Section A word_fill

选词填空

Many people believe that passion and commitment are the foundations of strong romantic relationships. But a relationship is made of two __26__ individuals. And the personality traits（特性）these individuals __27__ or lack can often make a relationship more-or less-likely to __28__. Recent research has found that one trait in particular-humility（谦逊）-is an important indicator of successful relationships.

Humility can sometimes be __29__ with a lack of confidence. But researchers have come to realize that being humble generally indicates the __30__ of deeply admirable personal qualities. Being humble means you have the ability to accurately __31__ your deficiencies without denying your skills and strengths. For example， you might recognize that you are intelligent， but realize that you are not a __32__. Thus， humility leads to an honest view of one's own advantages and shortcomings. Humble people do not ignore, avoid, or try to deny their limits or deficiencies. They can __33__ mistakes, see value in things that are far from perfect and identify areas for improvement.

Perhaps it is not __34__ , then, that humility appears to be a huge asset to relationships. One study found that people tend to rate this quality __35__ in their spouse. The study also found that someone who is humble is more likely to initiate a romantic relationship, perhaps because they are less likely

to see themselves as "too good"for someone else. Thus,a humble partner might be your ideal partner.

1
00:00:00,000 --> 00:00:09,940
College English Test, Band 4, Part 2, Listening comprehension, Section A, Directions.

2
00:00:10,700 --> 00:00:19,400
In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions.

3
00:00:19,940 --> 00:00:29,980
Both the news reports and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four

4
00:00:29,980 --> 00:00:38,560
choices marked A, B, C, and D, then marked the corresponding letter on answer sheet 1 with

5
00:00:38,560 --> 00:00:41,100
a single line through the center.

6
00:00:41,820 --> 00:00:43,120
News report 1.

7
00:00:43,520 --> 00:00:49,220
United Airlines has apologized for mistakenly shipping an American family's pet dog thousands

8
00:00:49,220 --> 00:00:51,900
of miles in the wrong direction to Japan.

9
00:00:52,640 --> 00:00:59,280
The dog owners, the Lovard Tenurell dog named Buddy, took an unexpected 16-hour flight

10
00:00:59,280 --> 00:01:05,540
to Tokyo, following a mix up by the airline. The dog owners, family, are currently in the

11
00:01:05,540 --> 00:01:12,620
process of moving. They were meant to be reunited with the pet in their new home city in Texas.

12
00:01:13,520 --> 00:01:18,500

But, when they arrived at the United Airlines cargo facility in the southern U.S. state,

13
00:01:18,800 --> 00:01:29,260
they found a strangers dog waiting in Buddy's place. Both of the dogs had been sent to the

14
00:01:29,260 --> 00:01:37,560
mistakenly being sent Japan instead. Buddy was given a physical checkup when he arrived at Tokyo's

15
00:01:37,560 --> 00:01:43,300
International Airport. The dog was then sent back to the US on a private charter jet.

16
00:01:43,840 --> 00:01:51,240
I'm so glad he's alive and coming home soon said the relieved dog owner. An error occurred during

17
00:01:51,240 --> 00:01:57,220
the connections in Denver. We have notified our customers that their pets arrived safely.

18
00:01:57,220 --> 00:02:02,740
We will arrange to return the pets to them as soon as possible, a spokesperson of United

19
00:02:02,740 --> 00:02:03,860
Airlines said.

20
00:02:29,860 --> 00:02:37,200
Question 2. What did the spokesperson for United Airlines say they would do after the incident?

21
00:02:52,000 --> 00:02:54,020
News Report 2.

22
00:02:54,460 --> 00:03:00,180
Officials that read Park Zoo in Tucson, Arizona are celebrating the birth of a baby elephant.

23
00:03:00,840 --> 00:03:04,100
Zoo officials say the baby was born on Monday.

24
00:03:04,100 --> 00:03:08,440
It is a female, and she weighs nearly 130 kilograms.

25

00:03:09,320 --> 00:03:13,180
Samba, her mother, is a 30-year-old African elephant.

26
00:03:13,860 --> 00:03:16,320
The pregnancy lasted 22 months.

27
00:03:16,980 --> 00:03:21,820
Officials describe the baby elephant as healthy, standing, and nursing.

28
00:03:22,440 --> 00:03:24,520
The baby hasn't been given a name yet.

29
00:03:25,360 --> 00:03:27,020
Samba has given birth before.

30
00:03:27,600 --> 00:03:33,480
Zoo officials said during this pregnancy, she was closely monitored through physical exams

31
00:03:33,480 --> 00:03:41,140
and blood tests. Dr. Sue Tagelsky is the zoos director of zoological operations. She said

32
00:03:41,140 --> 00:03:47,200
the elephant's birth went smoothly and that there were no complications. The new baby

33
00:03:47,200 --> 00:03:53,500
expands the zoos elephant herd to six. That includes the baby's parents, a sister, a

34
00:03:53,500 --> 00:03:55,640
brother, and an adult female.

35
00:03:56,480 --> 00:04:01,300
Question three and four are based on the news report you have just heard.

36
00:04:30,880 --> 00:04:31,260
Question 3. What do we learn about the mother elephant's

37
00:04:42,860 --> 00:04:44,420
News Report 3

38
00:04:44,420 --> 00:04:48,860
Three years ago, a couple was enjoying a meal at a beach restaurant.

39
00:04:49,540 --> 00:04:53,740
The restaurant was built on a wooden structure above the sea water.

40
00:04:54,580 --> 00:04:58,220
During the meal, the man's wedding ring slipped off his finger.

41
00:04:58,220 --> 00:05:02,900
It fell through the wooden floorboards apparently lost forever.

42
00:05:03,620 --> 00:05:09,160
Recently, the restaurant manager Ryan Kravoy decided to replace the wooden deck, and

43
00:05:09,160 --> 00:05:15,640
he found an old gold coin, some $100 bills, and a silver wedding ring while replacing

44
00:05:15,640 --> 00:05:16,180
the deck.

45
00:05:16,880 --> 00:05:22,020
The restaurant's waitress Sasha Formeca posted a picture of the ring on Facebook.

46
00:05:22,520 --> 00:05:25,560
The posts were shared about 5,000 times.

47
00:05:25,560 --> 00:05:32,700
Three days later, the happy wife called to claim the ring. She even texted pictures of her

48
00:05:32,700 --> 00:05:39,320
and her husband eating there in 2017 as proof. The restaurant mailed the ring back to the

49
00:05:39,320 --> 00:05:46,120
happy couple. Meanwhile, Krewoy discovered that the gold coin was very rare. It was from

50
00:05:46,120 --> 00:05:50,280
1855 and worth as much as $2,000.

51
00:05:50,280 --> 00:05:56,700
Questions 5-7 are based on the news report you have just heard.

52
00:05:57,380 --> 00:05:58,380
Question 5.

53
00:05:59,020 --> 00:06:00,840
What do we learn about the restaurant?

54
00:06:15,840 --> 00:06:17,360
Question 6.

55
00:06:17,360 --> 00:06:21,220
What did the restaurant manager decide to do recently?

56
00:06:36,100 --> 00:06:40,880
Question 7. What did the waitress do about the recovered ring?

Conversations (EN)

1
00:00:01,860 --> 00:00:18,180
Section B, directions. In this section, you will hear two long conversations. At the end of each conversation, you will hear four questions. Both the conversation and the questions will be spoken only once.

2
00:00:18,180 --> 00:00:24,340
After you hear a question, you must choose the best answer from the four choices,

3
00:00:24,680 --> 00:00:32,980
March A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:32,980 --> 00:00:36,020
through the center. Conversation 1

5
00:00:36,020 --> 00:00:41,340
I can't believe that duck hunting is still legal in so many parts of the world.

6
00:00:41,560 --> 00:00:47,880
The scientific evidence from countries like Australia, Canada and the USA clearly indicates

7
00:00:47,880 --> 00:00:50,440
a decline in the bird's numbers.

8
00:00:50,880 --> 00:00:57,380
But can anyone be sure if the decline is really caused by the Humting or by climate change?

9
00:00:57,840 --> 00:00:59,580
It's caused by both, in fact.

10
00:01:00,160 --> 00:01:02,960
We see more droughts in countries like Australia.

11
00:01:03,620 --> 00:01:08,860
Ducks are birds that feed and breed in areas where there is a lot of water.

12
00:01:09,340 --> 00:01:14,640
But their habitats have been shrinking in recent decades because of the droughts.

13
00:01:14,640 --> 00:01:20,200
And I guess, with fewer places to inhabit, they concentrate in great numbers in few areas.

14
00:01:20,800 --> 00:01:23,840
Which surely makes them easier targets for the hunters.

15
00:01:24,500 --> 00:01:32,000
It does. My grandfather was a duck hunter. He told me hunting ducks and geese began in the 19th century.

16
00:01:32,520 --> 00:01:39,880
They were an easily found and politically available food source in farming areas, especially for poor immigrants.

17
00:01:40,540 --> 00:01:43,180
What did they use for hunting during that period?

18
00:01:43,180 --> 00:01:54,360
They used new types of guns and birds could easily be shot down in flight, and in such great numbers that commercial hunting of ducks and geese became an industry.

19
00:01:55,200 --> 00:01:58,120
Yet there's no commercial farming of these birds nowadays.

20
00:01:58,800 --> 00:02:01,980
Their meat is hardly eaten in western countries.

21
00:02:02,540 --> 00:02:07,540
No, duck hunting seemingly exists as the continuation of a tradition.

22
00:02:08,120 --> 00:02:12,160
Wild ducks have never been popular with farmers like my grandfather anyway,

23
00:02:12,160 --> 00:02:14,640
Because they sometimes destroy crops.

24
00:02:15,240 --> 00:02:18,720
In fact, farmers use to poison them in large numbers.

25

00:02:19,320 --> 00:02:21,680
That somehow doesn't surprise me.

26
00:02:22,040 --> 00:02:27,560
Nobody places much value on the lives of these poor birds or on their meat.

27
00:02:28,100 --> 00:02:33,180
Questions A-211 are based on the conversation you have just heard.

28
00:02:33,920 --> 00:02:34,940
Question 8.

29
00:02:35,360 --> 00:02:37,420
What does the woman find unbelievable?

30
00:02:52,780 --> 00:02:59,960
Question 9. What does the woman say has caused the shrinking of ducks' habitats in Australia?

31
00:03:14,980 --> 00:03:21,680
Question 10. Why is there no commercial farming of ducks and geese in western countries?

32
00:03:36,480 --> 00:03:41,880
Question 11. What does the woman say about farmers in her grandfather's

33
00:03:52,520 --> 00:03:53,360
time.

34
00:03:57,680 --> 00:03:59,360
Conversation 2

35
00:03:59,360 --> 00:04:02,160
Ok, Miss Bright, I finished calculating.

36
00:04:02,880 --> 00:04:09,080
I estimate you have between 210 and 240 square meters of walls and ceiling.

37
00:04:09,080 --> 00:04:12,340
So, how much for the paint job cost?

38
00:04:13,000 --> 00:04:16,140
That would depend on the quality of paint you choose.

39
00:04:16,480 --> 00:04:18,000
We carry two brands.

40
00:04:18,480 --> 00:04:23,500
One cost 60 cents every square meter and the other 90 cents.

41
00:04:24,000 --> 00:04:27,160
The second is guaranteed to look great for about 10 years,

42
00:04:27,520 --> 00:04:32,520
whereas the cheaper one will start to dull after around 6 or 7 years.

43
00:04:32,920 --> 00:04:37,200
In that case, we would prefer the more expensive option.

44
00:04:37,200 --> 00:04:45,220
Alright then, so including labor costs, taxes and everything, this job would come to $3,000.

45
00:04:46,740 --> 00:04:50,960
Hmm, to be perfectly honest, that's more than I expected.

46
00:04:51,640 --> 00:04:58,560
Please bear in mind that the price includes moving all the furniture and the whole task would take two days.

47
00:04:58,960 --> 00:05:00,340
Really? Why?

48
00:05:00,960 --> 00:05:06,640
Well, we can't paint the walls without clearing all the furniture first, so every time we paint a room,

49
00:05:06,640 --> 00:05:09,440
We first have to move the furniture to another room.

50
00:05:09,900 --> 00:05:11,640
So that takes more time.

51
00:05:12,040 --> 00:05:15,240
Plus it requires two people, which works out more expensive.

52
00:05:16,160 --> 00:05:16,660
I see.

53
00:05:17,060 --> 00:05:21,800
But does that mean I could not live here in my own house during those two days?

54
00:05:22,180 --> 00:05:23,360
That is correct.

55
00:05:24,000 --> 00:05:24,740
Oh well.

56
00:05:25,020 --> 00:05:27,000
That changes everything I'm afraid.

57
00:05:27,560 --> 00:05:30,800
I would have to stay with a friend or check into a hotel.

58
00:05:31,280 --> 00:05:33,480
I hadn't considered any of that.

59
00:05:33,480 --> 00:05:39,500
I'm starting to realize that painting my house is far more troublesome than I had anticipated.

60
00:05:40,420 --> 00:05:45,080
This is usually the case. Most of our clients go through the same realization.

61
00:05:45,860 --> 00:05:46,660
I see.

62
00:05:47,220 --> 00:05:52,260
You have my number. Please feel free to call me for any further questions.

63
00:05:52,860 --> 00:05:53,700

Thank you.

64
00:05:53,920 --> 00:05:58,620
Questions 12 to 15 are based on the conversation you have just heard.

65
00:05:59,260 --> 00:06:02,640
Question 12, what is the woman planning to do?

66
00:06:17,000 --> 00:06:21,540
Question 13. What is the woman's chief concern?

67
00:06:36,560 --> 00:06:42,720
Question 14. What does the woman have to do while the paint job is being done?

68
00:06:57,400 --> 00:07:02,980
Question 15. What has the woman come to realize at the end of the conversation?

Passages (EN)

1
00:00:01,460 --> 00:00:12,460
Section C, directions. In this section, you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:12,900 --> 00:00:26,500
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices, marked A, B, C and D.

3
00:00:26,500 --> 00:00:33,200
Then mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:34,120 --> 00:00:35,220
Passage 1.

5
00:00:36,040 --> 00:00:41,680
Homework is an important part of schooling, but the purposes of giving children homework

6
00:00:41,680 --> 00:00:44,020
will change as they grow older.

7
00:00:44,620 --> 00:00:50,680
At the primary level, the main aim is to cultivate good habits, like learning to plan,

8
00:00:51,020 --> 00:00:53,200
and exercising self-discipline.

9
00:00:53,200 --> 00:00:59,300
During the secondary school years, extending what is learned at school is positively related

10
00:00:59,300 --> 00:01:03,980
to academic achievement, so the content of homework becomes more important.

11
00:01:04,920 --> 00:01:08,580
So how can you help your child do their best?

12
00:01:08,820 --> 00:01:14,080

Creating an ideal working environment will make it easier for them to get down to their assignments

13
00:01:14,080 --> 00:01:14,820
quickly.

14
00:01:15,420 --> 00:01:21,580
Make sure it's free of distractions, and for primary school children at least, somewhere near

15
00:01:21,580 --> 00:01:28,180
you so you can answer questions and offer encouragement. You probably have to help young

16
00:01:28,180 --> 00:01:33,420
good children plan their session, but it's important that by the end of primary school

17
00:01:33,420 --> 00:01:39,620
it's second nature. Get them to tell you everything they have to do then encourage them

18
00:01:39,620 --> 00:01:45,520
to establish an order in which they do work. When they're several different assignments,

19
00:01:45,520 --> 00:01:51,900
make sure they begin with one they enjoy, so it seems easy to get started. It's best

20
00:01:51,900 --> 00:01:58,700
to take on the most difficult task second. Once they're settled, but before they get tired.

21
00:01:59,540 --> 00:02:05,860
If older children have more than an hour of homework, encourage them to schedule a short break

22
00:02:05,860 --> 00:02:11,480
to stretch. If you encourage them to tell you what they've learned, they'll absorb the

23
00:02:11,480 --> 00:02:14,520
information more deeply and remember it more readily.

24
00:02:41,980 --> 00:02:48,480
Question 17. What does the passage suggest parents do to help their children?

25

00:03:02,580 --> 00:03:08,260
Question 18. What should children do to deal with multiple assignments?

26
00:03:23,340 --> 00:03:32,300
Passage 2. Workers at Mexican oil company will receive a health incentive of almost $300 a year

27
00:03:32,300 --> 00:03:38,160
if they meet certain body weight standards. To qualify for the bonus, they must maintain

28
00:03:38,160 --> 00:03:43,860
and I healthy weight. For those who are overweight or obese, they can receive the bonus

29
00:03:43,860 --> 00:03:51,340
if they reduce their weight by 10% during the year. Some applaud the policy as fair, because

30
00:03:51,340 --> 00:03:57,080
it rewards both individuals who maintain a healthy weight and those who are working towards

31
00:03:57,080 --> 00:04:03,500
achieving it. But critics say the policy contradicts recommendations by many health experts.

32
00:04:03,500 --> 00:04:09,560
Who warn that a person's weight is influenced by genetic and environmental factors.

33
00:04:10,120 --> 00:04:15,920
That means weight can be hard for individuals to control, which makes the bonus unfair.

34
00:04:16,640 --> 00:04:23,260
Some experts say the policy is inconsistent with the science of what we know about body weight

35
00:04:23,260 --> 00:04:23,820
regulation.

36
00:04:24,700 --> 00:04:29,020
These experts argue that focusing on weight is the wrong approach.

37
00:04:29,020 --> 00:04:35,680
A more productive method of encouraging health among employees is to promote healthy behaviors.

38
00:04:36,280 --> 00:04:44,800
For example, companies can give workers gym memberships or encourage participation in lectures on healthy eating and living.

39
00:04:45,440 --> 00:04:52,820
They can also reduce sweets and provide healthier stacks in the office and healthier meals at the company canteen.

40
00:04:53,080 --> 00:04:57,300
Or they can give employees more time during their lunch break to exercise.

41
00:04:57,300 --> 00:05:03,400
These are much better and much more productive ways for companies to move forward on the

42
00:05:03,400 --> 00:05:04,880
employees well-being.

43
00:05:05,960 --> 00:05:10,100
Question 19-21 A based on the passage you have just heard.

44
00:05:10,720 --> 00:05:15,500
Question 19 Who will qualify for the bonus in Mexican oil company?

45
00:05:30,219 --> 00:05:36,760
Question 20. What do critics think of Mexican oil companies bonus policy?

46
00:05:51,460 --> 00:05:58,020
Question 21. What do experts propose companies do about workers well being?

47
00:06:13,200 --> 00:06:14,580
Passage 3.

48
00:06:15,120 --> 00:06:19,780
Compatuous of war that the British government is not doing enough to prevent left-handed

49
00:06:19,780 --> 00:06:22,700
pupils from falling behind their peers.

50
00:06:23,160 --> 00:06:28,060

They claim that thousands of children are still being penalized for being left-handed.

51
00:06:28,680 --> 00:06:34,400
This is due to a lack of action from ministers who failed to take any meaningful action

52
00:06:34,400 --> 00:06:35,320
for years.

53
00:06:35,320 --> 00:06:41,360
It is feared that a failure to address early year challenges such as poor handwriting

54
00:06:41,360 --> 00:06:48,400
needs to much more serious problems down the line with these pupils facing reduced career prospects.

55
00:06:49,240 --> 00:06:54,740
Studies and recent years show that left had children on more likely to suffer with learning

56
00:06:54,740 --> 00:06:59,000
difficulties and their schools are lower on IQ tests.

57
00:06:59,000 --> 00:07:05,280
Campaigners feel it's strange that children in British schools are penalised because

58
00:07:05,280 --> 00:07:10,740
they haven't been left handed. They don't understand why successive governments have

59
00:07:10,740 --> 00:07:16,100
failed to act on this. They want the Department of Education to record which children

60
00:07:16,100 --> 00:07:22,400
are left handed and what their educational attainments are. Since they make up some 10% of

61
00:07:22,400 --> 00:07:29,340
population. In early year education, left-handed children are struggling and making a mess

62
00:07:29,340 --> 00:07:36,440
of their handwriting. Educators don't know how to deal with this. In many cases, there's no

63

00:07:36,440 --> 00:07:42,740
active help and a lack of teacher training. Campaigners point out that a high percentage of the

64
00:07:42,740 --> 00:07:49,320
prison population is left-handed. They say that these prison numbers are unusually high and

65
00:07:49,320 --> 00:07:51,960
ask why it is the case.

66
00:07:52,800 --> 00:07:57,860
Questions 22 to 25 are based on the passage you have just heard.

67
00:07:58,520 --> 00:08:03,240
Question 22. Why are some people criticizing the British government?

68
00:08:18,140 --> 00:08:24,540
Question 23. What do studies in recent years show about left-handed children?

69
00:08:39,240 --> 00:08:46,260
Question 24. What do the campaigners demand? The Department of Education do.

70
00:09:00,940 --> 00:09:06,820
Question 25. What do the campaigners want to know about left-handed prisoners?

71
00:09:22,280 --> 00:09:24,980
That's the end of listening cobra henchium.
