Section A word_fill

选词填空

“Science and everyday life cannot and should not be separated.” Those were the words uttered by pioneering British scientist Rosalind Franklin, who firmly believed that the pursuit of science should be __26__ to all.

As a woman working in the first half of the 20th century, Franklin’s contributions to some of the greatest scientific discoveries of our time including the structure of DNA—were sadly __27__ in her lifetime.

More than 60 years after Franklin’s death, we are __28__ living in a different world, where women play an important part in every echelon （阶层） of our society—not least in science, innovation, higher education and research. UK universities are world leaders when it comes to advancing and __29__ gender equality.

In the past decade, we have seen a __30__ increase in England in the number of women accepted on to full-time undergraduate degrees in science, technology, engineering and maths (Stem subjects). And in the last academic year, women __31__ for more than half of all Stem postgraduates at UK universities.

Data shows us the __32__ to success gets harder for women to climb the further up they go. Although women make up the majority of undergraduates in our universities, just under half of academic staff are female. At __33__ levels, only a quarter of professors are women, and black women make up less than 2% of all female academic staff.

There are also stark differences in pay across grades. The gender pay gap based on median salaries across the sector in 2016 2017 was 13.7% , __34__ there is still some way to go to ensure women are rising through the ranks to higher grade positions and being paid __35__ .

News Transcript (EN)

1
00:00:00,859 --> 00:00:06,780
College English Test, Band 4, Part 2, Listening Comprehension.

2
00:00:07,580 --> 00:00:17,060
Section A, Directions. In this section, you'll hear three news reports. At the end of each news report, you'll hear two or three questions.

3
00:00:17,720 --> 00:00:21,800
Both the news report and the questions will be spoken only once.

4
00:00:21,800 --> 00:00:27,520
After you hear a question, you must choose the best answer from the four choices marked

5
00:00:27,520 --> 00:00:35,200
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

6
00:00:35,200 --> 00:00:36,440
through the centre.

7
00:00:37,480 --> 00:00:39,120
Use Report 1.

8
00:00:39,600 --> 00:00:40,020
Good morning.

9
00:00:40,680 --> 00:00:46,260
In today's headlines, Scotland's transport minister has warned of potentially extreme

10
00:00:46,260 --> 00:00:53,400
weather conditions as heavy snow is forecast across the country later this week. Orange

11
00:00:53,400 --> 00:00:59,320
warnings are enforced for many areas for Wednesday and Thursday. The transport minister

12
00:00:59,320 --> 00:01:05,340
advised people in parts of Scotland covered by the orange alert to avoid travel on Wednesday.

13
00:01:06,360 --> 00:01:13,979
This is what he said to us. The orange warning may be raised red in some areas. That is

14
00:01:13,980 --> 00:01:19,340
This is a warning for snow that has never been seen since the modern system came into place

15
00:01:19,340 --> 00:01:20,060
in Scotland.

16
00:01:21,020 --> 00:01:25,540
The orange warning has been extended until 6pm on Thursday.

17
00:01:26,640 --> 00:01:33,120
Trains, planes and furries are also likely to be affected, with a wind chill that could

18
00:01:33,120 --> 00:01:37,700
see parts of Britain feeling as cold as minus 15 degrees Celsius.

19
00:01:38,840 --> 00:01:43,960
The head of road policing said, I would urge drivers to take extra care on the

20
00:01:43,960 --> 00:01:45,520
roads for their journeys.

21
00:01:46,540 --> 00:01:51,620
Drivers should make sure they are prepared for their journey, with warm clothing, food

22
00:01:51,620 --> 00:01:52,500
and drink.

23
00:01:53,100 --> 00:01:56,540
sufficient fuel and a charged mobile phone.

24
00:01:57,360 --> 00:02:04,540
There could be significant traffic delays, so please start playing your journey now and consider

25
00:02:04,540 --> 00:02:08,199

if you really need to travel when conditions are this poor.

26
00:02:09,120 --> 00:02:13,100
Questions 1-2 are based on the news report you have just heard?

27
00:02:13,100 --> 00:02:20,040
Question 1. What were people in parts of Scotland advised to do?

28
00:02:33,920 --> 00:02:39,280
Question 2. What did the head of road policing urge drivers to do?

29
00:02:54,300 --> 00:02:56,440
News Report 2.

30
00:02:57,080 --> 00:02:59,940
Romania's wetlands are coming back to life.

31
00:03:00,480 --> 00:03:06,320
Thanks to help from local communities, the world wildlife fund, and funding from the European

32
00:03:06,320 --> 00:03:07,080
Union.

33
00:03:07,080 --> 00:03:17,360
Roughly 2,224 acres of the picturesque Danube Delta, home to 300 species of birds, have filled

34
00:03:17,360 --> 00:03:18,360
with wildlife.

35
00:03:19,660 --> 00:03:23,700
The land has been connected to the network of lakes and streams in the area.

36
00:03:24,860 --> 00:03:29,380
A lot of birds have migrated to the area, and when doesn't need to travel long hours

37
00:03:29,380 --> 00:03:36,260
anymore, or go to other lakes to watch the birds, says Ion Mutat, Deputy Mayor of

38

00:03:37,340 --> 00:03:44,700
the area around Mamudia, which is a UNESCO World Heritage Site, is the third most biodiversity

39
00:03:44,980 --> 00:03:51,000
in the world, after Australia's Great Barrier Reef and the Galapagos Islands.

40
00:03:51,900 --> 00:03:58,140
Groups used Earth-moving equipment to restore the waterways. Government officials proposed to protect

41
00:03:58,140 --> 00:04:03,620
the areas endangered wild fish by issuing a fishing ban over the next decade.

42
00:04:04,420 --> 00:04:09,080
Questions 3 and 4 are based on the news report you have just heard.

43
00:04:09,720 --> 00:04:13,400
Question 3. What is the news report mainly about?

44
00:04:28,180 --> 00:04:34,600
Question 4. What did government officials propose to do to protect the endangered fish?

45
00:04:49,419 --> 00:04:57,080
News Report 3. Scott Dunn recently awoke from the medically induced sleep he'd been

46
00:04:57,080 --> 00:05:03,420
in after a car accident. He was heartbroken after realizing he'd missed his high school

47
00:05:03,420 --> 00:05:09,960
graduation. So his classmates decided to give him another chance. It was just a month

48
00:05:09,960 --> 00:05:16,220
ago that East Hunni-Ata High School seniors met in their schools auditorium for graduation

49
00:05:16,880 --> 00:05:24,520
and last week they did it again. Scott's car accident was on May 22nd just three days

50
00:05:24,520 --> 00:05:31,280
before the ceremony. I remember waking up in the hospital and asking mum what date it

51
00:05:31,280 --> 00:05:39,100
was. She told me it was the 28th. He said, I looked at her and said, I missed my graduation.

52
00:05:39,100 --> 00:05:47,180
The school's principal, Mr. Fawzi, called Scott's mum, Karen, and said that everybody wanted

53
00:05:47,180 --> 00:05:53,740
to do something special for him. Students wore their caps and gowns and sat in the front

54
00:05:53,740 --> 00:06:01,520
of the auditorium. Scott's parents, Karen and Scott's senior, sat front and centre. After

55
00:06:01,520 --> 00:06:08,560
brief speeches, Scott's name was called, only Scott's name. He walked across the stage

56
00:06:08,560 --> 00:06:12,820
as the audience cheered. A graduation for one.

57
00:06:13,580 --> 00:06:18,820
I'm speechless, Scott said. I don't know how to even explain it.

58
00:06:19,020 --> 00:06:23,360
I'm speechless to know that so many people are behind me.

59
00:06:23,920 --> 00:06:28,000
Questions 5-7 are based on the news report you have just heard?

60
00:06:28,620 --> 00:06:32,280
Question 5. What happened to Scott a month ago?

61
00:06:47,299 --> 00:06:48,600
Question 6.

62
00:06:49,480 --> 00:06:52,400
What did Scott ask about when he regained consciousness?

63
00:07:07,240 --> 00:07:12,500
Question 7. Why was Scott speechless at the graduation ceremony?

Conversations (EN)

1
00:00:01,500 --> 00:00:08,220
Section B, Directions, In this section you will hear two long conversations.

2
00:00:09,020 --> 00:00:12,720
At the end of each conversation you will hear four questions.

3
00:00:13,640 --> 00:00:18,160
Both the conversation and the questions will be spoken only once.

4
00:00:18,980 --> 00:00:27,200
After you hear a question you must choose the best answer from the four choices marked A, B, C, and D.

5
00:00:27,200 --> 00:00:33,660
Then mark the corresponding letter on Answer Sheet 1 with a single line through the center.

6
00:00:35,340 --> 00:00:36,700
Conversation 1.

7
00:00:37,240 --> 00:00:42,080
How do you like your new flexible work in arrangement? Do you enjoy working from home?

8
00:00:42,680 --> 00:00:53,380
Yes, and no. I find the isolation challenging at times. Apart from my mother, not too many people I know have time for phone chats during working hours.

9
00:00:53,380 --> 00:00:58,440
I tried the library, but found I wasn't really keen on working there.

10
00:00:58,880 --> 00:01:03,140
No, neither would I. I find the library a bit too quiet.

11
00:01:03,800 --> 00:01:10,060
Art-lack inspiration or stimulation, which would be counterproductive to getting a lot of work done.

12
00:01:10,660 --> 00:01:15,360
I found the same thing. So lately I've been going out to cafes occasionally.

13
00:01:16,080 --> 00:01:21,800
I love the noise, the people, the busyness of a cafe, the sense of being out in the world.

14
00:01:21,800 --> 00:01:29,120
Coffee shops seem to have effectively become office spaces for so many people in this digital age.

15
00:01:29,720 --> 00:01:38,220
Though I'm not sure how cafe owners feel about it, having so many people who go to their places to work rather than drink and eat.

16
00:01:39,120 --> 00:01:42,800
Yes, some people seem to spend a lot of time there and not order much.

17
00:01:43,240 --> 00:01:50,980
The most annoying ones for cafe owners must surely be those usually only two of them who occupy a table for six

18
00:01:50,980 --> 00:01:53,060
with their laptops and paperwork.

19
00:01:54,240 --> 00:01:58,200
They should sit at a table for two, not at a table for six.

20
00:01:58,960 --> 00:02:04,000
Some obviously stay so long, they need to plug the laptops into a power outlet.

21
00:02:04,780 --> 00:02:10,139
I nearly tripped over someone's computer electrical lead the other day in my local cafe.

22
00:02:10,840 --> 00:02:14,580
It's a double-edged sword, no doubt about that for a cafe owner.

23
00:02:15,180 --> 00:02:19,100
While remote workers help to keep the cafe full in quiet times,

24
00:02:19,100 --> 00:02:22,620
They can take up valuable table space and busy periods.

25

00:02:23,840 --> 00:02:28,000
Questions 8 to 11 are based on the conversation you've just heard.

26
00:02:28,580 --> 00:02:34,160
Question 8. What does the woman say is the disadvantage of working from home?

27
00:02:49,160 --> 00:02:56,360
Question 9. What does the man say is counterproductive to getting work done in the library?

28
00:03:11,060 --> 00:03:16,740
Question 10. What does the woman like about doing one's work in a cafe?

29
00:03:31,760 --> 00:03:36,860
Question 11. What is most annoying for cafe owners according to the woman?

30
00:03:53,440 --> 00:03:56,320
I'm going to start looking for another job.

31
00:03:56,940 --> 00:04:01,980
I can't see myself getting an opportunity to progress at my company any time in the near future.

32
00:04:02,980 --> 00:04:06,480
And I really think my skills and abilities deserve a higher salary.

33
00:04:07,300 --> 00:04:09,240
You're not going to quit, are you?

34
00:04:09,640 --> 00:04:11,480
I'm thinking I might as well.

35
00:04:11,880 --> 00:04:16,740
Then I can devote more time and energy to finding a better position at another company.

36
00:04:16,740 --> 00:04:22,680
But, you'd been at your present company less than two years, haven't you? This would be

37
00:04:22,680 --> 00:04:28,580
the third time you've left your job in the last five years. If you do several jobs in

38
00:04:28,580 --> 00:04:34,880
a relatively short span of time, prospective employers might perceive that you lack loyalty,

39
00:04:35,460 --> 00:04:39,140
that could make them wary and reluctant to employ you.

40
00:04:39,840 --> 00:04:45,740
Unfortunately, loyalty doesn't pay. Even if I get a promotion at my company, it's likely

41
00:04:45,740 --> 00:04:48,820
to be less sizable than if I were to get a job elsewhere.

42
00:04:49,700 --> 00:04:53,560
And even if I get a promotion, I'm not guaranteed to get a raise.

43
00:04:54,200 --> 00:04:57,520
I had that experience at another company I worked at.

44
00:04:58,200 --> 00:05:03,040
They wanted you to take on more work and responsibility, but for the same amount of money?

45
00:05:03,700 --> 00:05:05,140
More or less, yes.

46
00:05:05,520 --> 00:05:09,820
The way I see it, through having different jobs, I've gathered a lot of experience,

47
00:05:10,160 --> 00:05:12,460
in different jobs, and in different industries.

48
00:05:12,460 --> 00:05:19,460
But potential employers might worry that that experience is not deep or thorough enough.

49
00:05:20,820 --> 00:05:25,860
Perhaps, but I feel pretty confident that I can sell myself. You know what they say.

50
00:05:26,300 --> 00:05:27,760
Fortune favors the brave.

51
00:05:28,840 --> 00:05:34,900
Questions 12-15 are based on the conversation you have just heard. Question 12.

52
00:05:35,500 --> 00:05:38,520
What makes the woman think about changing her job?

53
00:05:53,440 --> 00:05:59,920
Question 13. What does the man say about people who keep changing their jobs?

54
00:06:14,840 --> 00:06:23,020
Question 14 What does the woman say would happen even if she got promoted in her current company?

55
00:06:37,600 --> 00:06:42,260
Question 15 What benefit has the woman gained from

56
00:06:42,260 --> 00:06:42,980
Mountain Footster

Passages (EN)

1
00:00:03,339 --> 00:00:15,040
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:16,020 --> 00:00:29,540
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices, marked A, B, C, and D.

3
00:00:29,540 --> 00:00:36,240
Then mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:37,380 --> 00:00:46,800
Passage 1. There is a saying that goes something along the lines of, you must love yourself first before you can love someone else.

5
00:00:47,680 --> 00:00:56,540
Similarly, I personally believe that you must be comfortable and happy in your own company before you can truly be yourself in the company of others.

6
00:00:56,540 --> 00:01:01,340
There is a massive difference between being lonely and being alone.

7
00:01:02,320 --> 00:01:04,140
Loneliness is a horrible feeling.

8
00:01:04,959 --> 00:01:08,840
However, you don't have to actually be alone to feel that way.

9
00:01:09,420 --> 00:01:13,500
Many times I felt lonely when surrounded by a big group of people.

10
00:01:14,280 --> 00:01:20,860
In contrast, being alone can actually be a blessing, particularly when you've actively chosen

11
00:01:20,860 --> 00:01:21,620
it.

12
00:01:21,620 --> 00:01:28,980
In my experience being bored and alone is dangerous and can easily lead to the feeling of loneliness.

13
00:01:30,120 --> 00:01:31,740
The trick is to be active.

14
00:01:32,780 --> 00:01:40,360
Get outside, stretch your legs, do something cultural, buy yourself something tasty to eat, or something pretty to wear.

15
00:01:41,120 --> 00:01:45,640
You don't have to take anyone else into consideration and can do whatever you please.

16
00:01:46,620 --> 00:01:52,860
Spending time alone also allows you to more efficiently take care of problems and then

17
00:01:52,860 --> 00:01:57,940
when it's time to be social and meet up with your friends you will be fully there because

18
00:01:57,940 --> 00:02:01,820
you won't have too much other stuff floating around in your mind.

19
00:02:02,700 --> 00:02:07,700
Having been alone for a bit you will also appreciate your friends company more and chances

20
00:02:07,700 --> 00:02:10,860
are your time spent together will be more worthwhile.

21
00:02:10,860 --> 00:02:20,960
Question 16-18, a based on the passage you have just heard. Question 16, what does the speaker say about being alone?

22
00:02:35,500 --> 00:02:42,520
Question 17. What does the speaker say helps reduce one's feeling of loneliness?

23
00:02:57,520 --> 00:03:03,300
Question 18 What is the anodvantage of spending one's time alone?

24

00:03:18,319 --> 00:03:25,820
As it's too. When I turn 12, I work summers at my father's small brick cleaning business.

25
00:03:25,820 --> 00:03:33,280
I remember the harsh acid smell of becleaning solution, and the scraping sound of stiff iron

26
00:03:33,280 --> 00:03:35,600
brushes against rough brick.

27
00:03:36,080 --> 00:03:42,660
It was tempting to hurry a job just to finish, but anybody who worked for Thomas Kathum

28
00:03:42,660 --> 00:03:46,920
had to meet his standards, and that included me.

29
00:03:47,880 --> 00:03:52,420
If I messed up, he made me stay late until I got it right.

30
00:03:52,420 --> 00:03:57,860
My father wasn't being mean, he demanded the same of himself.

31
00:03:58,640 --> 00:04:04,700
Every brick he cleaned on a house stood out like a red jewel in a white setting.

32
00:04:05,220 --> 00:04:06,460
It was his signature.

33
00:04:07,560 --> 00:04:14,960
In 1970, when I was 20, I got married and moved out of my parents' modest place into

34
00:04:14,960 --> 00:04:16,019
a house in project.

35
00:04:16,019 --> 00:04:24,280
drugs and gang violence were just beginning to plague the projects. So my friends went to jail,

36
00:04:24,800 --> 00:04:33,640
some were killed. My wife, Verlan, was 18 and nobody gave our marriage a chance, but we believed

37
00:04:33,640 --> 00:04:41,140
in each other and our faith made us strong. When we married, I worked as a stock clerk at

38
00:04:41,140 --> 00:04:48,760
southwest superfoods. It was hard, tedious work. Each Friday night a truck came with

39
00:04:48,760 --> 00:04:55,220
cases of food that had to be unloaded, priced and placed on shelves. Most of stock

40
00:04:55,220 --> 00:05:02,180
clerks tried to get Friday night off, but I was always ready to work. By Saturday morning,

41
00:05:02,600 --> 00:05:08,520
all the cans and jars in my aisle were placed with the labels facing smartly out, like

42
00:05:08,520 --> 00:05:16,119
line of soldiers on review. That was my signature. I took pride in a job nobody wants it.

43
00:05:17,000 --> 00:05:21,360
Questions 19 to 21 are based on the passage you have just heard.

44
00:05:22,000 --> 00:05:25,540
Question 19. What do we learn about the speaker's father?

45
00:05:40,760 --> 00:05:45,360
Question 20. What does the speaker say about the housing project?

46
00:06:00,180 --> 00:06:04,740
Question 21, what do we learn about the speaker as a stock clerk?

47
00:06:19,940 --> 00:06:21,460
Passage 3.

48
00:06:22,040 --> 00:06:27,840
Watching more than three hours of television a day doubles memory loss in older people,

49
00:06:28,260 --> 00:06:31,200
a new study of more than 3,000 adults suggest.

50
00:06:32,099 --> 00:06:38,520
Scientists at University College London used memory and fluency tests on the same group

51
00:06:38,520 --> 00:06:40,540
of people six years apart.

52
00:06:41,460 --> 00:06:46,680
They found that those who watched on average less than three hours television a day

53
00:06:46,680 --> 00:06:52,300
showed a decline of around 4 to 5 percent, while those who tended to watch more than

54
00:06:52,300 --> 00:06:56,880
three hours a day declined by an average of 8 to 10 percent.

55
00:06:56,880 --> 00:07:03,500
The research team say they believe the alert but passive nature of television watching may

56
00:07:03,500 --> 00:07:08,340
be creating stress on the mind, which contributes to memory decline.

57
00:07:09,540 --> 00:07:15,260
Other people who watch more television are also less likely to undertake activities known

58
00:07:15,260 --> 00:07:21,980
to preserve mental functioning, such as reading or interactive screen-based pursuits, such

59
00:07:21,980 --> 00:07:24,680
as using the Internet or playing video games.

60
00:07:24,680 --> 00:07:31,060
The researchers say that television viewing may be a risk factor for Alzheimer's disease,

61
00:07:31,720 --> 00:07:34,400
but more research is needed to establish a link.

62
00:07:35,580 --> 00:07:41,800

While watching television may have educational benefits and relaxation benefits, the researchers

63
00:07:41,800 --> 00:07:47,640
advised that adults over the age of 50 should try and ensure that television viewing is balanced

64
00:07:47,640 --> 00:07:49,560
with other contrasting activities.

65
00:07:49,560 --> 00:07:54,460
If you're concerned that the amount of television you're watching could have a negative

66
00:07:54,460 --> 00:07:59,840
impact on your health, you should limit the amount of TV you watch each day and undertake

67
00:07:59,840 --> 00:08:01,280
some healthy hobbies.

68
00:08:02,640 --> 00:08:07,200
Questions 22-25 are based on the passage you have just heard.

69
00:08:07,900 --> 00:08:15,000
Question 22-What means did scientists at University College London measure memory loss?

70
00:08:29,440 --> 00:08:35,020
Question 23. What contributed to memory decline in the participants?

71
00:08:50,220 --> 00:08:57,340
Question 24. What do the researchers say about their finding concerning the link between

72
00:08:57,340 --> 00:09:00,040
TV viewing and outside as disease?

73
00:09:14,580 --> 00:09:20,700
Question 25. What do the researchers suggest older people do?

74
00:09:35,640 --> 00:09:38,080
This is the end of listening comprehension.
