2020年09月四级真题第2套

年份 2020 | 月份 9 | 第 二 套 | 时长 125 分钟 | 满分 710（及格 425）

听力 (Listening)

Section A news

短新闻

🎧 听力音频：audio/SectionA.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What do we learn from the news report about the study?**

   A. Ship traffic in the Atlantic.

   B. Warm currents in the ocean.

   C. Exhaust from cars in Europe.

   D. Particles emitted by power plants.

2. **What do NASA officials think about the thick clouds?**

   A. They need to be taken seriously.

   B. They have a huge effect on fishery.

   C. They might be causing trouble to air flights.

   D. They may be affecting the world’ s climate.

3. **For what purpose did the staff at a supermarket in Melbourne sign a letter?**

   A. To appeal for higher wages.

   B. To demand better health care.

   C. To call for a permanent security guard.

   D. To dismiss the bad-tempered supervisor.

4. **What did the spokesman of the supermarket say regarding the employees demand?**

   A. It had already taken strong action.

   B. It would put customers’ needs first.

   C. It would take their appeal seriously.

   D. It was seeking help from the police.

5. **What did drivers on the motorway to water or find?**

   A. The road was flooded.

   B. The road was blocked.

   C. The road was frozen with snow.

   D. The road was covered with spilled gas.

6. **What does the report say about the accident?**

A. A truck plunged into a pool of liquid chocolate.

B. The heavy snow made driving very difficult.

C. The truck driver dozed off while driving.

D. A truck hit a barrier and overturned.

7. **What did the firefighters representative tell the local TV?**

A. It was a long time before the cleanup was finished.

B. It was a hard task to remove the spilled substance.

C. It was fortunate that no passenger got injured.

D. It was difficult to contact the manufacturer.

Section B conversations

长对话

🎧 听力音频：audio/SectionB.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **Why did the woman decide to go back to cash for payment?**

   A. She wanted to save for a new phone.

   B. She found it much safer to use cash.

   C. She could enjoy discounts with cash.

   D. She had been cheated using phone apps.

2. **What happens when people use apps for payment?**

   A. They can save a lot more time and trouble.

   B. They find it less difficult to make purchases.

   C. They derive greater pleasure from buying things.

   D. They are less aware of the value of their money.

3. **According to the woman, what might the man tend to buy with payment apps?**

   A. More valuable items.

   B. More non-essential items.

   C. Everyday necessities.

   D. Electronic devices.

4. **What is the man think of electronic payment?**

   A. It can improve shopping efficiency.

   B. It is altering the way of shopping.

   C. It may lead to excessive spending.

   D. It appeals more to younger people.

5. **Why did the man call the woman?**

   A. He wanted to order some wooden furniture.

   B. He had to change the furniture delivery time.

   C. He had a problem with the furniture delivered.

   D. He wanted the furniture store to give him a refund.

6. **What did the woman asked the man to do?**

A. Send the furniture back to the store.

B. Describe the furniture he received.

C. Collect the furniture he ordered.

D. Buy another brand of furniture.

7. **What did the woman promise to do for the man?**

A. Correct their mistake.

B. Improve their service.

C. Apologize to his wife.

D. Give the money back.

8. **What did the woman do at the end of the conversation?**

A. She recommended a new style.

B. She offered some gift to the man.

C. She apologized to the man once more.

D. She checked all the items with the man.

Section C passages

听力篇章

🎧 听力音频：audio/SectionC.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What is Marie condos TV show about?**

   A. Reading books of wisdom.

   B. Tidying up one’ s home.

   C. Sharing with others.

   D. Donating to charity.

2. **What things can be kept in one's home, according to Marie Condo?**

   A. Things that make one happy.

   B. Things that are becoming rare.

   C. Things that occupy little space.

   D. Things that cost a lot of money.

3. **What do we learn about one used bookstore this January?**

   A. It joined the city’ s clean-up campaign.

   B. It sold as many as fifty boxes of books.

   C. It received an incredibly large number of donated books.

   D. It did little business because of the unusual cold weather.

4. **What does Mike Hanon do to help people in his town?**

   A. Give free meals to the homeless.

   B. Provide shelter for the homeless.

   C. Help the vulnerable to cook lunches.

   D. Call for change in the local government.

5. **What does Mike hope others will do?**

   A. Strengthen co-operation.

   B. Promote understanding.

   C. Win national support.

   D. Follow his example.

6. **How are people all over the country responding to what Mike is doing?**

   A. Spreading news of his deeds.

   B. Writing him thank-you notes.

   C. Following the example he sets.

   D. Sending him hand-made bags.

7. **What were the college students in both groups required to do in the study?**

   A. To solve word search puzzles.

   B. To send smartphone messages.

   C. To test their eyesight using a phone app.

   D. To install some audio equipment in a lab.

8. **What do we learn about many of the students in the second test group after the phone rang?**

   A. They could not go on until the ringing stopped.

   B. They could no longer concentrate on their task.

   C. They grabbed the phone and called back right away.

   D. They asked their experimenter to hang up the phone.

9. **According to the passage, what is the most dramatic impact of smartphone use?**

   A. A rise in emotional problems.

   B. A decline in sports activities.

   C. A reduction in the amount of sleep.

   D. A decline in academic performance.

10. **What does the speaker suggest people do?**

    A. Protect the eyesight of the younger generation.

    B. Take effective measures to raise productivity.

    C. Realize the disruptive effects of technology.

    D. Ensure they have sufficient sleep every day.

阅读 (Reading)

Section A word_fill

选词填空

It can be seen from the cheapest budget airlines to the world's largest carriers: Airlines across the globe __26__ various shades of blue in their cabin seats, and it is no __27__ but some psychology behind it. There does appear to be __28__ with the positive qualities of trust, efficiency, quietness, coolness, reflection and calm. Nigel Goode is a leading aviation designer who works at a company which has been delivering aircraft interiors for airlines for 30 years. "Our job as designers is to reinforce the airline's brand and make it more __29__," he says. "But our primary concern is to deliver an interior that __30__ comfort to create a pleasant environment." "It's all about making the traveling experience less __31__ and blue is said to induce a feeling of calm. While some of the budget airlines might use brighter, bolder shades, most others go with softened tones. The __32__ aim is to create a home-like relaxing feel, so airlines tend to use soft colors that feel domestic, __33__ and earthy for that reason." It's also a trend that emerged decades ago and has __34__ stuck. "Blue became the color of choice because it's a conservative, agreeable, corporate shade that __35__ being trustworthy and safe. That's why you see it used in all of the older airlines like British Airways," Nigel Goode added.

阅读理解

写作 (Writing)

Directions: For this part, you are allowed 30 minutes to write an essay on the use of PowerPoint (PPT) in class. You can start your essay with the sentence "The use of PowerPoint is becoming increasingly popular in class". You should write at least 120 words but no more than 180 words.

建议时间：30 分钟 | 字数：120-180 | 分值：15

作答区

翻译 (Translation)

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English.

茶拥有5,000年的历史。 传说，神农氏(Shen Nong)喝开水时，几片野树叶子落进壶里，开水顿时散发出宜人的香味。 他喝了几口，觉得很提神。 茶就这样发现了。
自此，茶在中国开始流行。 茶园遍布全国，茶商变得富有。 昂贵、雅致的茶具成了地位的象征。
今天，茶不仅是一种健康的饮品，而且是中国文化的一个组成部分。 越来越多的国际游客一边品茶，一边了解中国文化

听力原文 / Transcripts

News Transcript (EN)

1
00:00:00,000 --> 00:00:06,340
College English Test, Band 4, Part 2, Listening Comprehension.

2
00:00:07,320 --> 00:00:13,360
Section A, Directions. In this section you'll hear three new reports. At the end of each

3
00:00:13,360 --> 00:00:17,660
new user report you'll hear two or three questions. Both the new

4
00:00:17,660 --> 00:00:23,900
user report and the questions will be spoken only once. After you hear a question you must

5
00:00:23,900 --> 00:00:30,980
choose the best answer from the four choices marked A, B, C, and D. Then mark the corresponding

6
00:00:30,980 --> 00:00:35,820
letter on answer sheet 1 with a single line through the center.

7
00:00:36,740 --> 00:00:44,500
News report 1. Annasa Satellite orbiting over Portugal took photographs that reveal the effects

8
00:00:44,500 --> 00:00:50,900
of pollution from ships. One of the photos shows a thin film of clouds above the brilliant

9
00:00:50,900 --> 00:00:57,380
blue of the North Atlantic. Cut by white lines of thicker clouds that look like scars.

10
00:00:58,600 --> 00:01:05,780
NASA officials explained those thicker clouds are signs of ship traffic below. When ships

11
00:01:05,780 --> 00:01:11,300
power their way through the ocean, they pump exhaust into the atmosphere just as cars

12
00:01:11,300 --> 00:01:18,600
do. And those massive amounts of particles can cause clouds to form. Get enough of those

13
00:01:18,600 --> 00:01:23,800
particles in one place as from the exhaust of a ship, and they can lead to the creation

14
00:01:23,800 --> 00:01:27,280
of new clouds easily visible from space.

15
00:01:28,240 --> 00:01:29,880
These clouds can be huge.

16
00:01:30,560 --> 00:01:34,380
Some of them stretch hundreds of kilometers from end to end.

17
00:01:34,480 --> 00:01:35,960
NASA officials said,

18
00:01:36,920 --> 00:01:41,960
It's likely that these sorts of clouds are having some effect on the global climate, according

19
00:01:41,960 --> 00:01:43,100
to NASA officials.

20
00:01:43,100 --> 00:01:47,320
But scientists aren't yet sure what effect it has.

21
00:02:15,299 --> 00:02:20,800
Question 2. What do NASA officials think about the thick clouds?

22
00:02:35,640 --> 00:02:38,120
News Report 2.

23
00:02:38,420 --> 00:02:44,560
Starved at a suburban supermarket in Melbourne, say they feel unsafe at work after security

24
00:02:44,560 --> 00:02:45,900
guards were removed.

25
00:02:45,900 --> 00:02:53,800
This came after a series of physical attacks and verbal abuse by customers. More than 50 workers

26
00:02:53,800 --> 00:02:59,960
at the store have signed a letter calling for a permanent security guard following a series

27
00:02:59,960 --> 00:03:05,720
of incidents including a customer threatening to attack a supervisor with a knife.

28
00:03:06,820 --> 00:03:13,180
A security worker had guarded the store each night from 7pm until 12am.

29
00:03:13,180 --> 00:03:17,340
But that had stopped suddenly on Monday, in Pleoise said.

30
00:03:18,100 --> 00:03:23,800
One worker said an angry customer had thrown a chicken at his head after complaining about

31
00:03:23,800 --> 00:03:26,080
how long she had waited to be served.

32
00:03:26,800 --> 00:03:32,460
Another worker said the lack of protection at the store made her feel uncomfortable at work.

33
00:03:33,180 --> 00:03:39,300
However, the spokesman of the supermarket said the store had taken strong action in response

34
00:03:39,300 --> 00:03:40,060
to incidents.

35
00:03:40,060 --> 00:03:46,720
We have found very few instances of bad customer behavior at our store in the past year.

36
00:03:47,100 --> 00:03:53,600
In the rare cases we have seen bad behavior, we have taken strong action in response, including

37
00:03:53,600 --> 00:03:55,840
banning a customer from the store.

38
00:03:56,940 --> 00:04:01,600

Questions 3 and 4 are based on the news report you have just heard.

39
00:04:02,480 --> 00:04:03,620
Question 3.

40
00:04:03,620 --> 00:04:08,880
For what purpose did the staff at a supermarket in Melbourne sign a letter?

41
00:04:23,800 --> 00:04:30,040
Question 4. What did the spokesman of the supermarket say regarding the employees demand?

42
00:04:45,039 --> 00:04:52,020
News Report 3. Drivers on their way to the Polish capital of Warsaw on Wednesday

43
00:04:52,020 --> 00:04:59,660
morning found the road blocked by an unusual obstacle. Tons of liquid chocolate that spilled

44
00:04:59,660 --> 00:05:07,020
onto the motorway. A truck carrying the sweet load, hit a road barrier and overturned, blocking

45
00:05:07,020 --> 00:05:14,440
two lanes. The cracked tank spilled a pool of rapidly hardening chocolate, which quickly

46
00:05:14,440 --> 00:05:20,080
covered the width of the road. While the driver was taken to hospital with a broken arm,

47
00:05:20,700 --> 00:05:26,440
firefighters struggled to remove a reported 12 tons of solid chocolate from the road.

48
00:05:26,440 --> 00:05:34,320
A representative for the firefighters told the local TV that removing the chocolate was worse than dealing with snow.

49
00:05:35,200 --> 00:05:44,120
After contacting the chocolate manufacturer, the firefighters resorted to spraying hot, pressurized water to get rid of the sticky substance.

50
00:05:45,160 --> 00:05:56,140
The local TV also noted that the cleanup spanned more than a mile, because drivers simply drove through the

chocolate after the crash, leaving a long chocolate trail.

51
00:05:56,140 --> 00:06:03,220
But despite the sticky situation, firefighters and police attending to the cleanup were reportedly

52
00:06:03,220 --> 00:06:05,620
cheerful about the long task ahead.

53
00:06:06,600 --> 00:06:10,460
After all, who could be mad about 12 tons of chocolate?

54
00:06:11,940 --> 00:06:16,220
Questions 5-7 are based on the news report you have just heard.

55
00:06:16,940 --> 00:06:17,740
Question 5.

56
00:06:18,260 --> 00:06:21,360
What did drivers on the motorway to water or find?

57
00:06:35,979 --> 00:06:37,640
Question 6.

58
00:06:38,120 --> 00:06:40,940
What does the report say about the accident?

59
00:06:56,140 --> 00:07:01,560
Question 7. What did the firefighters representative tell the local TV?

Conversations (EN)

1
00:00:00,860 --> 00:00:17,380
Section B, Directions. In this section you will hear two long conversations. At the end of each conversation you will hear four questions. Both the conversation and the questions will be spoken only once.

2
00:00:17,380 --> 00:00:23,660
After you hear a question, you must choose the best answer from the four choices marked

3
00:00:23,660 --> 00:00:31,580
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:31,580 --> 00:00:32,680
through the center.

5
00:00:34,520 --> 00:00:40,380
Conversation 1 Lisa, why did you pay for your meal with cash instead of the payment

6
00:00:40,380 --> 00:00:41,700
apps on your phone?

7
00:00:41,700 --> 00:00:47,880
Well, I've gone back to cash. I'm only using payment apps if that's the only option.

8
00:00:48,460 --> 00:00:53,920
I'm trying to save money for a new phone, and I find that using cash rather than payment apps

9
00:00:53,920 --> 00:00:55,200
helps me to save.

10
00:00:55,800 --> 00:01:00,940
But how? Money is money, isn't it? I don't think it matters whether you take it out

11
00:01:00,940 --> 00:01:05,920
of the bank and put it in your wallet, or simply transfer it from your bank account to

12
00:01:05,920 --> 00:01:07,900
the seller's bank account using an app.

13
00:01:07,900 --> 00:01:14,340
No, I believe it does matter. It's a psychological phenomenon. I believe we have less

14
00:01:14,340 --> 00:01:20,140
connection with the value of our money when we just tap the approved buttons on our phones.

15
00:01:20,820 --> 00:01:25,880
You might have a point, since I stopped carrying cash around and started using my phone

16
00:01:25,880 --> 00:01:31,860
apps to pay, I may have developed a tendency to buy more small or non-essential items.

17
00:01:32,400 --> 00:01:37,480
That's highly possible. Think about the amount of time we spend with our phones in our

18
00:01:37,480 --> 00:01:40,180
and all the things we do with our phones.

19
00:01:40,940 --> 00:01:45,720
It sometimes seems that our phone is buying the product for us, not ourselves.

20
00:01:46,540 --> 00:01:49,160
So cash is payment affects our ability to budget?

21
00:01:50,080 --> 00:01:51,260
I believe so.

22
00:01:51,500 --> 00:01:53,720
If we spend a hundred-year-old earning cash,

23
00:01:54,140 --> 00:01:58,200
we realize that we don't have that hundred-year-old earning to spend on something else.

24
00:01:58,700 --> 00:02:00,320
But if we're spending electronically,

25
00:02:01,120 --> 00:02:03,480

we are less likely to make that mental calculation.

26
00:02:03,480 --> 00:02:08,600
I stopped using my credit card because I found I was spending excessively.

27
00:02:08,940 --> 00:02:12,420
Perhaps they should take the same approach you're paying using my phone.

28
00:02:12,680 --> 00:02:13,780
It's worth considering.

29
00:02:15,020 --> 00:02:18,920
Questions 8 to 11 are based on the conversation you have just heard.

30
00:02:19,640 --> 00:02:24,020
Question 8. Why did the woman decide to go back to cash for payment?

31
00:02:38,940 --> 00:02:45,080
Question 9. What happens when people use apps for payment according to the woman?

32
00:02:59,580 --> 00:03:03,400
Question 10. What might the man tend to buy?

33
00:03:03,400 --> 00:03:05,540
with payment apps.

34
00:03:19,519 --> 00:03:24,300
Question 11. What is the man think of electronic payment?

35
00:03:40,380 --> 00:03:41,740
Condensation 2

36
00:03:41,740 --> 00:03:47,680
Hello Mr. Brown, I was expecting your call. My secretary told me you were having some problems

37
00:03:47,680 --> 00:03:50,080
with the wooden table. Is that right?

38

00:03:51,260 --> 00:03:55,080
No, no, the table is fine. The problem is the chairs.

39
00:03:56,140 --> 00:03:59,940
Oh, the chairs. So what exactly is the issue?

40
00:03:59,940 --> 00:04:07,020
Well, put simply, these are not the chairs my wife and I selected in your store last week.

41
00:04:07,600 --> 00:04:10,200
There must have been some confusion with our order.

42
00:04:10,800 --> 00:04:16,760
Oh, I see. I'm looking through my files now, and I see that the delivery was this morning.

43
00:04:17,079 --> 00:04:17,800
Is that correct?

44
00:04:18,320 --> 00:04:18,880
Yes.

45
00:04:19,560 --> 00:04:23,500
Do you mind describing the chairs that were delivered to your apartment, Mr. Brown?

46
00:04:24,360 --> 00:04:29,540
Sure. These have a flat back with a rounded top and a very heavy.

47
00:04:29,540 --> 00:04:33,000
They like brown and look kind of cheap.

48
00:04:33,720 --> 00:04:37,900
The ones we ordered were dark brown to match the table.

49
00:04:38,760 --> 00:04:44,540
Right, of course, it says here you purchase the Arlington table and four Milano chairs.

50
00:04:45,080 --> 00:04:48,180
As you said, there must have been some confusion with the order.

51
00:04:48,540 --> 00:04:49,660
I'm terribly sorry.

52
00:04:50,300 --> 00:04:55,200
We will send a van to collect those four and replace them with the Milano you purchased.

53
00:04:55,940 --> 00:04:58,580
Will tomorrow 9 a.m. be okay, Mr. Brown?

54
00:04:58,580 --> 00:05:02,160
Yes, that would be great. Thank you.

55
00:05:02,300 --> 00:05:06,020
Good. Did everything else you ordered for us arrive okay?

56
00:05:06,580 --> 00:05:08,760
Yes, I think so. Let me check.

57
00:05:09,580 --> 00:05:11,860
The mirror and two paintings are here.

58
00:05:12,440 --> 00:05:15,600
The two coffee tables are also here and a sofa.

59
00:05:16,480 --> 00:05:21,920
Yes, we haven't noticed anything else wrong on this thing, but if we do, we will certainly let you know.

60
00:05:22,240 --> 00:05:26,700
Okay, great. Once again, I'm sorry for the confusion and trouble caused.

61
00:05:26,700 --> 00:05:32,140
Questions 12-15 are based on the conversation you have just heard.

62
00:05:32,900 --> 00:05:36,560
Question 12. Why did the man call the woman?

63
00:05:51,360 --> 00:05:52,700
Question 13.

64
00:05:52,700 --> 00:06:01,840
What do the women ask the man to do?

65
00:06:11,360 --> 00:06:12,360
Question 14.

66
00:06:13,040 --> 00:06:16,540
What do the women promise to do for the man?

67
00:06:31,800 --> 00:06:32,800
Question 15.

68
00:06:33,700 --> 00:06:36,980
What did the woman do at the end of the conversation?

Passages (EN)

1
00:00:00,000 --> 00:00:17,000
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once.

2
00:00:17,000 --> 00:00:23,640
After you hear a question, you must choose the best answer from the four choices marked

3
00:00:23,640 --> 00:00:31,880
A, B, C, and D. Then mark the corresponding letter on answer sheet 1 with a single line

4
00:00:31,880 --> 00:00:32,920
through the center.

5
00:00:33,820 --> 00:00:43,280
Passage 1. Do you have too much stuff? Are you dare we say it? Untidy? Say hello to a TV

6
00:00:43,280 --> 00:00:51,200
show called Tiding Up with Mary Condo. A home improvement show based on her wildly popular

7
00:00:51,200 --> 00:00:59,240
book, the life-changing magic of Tiding Up. In the show, Marie Condo acts as a tiny garbage

8
00:00:59,240 --> 00:01:06,220
fairy for messy people, visiting their houses to share the wisdom of the Konmari method.

9
00:01:07,000 --> 00:01:12,380
This method is simple in theory, but can be endlessly complex and practice.

10
00:01:13,640 --> 00:01:19,620
You divide all the stuff in your house, all of it into several categories, and then examine

11
00:01:19,620 --> 00:01:23,840
each item, all of them to see if it sparks joy.

12
00:01:24,840 --> 00:01:26,920
If it does, you keep it.

13
00:01:27,300 --> 00:01:31,240
If it doesn't, you thank it, and neatly discard it.

14
00:01:31,240 --> 00:01:36,300
So, is the TV show inspiring people to tidy up?

15
00:01:36,840 --> 00:01:40,360
First hand accounts seem to indicate a small wave of people

16
00:01:40,360 --> 00:01:44,520
bringing piles of donation bags to used good stores.

17
00:01:45,640 --> 00:01:50,100
One store received thousands of bags of used possessions in one day.

18
00:01:50,860 --> 00:01:54,200
January is usually the stores slow-season for donations

19
00:01:54,200 --> 00:01:57,500
because it's cold and people don't want to bother,

20
00:01:58,060 --> 00:01:59,320
but not this January.

21
00:01:59,320 --> 00:02:06,460
People seemed determined to clean up their homes. One used bookstore received a

22
00:02:06,460 --> 00:02:12,020
month's worth of books in donations in a week when a man gave over 50 boxes of

23
00:02:12,020 --> 00:02:18,600
books from his home. It seems Maurice TV show is having a big impact after all.

24
00:02:19,900 --> 00:02:24,640
Question 16 to 18 are based on the passage you have just heard.

25
00:02:24,640 --> 00:02:30,580

Question 16. What is Marie Condos TV show about?

26
00:02:45,040 --> 00:02:50,880
Question 17. What things can be kept in one's home, according to Marie Kondo?

27
00:03:05,780 --> 00:03:12,060
Question 18. What do we learn about one used bookstore this January?

28
00:03:27,860 --> 00:03:34,820
Passage 2 At just 12 years old, Mike Hanan is making a difference in his community.

29
00:03:35,700 --> 00:03:37,400
One lunch at a time.

30
00:03:38,320 --> 00:03:44,720
Mike's lunches of love has fed more than 2,000 of the town's most vulnerable residents.

31
00:03:45,900 --> 00:03:52,020
Mike delivers meals to the homeless. It's like a way to give people joy, maybe spark

32
00:03:52,020 --> 00:03:56,820
something in them that can change them. Mike told WBCTV,

33
00:03:57,800 --> 00:04:04,560
the mayor of Mike's town feels that Mike is a great community leader, especially in such times

34
00:04:04,560 --> 00:04:12,160
of so much negative news, while his father commented on how proud he was of his son. Yet,

35
00:04:12,640 --> 00:04:19,200
Mike isn't looking for praise, but kindness in return. He hopes his acts of charity will

36
00:04:19,200 --> 00:04:23,520
influence others to spread positive actions in their own towns.

37
00:04:25,020 --> 00:04:31,860
Mike includes a handwritten message of joy on each bag, his message and star power has spread

38

00:04:31,860 --> 00:04:33,380
all over the country.

39
00:04:34,380 --> 00:04:42,080
To date, his online page to raise funds has brought in more than $44,000 and counting, raising

40
00:04:42,080 --> 00:04:49,500
more than $17,000 in just one day, with the help of many famous actors and others.

41
00:04:50,880 --> 00:04:56,700
People from all over the country are sending special handcrafted bags to help the young man

42
00:04:56,700 --> 00:04:59,300
with his mission to help those in need.

43
00:04:59,300 --> 00:05:03,640
Many are hoping the simple act of kindness spreads.

44
00:05:04,500 --> 00:05:10,220
Mike is seen as hope for the future of the town, the country, and the world.

45
00:05:10,900 --> 00:05:15,480
Questions 19-21 are based on the passage you have just heard.

46
00:05:16,080 --> 00:05:21,020
Question 19-What does Mike Hanon do to help people in his town?

47
00:05:35,840 --> 00:05:43,200
Question 20. What does Mike hope others will do?

48
00:05:54,820 --> 00:06:00,600
Question 21. How are people all over the country responding to what Mike is doing?

49
00:06:15,479 --> 00:06:23,600
Passage 3. In a recent study carried out by psychologists on the disruptive effect of smartphones.

50
00:06:24,460 --> 00:06:33,100
Two groups of college students were given word search puzzles. The first group was told to complete the puzzles with its participants

51
00:06:33,100 --> 00:06:39,180
smartphones in their line of sight. The second group, however, was told that the phones

52
00:06:39,180 --> 00:06:44,880
would interfere with the equipment in the experiment and would need to be moved away from

53
00:06:44,880 --> 00:06:51,260
the testing area. Midway through the second groups solving of the puzzles, the experiment

54
00:06:51,260 --> 00:06:56,820
had called one of the phones and let it ring for a while before hanging up. Many of

55
00:06:56,820 --> 00:07:02,860
the students in that group were unable to focus from then on, becoming anxious and performing

56
00:07:02,860 --> 00:07:05,640
more poorly than the first group.

57
00:07:06,540 --> 00:07:12,180
Use of electronics has also been known to lead to a decline in human interactions.

58
00:07:13,180 --> 00:07:20,140
Rather than having real life conversations, many express emotions and engage in deep conversations

59
00:07:20,140 --> 00:07:22,820
through social media sites.

60
00:07:23,420 --> 00:07:30,360
Many students use their phones and computers during class for non-academic activities, which

61
00:07:30,360 --> 00:07:31,940
leads to poor grades.

62
00:07:31,940 --> 00:07:38,400
Perhaps the most dramatic impact is the reduction in the amount of sleep, which leads to poor

63
00:07:38,400 --> 00:07:40,060

health and weight gain.

64
00:07:40,880 --> 00:07:42,780
Technology is a great tool.

65
00:07:43,820 --> 00:07:47,140
However, it's important to recognise its downside.

66
00:07:48,200 --> 00:07:53,560
Lack of sleep, reduction of productivity and weight gain are only a few.

67
00:07:54,300 --> 00:07:59,920
If we are not careful about all these minor problems right now, the effect on the future

68
00:07:59,920 --> 00:08:03,100
generation is going to be much bigger.

69
00:08:31,300 --> 00:08:38,580
Question 23 What do we learn about many of the students in the second test group after the phone rang?

70
00:08:53,480 --> 00:08:54,840
Question 24

71
00:08:54,840 --> 00:09:01,160
According to the passage, what is the most dramatic impact of smartphone use?

72
00:09:15,260 --> 00:09:21,000
Question 25. What does the speaker suggest people do?

73
00:09:35,780 --> 00:09:38,560
This is the end of listening comprehension.
