discounts to attract customers,

20
00:01:46,340 --> 00:01:48,400
so going there should be a great idea.

21
00:01:49,180 --> 00:01:50,460
What should we do about music?

22
00:01:51,740 --> 00:01:56,340
Maybe we should ask Paul to bring his computer and speakers so that we can play some music.

23
00:01:56,680 --> 00:01:59,200
He has a great collection of different stuff.

24
00:01:59,580 --> 00:02:00,560
Yes, alright.

25

00:02:01,960 --> 00:02:05,660
Questions 8 to 11 are based on the conversation you have just heard.

26
00:02:06,520 --> 00:02:07,440
Question 8.

27
00:02:07,440 --> 00:02:12,700
What are the speakers mainly talking about?

28
00:02:25,780 --> 00:02:33,660
Question 9. Why does the woman say it is good idea to serve foods that guests can help themselves to?

29
00:02:48,000 --> 00:02:53,660
Question 10. What does the woman say about the new supermarket?

30
00:03:09,120 --> 00:03:14,440
Question 11. What is the man suggest they ask Paul to do?

31
00:03:31,120 --> 00:03:37,180
I'm thinking of buying a car. I wouldn't need to use it every day, but I think it would

32
00:03:37,180 --> 00:03:39,880
be very convenient to have one for the weekends.

33
00:03:39,880 --> 00:03:43,860
That's exciting. Would this be your first car?

34
00:03:44,400 --> 00:03:53,160
No. I actually owned a car for a little while when I lived in Miami. You see, in America, many cities don't have good public transport.

35
00:03:53,940 --> 00:03:56,940
So most people need their own car to get around.

36
00:03:57,740 --> 00:04:02,460
I see. So have you got your mindset on a specific model?

37
00:04:02,460 --> 00:04:09,600
No, not really. I've heard that German cars are very reliable, but I haven't decided

38
00:04:09,600 --> 00:04:15,900
on a specific model yet. I'd also like it to be small so that it's easy to drive in

39
00:04:15,900 --> 00:04:16,440
the city.

40
00:04:17,399 --> 00:04:23,420
I have a friend who sells secondhand cars. In fact, I think his family owns the business.

41
00:04:23,960 --> 00:04:29,480
He's a really nice guy, and he knows a lot about cars. I could give you his phone number

42
00:04:29,480 --> 00:04:33,400
if you want, and you could call him and ask him questions.

43
00:04:34,240 --> 00:04:39,400
Hmm, that's nice of you, but I don't want to feel obliged to buy one of his cars.

44
00:04:40,240 --> 00:04:45,740
Oh no, he's not like that. He's a good friend of mine, and he would never try to press you,

45
00:04:46,000 --> 00:04:47,060
or cheat you.

46
00:04:47,520 --> 00:04:53,880
Well, if you trust him, then I guess it should be okay. To be honest, I could use some help

47
00:04:53,880 --> 00:04:57,540
deciding what type of vehicle would best suit my needs.

48
00:04:58,260 --> 00:05:00,600
Speaking to an expert would be a good idea.

49
00:05:01,300 --> 00:05:07,760
Exactly. You have nothing to worry about. He's a lovely guy and he'll be happy to

50
00:05:07,760 --> 00:05:08,320

help.

51
00:05:09,020 --> 00:05:13,640
Questions 12-15 are based on the conversation you have just heard.

52
00:05:14,520 --> 00:05:18,660
Question 12. Why does the woman want to have a car?

53
00:05:33,539 --> 00:05:38,600
Question 13. What does the woman say about German cars?

54
00:05:53,880 --> 00:05:59,140
Question 14. What does the man recommend the woman do?

55
00:06:14,000 --> 00:06:19,140
Question 15. What do we learn about the man's friend from the conversation?

Passages (EN)

1
00:00:01,519 --> 00:00:29,260
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line through the center.

2
00:00:30,520 --> 00:00:37,560
Passage 1. Pigs are not native to North America. They were first introduced to California

3
00:00:37,560 --> 00:00:44,220
by Spanish and Russian explorers and settlers many centuries ago. In the early times,

4
00:00:44,740 --> 00:00:50,120
Pigs were allowed to wander freely in search of food. This practice also allowed many

5
00:00:50,120 --> 00:00:56,280
pigs to escape from farms and live in the world which became a problem. In fact,

6
00:00:56,280 --> 00:01:00,840
They are one of the most damaging invasive species on the continent.

7
00:01:01,720 --> 00:01:06,180
Wild pigs are called millions of dollars in crop damage yearly.

8
00:01:06,880 --> 00:01:12,240
They also harbor dozens of diseases that threaten both humans and farm animals.

9
00:01:13,580 --> 00:01:19,060
Forest patches with wild pigs have been found to have considerably reduced plant and animal

10
00:01:19,060 --> 00:01:19,760
diversity.

11
00:01:19,760 --> 00:01:26,360
In addition to either eating other animals or their food supply, wild pigs damage native

12

00:01:26,360 --> 00:01:30,440
habitats by rooting up grasses and rubbing on trees.

13
00:01:31,500 --> 00:01:38,180
Their activities may also create opportunities for invasive plants to colonize these areas.

14
00:01:38,820 --> 00:01:43,140
Wild pigs will eat almost anything containing calories.

15
00:01:43,140 --> 00:01:49,560
That's nice, dear, birds, snakes, and frogs are among their victims.

16
00:01:50,720 --> 00:01:56,820
They can also harm other wild species through indirect competition rather than eating them

17
00:01:56,820 --> 00:01:58,480
or shrinking their food supply.

18
00:01:59,280 --> 00:02:05,700
On one particular United States island, wild pigs themselves became an attractive food source

19
00:02:05,700 --> 00:02:07,740
for a species of mainland eagle.

20
00:02:07,740 --> 00:02:14,880
The Eagles began breeding on the island and also feeding on a species of native fox.

21
00:02:15,600 --> 00:02:18,300
The foxes were almost wiped out completely.

22
00:02:19,720 --> 00:02:24,000
Question 16 to 18 are based on the passage you have just heard.

23
00:02:25,020 --> 00:02:26,040
Question 16.

24
00:02:27,020 --> 00:02:30,100
What do we learn about early pigs in North America?

25
00:02:45,120 --> 00:02:50,580
Question 17. Why are wild pigs a threat to humans?

26
00:03:05,820 --> 00:03:12,340
Question 18. What does the passage say about the native foxes on a US island?

27
00:03:28,200 --> 00:03:34,660
Passage 2. A pair of entrepreneurs are planning to build and launch a spacecraft that

28
00:03:34,660 --> 00:03:41,440
would carry and roast coffee beans in outer space. The craft will use the heat of re-entry

29
00:03:41,440 --> 00:03:48,200
to roast coffee beans as they float inside it in a pressurized tank. The effect would

30
00:03:48,200 --> 00:03:52,280
to roast the beans all over and produce perfect coffee.

31
00:03:53,400 --> 00:03:58,500
The businessmen say that on earth beans can easily break apart and get burned in the

32
00:03:58,500 --> 00:03:58,920
roaster.

33
00:03:59,680 --> 00:04:06,480
But if gravity is removed, the beans float around in a heated oven, receive 360 degrees

34
00:04:06,480 --> 00:04:11,000
of evenly distributed heat, and roast to near perfection.

35
00:04:12,080 --> 00:04:15,700
The spacecraft will reach a height of around 200 kilometers.

36
00:04:15,700 --> 00:04:23,100
The beans would then be roasted in the heat generated by the crafts 20 minute re-entry into Earth's atmosphere.

37
00:04:24,220 --> 00:04:29,020
Temperatures in the pressurized tank will be kept to around 200 degrees Celsius.

38
00:04:30,200 --> 00:04:36,260
Once back on Earth, the planets first space-roasted beans would be used to make coffee

39
00:04:36,260 --> 00:04:42,180
that would be sold for the first time in Dubai. This is where the pair's company is based.

40
00:04:42,180 --> 00:04:45,660
It is not clear how much they would charge for a cap.

41
00:04:46,440 --> 00:04:50,320
Surprisingly, the space roaster concept should it go ahead

42
00:04:50,320 --> 00:04:53,900
will not be the first attempt to take coffee into space.

43
00:04:54,660 --> 00:05:01,820
In 2015, two Italian companies collaborated on the construction of a similar type of spacecraft,

44
00:05:02,620 --> 00:05:06,480
which was the first coffee machine designed for use in space.

45
00:05:07,460 --> 00:05:18,560
Question 19-21 are based on the passage you have just heard. Question 19. What are a pair of entrepreneurs planning to do?

46
00:05:32,580 --> 00:05:38,760
Question 20. What does the passage say about coffee beans roasted on earth?

47
00:05:53,219 --> 00:05:59,660
Question 21. What did the two Italian companies do in 2015?

48
00:06:14,520 --> 00:06:22,540
Passage 3. In cold and snowy Alaska, there's a village called Takotna. It has a population

49
00:06:22,540 --> 00:06:30,980
of a mere 49 souls. Each March, this tiny village swells up in numbers because it is located

50

00:06:30,980 --> 00:06:37,660
in the middle of a race that takes place every year. It is a seven-day race called the

51
00:06:37,660 --> 00:06:46,080
Iditerod Trail and participants stop at Takotna for their bligatory 24-hour rest. Lucky

52
00:06:46,080 --> 00:06:50,640
For them, Tacotna is famous for its delicious fruit pies.

53
00:06:51,600 --> 00:06:57,220
Weaks before the competitors arrive, the residents of Tacotna start preparing for what

54
00:06:57,220 --> 00:07:00,800
is without question their biggest event of the year.

55
00:07:01,580 --> 00:07:07,420
The whole village chips into help, including the kids, who end up developing their baking

56
00:07:07,420 --> 00:07:09,160
skills at an early age.

57
00:07:09,160 --> 00:07:16,860
The exhausted and hungry racers are greeted with delightful pies of all kinds, such as apple,

58
00:07:17,600 --> 00:07:26,100
orange, lemon or banana. They consume the pies as stomach warming race fuel. The toughness

59
00:07:26,100 --> 00:07:31,220
of the race allowed racers to eat pretty much whatever they want. The more calories

60
00:07:31,220 --> 00:07:32,060
the better.

61
00:07:32,060 --> 00:07:39,540
To Cotna has gained a reputation for its dessert-based hospitality since the 1970s.

62
00:07:39,860 --> 00:07:42,860
It's starter with one person, Jan Newton.

63
00:07:43,980 --> 00:07:49,560
Jan moved from Idaho with her husband in 1972, an open-to-restrant.

64
00:07:50,380 --> 00:07:55,740
Her rich and filling fruit pies quickly got the racers' attention, and the village gained

65
00:07:55,740 --> 00:07:57,520
some fame as a result.

66
00:07:57,520 --> 00:08:03,460
Proud residents then started to refer to Jan as Queen of Tacotna.

67
00:08:32,100 --> 00:08:38,840
Question 23 What is the village of Takatna famous for?

68
00:08:53,180 --> 00:08:58,340
Question 24. Who comes to help with the event of the year?

69
00:09:12,960 --> 00:09:18,860
Question 25. What does the passage say about Jan Newton?

70
00:09:34,060 --> 00:09:35,900
That's the end of listing comprehension.
