选词填空

The things people make, and the way they make them, determine how cities grow and decline, and influence how empires rise and fall. So, any disruption to the world’ s factories __26__. And that disruption is surely coming. Factories are being digitised, filled with new sensors and new computers to make them quicker, more __27__ and more efficient.

Robots are breaking free from the cages that surround them, learning new skills and new ways of working. And 3D printers have long __28__ a world where you can make anything; anywhere, from a computerised design. That vision is __29__ closer to reality. These forces will lead to cleaner factories, producing better goods at lower prices, personalised to our individual needs and desires. Humans will be __30__ many of the dirty, repetitive, and dangerous jobs that have long been a __31__ of factory life.

Greater efficiency __32__ means fewer people can do the same work. Yet factory bosses in many developed countries are worried about a lack of skilled human workers-and see __33__ and robots as a solution. But economist Helena Leurent says this period of rapid change in manufacturing is a __34__ opportunity to make the world a better place. “Manufacturing is the one system where you have got the biggest source of innovation, the biggest source of economic growth, and the biggest source of great jobs in the past. You can see it changing. That’ s an opportunity to __35__ that system differently, and if we can, it will have tremendous significance.”

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English.

鱼是春节前夕 餐桌上不可或缺的一道菜， 因为汉语中“鱼” 字的发音与“余” 字的发音相同。 正由于这个象征性的意义， 春节期间鱼也作为礼物送给亲戚朋友。 鱼的象征意义据说源于中国传统文化。 中国人有节省的传统， 他们认为节省得愈多， 就感到愈为安全。 今天， 尽管人们愈来愈富裕了， 但他们仍然认为节省是一种值得弘扬的美德。

00:00:00,000 --> 00:00:06,280
College English Test, Band 4, Part 2, Listening Comprehension

2
00:00:07,000 --> 00:00:09,380
Section A, Directions

3
00:00:10,000 --> 00:00:17,860
In this section you will hear three news reports. At the end of each news report you will hear two or three questions.

4
00:00:18,620 --> 00:00:22,620
Both the news report and the questions will be spoken only once.

5
00:00:22,620 --> 00:00:28,520
After you hear a question, you must choose the best answer from the four choices marked

6
00:00:28,520 --> 00:00:35,680
A, B, C, and D. Then mark the corresponding letter on the answer she won with a single line

7
00:00:35,680 --> 00:00:36,700
through the center.

8
00:00:37,860 --> 00:00:39,340
News report 1.

9
00:00:39,740 --> 00:00:47,240
A waiter has returned to check worth nearly $424,000 to retired social worker who lost it.

10
00:00:47,240 --> 00:00:52,920
The waiter found a bank envelope while cleaning off a table last Saturday at a restaurant.

11
00:00:53,560 --> 00:00:59,200
He ran outside but the customer was gone. He opened the envelope and got a shock.

12
00:00:59,700 --> 00:01:04,280
After an unsuccessful search, the restaurant's owner called the Daily News for help.

13
00:01:04,879 --> 00:01:10,400
The relieved customer was reunited with her check on Wednesday. It contained money from her

14
00:01:10,400 --> 00:01:16,660
apartment sale, already planned for a down payment on a new home. The customer did not tip the

15
00:01:16,660 --> 00:01:22,360
later after her meal. She tried to give him money later on, but he graciously declined.

16
00:01:23,400 --> 00:01:28,540
The waiter, who's working his way through school, did accept the customer's apology and

17
00:01:28,540 --> 00:01:31,380
gratitude and said he was happy to have helped her.

18
00:01:32,340 --> 00:01:36,640
Questions 1 and 2 are based on the news report you have just heard.

19
00:01:37,720 --> 00:01:42,060
Question 1. What does the news report say about the waiter?

20
00:01:57,799 --> 00:02:02,800
Question 2. What did the customer try to do when she got her check back?

21
00:02:18,060 --> 00:02:20,540
News report 2

22
00:02:20,540 --> 00:02:26,180
The village of Marath in Alaska voted on Tuesday to move to the states mainland.

23
00:02:26,840 --> 00:02:30,460
The move is due to global warming and rising sea levels.

24
00:02:31,280 --> 00:02:36,940
Most of the villages 169 registered voters took part in the town hall meeting.

25
00:02:37,600 --> 00:02:44,460

They decided in a vote of 89 to 78 to move from their land on Sarajhev island near the Arctic Circle.

26
00:02:44,460 --> 00:02:50,140
Mayor of Council Secretary Donna Barr said the vote was largely symbolic.

27
00:02:51,020 --> 00:02:53,440
It will be costly financially to the community.

28
00:02:54,260 --> 00:02:58,560
About 15 years ago they estimated the cost at $180 million.

29
00:02:59,740 --> 00:03:02,580
I would figure it's much higher now, Barr said.

30
00:03:03,120 --> 00:03:06,420
We don't see the move happening in our lifetime because of the funding.

31
00:03:08,040 --> 00:03:13,900
The villages, roughly 600-50 residents, have seen warming temperatures, melt sea ice,

32
00:03:13,900 --> 00:03:19,200
and permanently frozen land. This has resulted in houses falling into the water.

33
00:03:20,320 --> 00:03:26,200
At least 31 villages in Alaska face immediate threats due to climate change. The government

34
00:03:26,200 --> 00:03:34,980
accountability office reported in 2009. Questions 3 and 4 are based on the new support you have just

35
00:03:34,980 --> 00:03:41,000
heard. Question 3 What is Maryf's vote on Tuesday about?

36
00:03:56,300 --> 00:04:02,840
Question 4. Why did Donna Bar say they wouldn't see the plan carried out anytime soon?

37
00:04:17,860 --> 00:04:20,459
News report 3.

38

00:04:21,040 --> 00:04:26,500
A man in Halifax, Canada wanted to find out if people were thankful for someone holding

39
00:04:26,500 --> 00:04:27,980
the door open for them.

40
00:04:28,400 --> 00:04:33,920
The social experiment showed that 99 out of 100 people expressed gratitude.

41
00:04:35,180 --> 00:04:37,120
I didn't think we were going to get 99.

42
00:04:37,120 --> 00:04:44,240
I don't know why, but I was pleasantly surprised because it went beyond just thank you.

43
00:04:44,540 --> 00:04:47,080
People got into conversations with us.

44
00:04:47,280 --> 00:04:50,760
Set Steve Foreann, CEO of Gratitude at Work.

45
00:04:52,020 --> 00:04:57,440
What we know from research is that from grateful people come good things, he said.

46
00:04:58,040 --> 00:05:03,760
A simple way to induce gratitude in people is opening doors and so we went to six places

47
00:05:03,760 --> 00:05:06,000
and opened the doors for people.

48
00:05:06,000 --> 00:05:12,900
For the experiment, Foreann's team went to a shopping centre, a mall, two office buildings,

49
00:05:13,480 --> 00:05:20,480
and a coffee shop. The door was held for 15 to 20 people at a time at each location.

50
00:05:21,740 --> 00:05:27,120
We did have one that didn't say thank you. We're not here to judge them, because on

51
00:05:27,120 --> 00:05:34,140
any given day that could be me or you. I suspect out of the 100 people that were probably

52
00:05:34,140 --> 00:05:40,200
a bunch of them having a bad day, but grateful people make people grateful, so for

53
00:05:40,200 --> 00:05:41,000
Anne.

54
00:06:05,720 --> 00:06:12,580
Question 6. What did Steve Ferren and his team do in the experiment?

55
00:06:27,919 --> 00:06:32,040
Question 7. What do we learn from the news report?

Conversations (EN)

1
00:00:00,000 --> 00:00:11,860
Section B, Directions. In this section, you'll hear two long conversations. At the end of each conversation, you will hear four questions.

2
00:00:12,640 --> 00:00:24,960
Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C and D.

3
00:00:24,960 --> 00:00:31,240
Then marked the corresponding letter on answer sheet 1, with a single line through the center.

4
00:00:32,960 --> 00:00:34,320
Conversation 1.

5
00:00:34,680 --> 00:00:38,060
Raise solar, recess speaking, how can I help?

6
00:00:38,600 --> 00:00:43,700
Hi, my name is Winston. I wish to enquire about solar panel installations.

7
00:00:44,640 --> 00:00:46,440
Yes, what would you like to know?

8
00:00:47,200 --> 00:00:53,520
Well, my neighbour installed panels on his roof about a year ago, in order to power his hot water.

9
00:00:53,520 --> 00:01:00,020
He tells me it has saved him over $500 thus far. Does that sound about right to you?

10
00:01:00,460 --> 00:01:07,240
Well, I'm not familiar with your neighbor or his particular setup. But that amount is definitely possible.

11
00:01:08,120 --> 00:01:15,780
I can tell you that the average 4 bedroom house may typically have a roof with 50 square meters of surface area.

12
00:01:16,660 --> 00:01:22,400

Four panels on one side of that roof could save a family of four around $300 a year.

13
00:01:22,400 --> 00:01:25,380
Okay, that sounds about right then.

14
00:01:25,940 --> 00:01:29,800
My house is about the size you described, but my neighbours is bigger.

15
00:01:30,720 --> 00:01:36,200
I'm not sure how many panels he has up there, but he does have a large family of six.

16
00:01:36,840 --> 00:01:41,020
Are you interested in stalling some solar panels on your roof sir?

17
00:01:41,620 --> 00:01:43,520
Yes, I'm considering it.

18
00:01:43,820 --> 00:01:48,120
If you wish to come into our office, we could show you the different solutions we offer.

19
00:01:48,120 --> 00:01:54,000
OK, I might do that. But just quickly if you don't mind, could you tell me approximately

20
00:01:54,000 --> 00:01:58,620
how much a typical installation costs? Like, say, four panels?

21
00:01:59,560 --> 00:02:05,640
Prices do vary depending on different factors, but as a rough estimate, it's around $2000.

22
00:02:06,780 --> 00:02:12,100
But you know, a typical household will make back that initial investment in about five years.

23
00:02:12,840 --> 00:02:14,820
OK, I see. Thank you.

24
00:02:15,700 --> 00:02:20,480
Question 8-11 are based on the conversation you have just heard.

25

00:02:21,240 --> 00:02:25,280
Question 8- What is the man's purpose for calling the woman?

26
00:02:40,740 --> 00:02:45,620
Question 9. What do we learn about the man's neighbor from the conversation?

27
00:03:01,400 --> 00:03:05,520
Question 10. What is one of the man's chief concerns?

28
00:03:20,940 --> 00:03:25,260
Question 11. How long will it take a typical household?

29
00:03:25,260 --> 00:03:27,900
to make back the initial investment.

30
00:03:44,500 --> 00:03:45,700
Conversation 2

31
00:03:46,040 --> 00:03:50,440
Good afternoon. Sorry to have kept you waiting. How can I help you?

32
00:03:50,440 --> 00:03:54,880
Oh, no problem. I'm interested in booking a holiday to Australia.

33
00:03:55,380 --> 00:03:57,900
And wonder if you could tell me what deals you have?

34
00:03:58,440 --> 00:04:04,320
Sure. Are you only looking for flights or a package holiday with everything included?

35
00:04:05,060 --> 00:04:07,700
When you say everything, what do you mean?

36
00:04:08,360 --> 00:04:13,840
Well, a package holiday would include your flights, hotels, meals,

37
00:04:13,840 --> 00:04:19,779
Daterips to different places of interest and transport to and from the airport.

38
00:04:20,339 --> 00:04:25,200
Yeah, that sounds pretty good. I'm going with my family, so it would be nice to have everything

39
00:04:25,200 --> 00:04:31,100
taken care of. So what sort of deals do you have for package holidays then?

40
00:04:31,500 --> 00:04:35,720
All sorts really? How long do you want to go for and of what dates?

41
00:04:36,320 --> 00:04:39,040
Two weeks around Christmas time would be great.

42
00:04:39,720 --> 00:04:42,860
Okay, let me check that for you.

43
00:04:42,860 --> 00:04:50,780
Here's one, 14 nights in South Eastern Australia, 5 nights in Sydney and 5 nights in Melbourne.

44
00:04:51,420 --> 00:04:55,820
And then for the other four nights you can choose from a list of trips to other places nearby.

45
00:04:56,420 --> 00:04:59,700
You could visit Canberra, for example, or the Blue Mountains,

46
00:05:00,400 --> 00:05:03,180
or you could go for a drive down the Great Ocean Road.

47
00:05:03,940 --> 00:05:09,780
Also, if you're interested in wine, you could go on a tour of the places where they grow grapes and make wine.

48
00:05:09,780 --> 00:05:14,340
That sounds great. It's good we can choose some activities ourselves.

49
00:05:15,860 --> 00:05:21,560
Questions 12 to 15 are based on the conversation you have just heard. Question 12.

50
00:05:22,420 --> 00:05:24,420
Where is the conversation taking place?

51
00:05:39,780 --> 00:05:43,880
Question 13. Why is the woman interested in package holidays?

52
00:05:58,920 --> 00:06:04,080
Question 14. How long does the woman want to go for the holiday?

53
00:06:19,220 --> 00:06:22,980
Question 15. What does the women say she likes?

Passages (EN)

1
00:00:00,000 --> 00:00:11,560
Section C, directions. In this section, you'll hear three passages. At the end of each passage, you'll hear three or four questions.

2
00:00:12,260 --> 00:00:24,760
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C and D.

3
00:00:24,760 --> 00:00:30,760
Then mark the corresponding letter on Ansysheet 1 with a single line through the center.

4
00:00:32,100 --> 00:00:38,640
Passage 1. Tourists taking a holiday in the Indonesian Island of Bali are facing a new

5
00:00:38,640 --> 00:00:44,100
$14 per person tax when they arrive on the holiday island from next year.

6
00:00:45,120 --> 00:00:51,260
But this is a green tax, which Bali Governor, Waiyan Costa, has been working on for months

7
00:00:51,260 --> 00:00:57,580
and which is designed to help clean up the island's natural environment and with good reason too.

8
00:00:58,780 --> 00:01:00,780
Indonesia is drowning in plastics.

9
00:01:02,020 --> 00:01:04,800
Recycling is not one of the country's strong points.

10
00:01:05,519 --> 00:01:13,180
It's not uncommon to be offered many more plastic bags than one could ever need when visiting supermarkets and shopping malls.

11
00:01:14,180 --> 00:01:17,600
But slowly, things are starting to change for the better.

12

00:01:17,600 --> 00:01:26,200
Back in 2016, the medium-sized city of Bunger Mason banned single-use plastic bags.

13
00:01:27,080 --> 00:01:30,180
The city of Bogor followed suit in 2018.

14
00:01:31,440 --> 00:01:36,780
A few months ago, Crossster announced a plan that would not only ban single-use plastic

15
00:01:36,780 --> 00:01:44,040
bags from supermarkets and convenient stores, but plastic bags and straws across the island.

16
00:01:44,040 --> 00:01:48,060
The regulation will come into full effect next month.

17
00:01:48,980 --> 00:01:52,480
We received a fast and quick response from the Bollini's people.

18
00:01:53,200 --> 00:01:58,800
Not only positive responses from the Bollini's, we received good responses from the central

19
00:01:58,800 --> 00:02:05,240
government, other local governments, and even from overseas, costor told the Sydney Morning

20
00:02:05,240 --> 00:02:07,360
Harrow this week during an interview.

21
00:02:07,360 --> 00:02:14,200
The governor is a determined environmentalist and he has more laws planned to protect the island's

22
00:02:14,200 --> 00:02:21,280
waterways in particular and to support the introduction of electric vehicles too.

23
00:02:22,140 --> 00:02:26,460
Question 16 to 18 are based on the passage you have just heard.

24
00:02:27,240 --> 00:02:32,820
Question 16 What will tourists have to do when they visit Indonesia's Bali island?

25
00:02:47,480 --> 00:02:52,820
Question 17. What does the passage say about Indonesia?

26
00:03:07,800 --> 00:03:13,760
Question 18. What is the new plan, Governor Costa recently announced?

27
00:03:29,060 --> 00:03:36,700
Passage 2. An endangered species of whale is experiencing a small baby boom of the

28
00:03:36,700 --> 00:03:43,700
America. The Norfolk Atlantic right whale is one of the rare species of whale on the planet,

29
00:03:44,100 --> 00:03:51,180
numbering only about 411. But the center for coastal studies said Friday that his aerial

30
00:03:51,180 --> 00:03:58,780
survey team spotted a mum with two babies in Cape Cod Bay a day earlier. That brings the

31
00:03:58,780 --> 00:04:05,440
number seen in nearby waters alone this year to three. That's big news because the whale

32
00:04:05,440 --> 00:04:12,420
population has been falling, and no baby whales were seen last year. In all, seven baby

33
00:04:12,420 --> 00:04:18,839
whales have been spotted so far this year. The whale population has become endangered due

34
00:04:18,839 --> 00:04:24,240
to commercial wailing activities and recent years. This is because they are sometimes hunted

35
00:04:24,240 --> 00:04:30,020
for their meat or their skin. Overhunting could lead to the disappearance of the whale

36
00:04:30,020 --> 00:04:35,100
population, possibly causing major problems to the global food chain.

37
00:04:36,180 --> 00:04:42,000
The whales give birth after southeast coast of America in the winter and travel to feeding

38
00:04:42,000 --> 00:04:45,080
grounds of the northeast coast in the early spring.

39
00:04:45,940 --> 00:04:48,980
The northeast coast is critically important source of food.

40
00:04:49,740 --> 00:04:52,100
The animals often feed close to shore.

41
00:04:52,680 --> 00:04:58,200
This provides watches on land with unbeatable views of one of the rarest of marine mammals.

42
00:04:58,200 --> 00:05:05,560
It's illegal to get within 1,500 feet of the animals without a federal research permit,

43
00:05:06,140 --> 00:05:10,380
so whale watches are discouraged from attempting to get close to the whales.

44
00:05:12,160 --> 00:05:16,680
Questions 19-21 are based on the passage you have just heard.

45
00:05:17,420 --> 00:05:18,300
Question 19.

46
00:05:19,280 --> 00:05:23,080
What do we learn from the passage about the North Atlantic right whale?

47
00:05:38,240 --> 00:05:44,420
Question 20. What has caused the decline of the whale population in recent years?

48
00:05:59,219 --> 00:06:06,840
Question 21. Why do the whales travel to the Northeast Coast of America in the early spring?

49
00:06:22,200 --> 00:06:29,280
Passage 3 An average person consumes 144 pints of milk a year.

50
00:06:29,700 --> 00:06:35,640

But 40% of that is poured under cereal, and 60% of those people are children.

51
00:06:35,640 --> 00:06:40,900
But what was once advertised as nutritious is becoming unpopular.

52
00:06:41,960 --> 00:06:47,560
American's drink 37% less milk than they did in the 1970s.

53
00:06:47,800 --> 00:06:53,580
And in the UK, dairy consumption overall has fallen by a third in the past 20 years.

54
00:06:54,900 --> 00:06:58,040
Milk is increasingly being described in a negative light.

55
00:06:58,760 --> 00:07:03,900
A recent blogs have justed, maybe people are drinking less milk because it is poisonous

56
00:07:03,900 --> 00:07:05,720
to many of us.

57
00:07:06,640 --> 00:07:09,440
Lactose is the sugar found in milk and dairy products.

58
00:07:10,000 --> 00:07:13,480
It needs a series of complex proteins to break it down.

59
00:07:14,340 --> 00:07:19,740
Without enough of these proteins, the lactose is broken down by bacteria in the human body.

60
00:07:20,800 --> 00:07:24,140
This can cause physical pain and produce gas in the stomach.

61
00:07:25,140 --> 00:07:30,960
However, after we have finished breast or formula feeding, most of us don't continue producing

62
00:07:30,960 --> 00:07:35,820
the complex proteins in our body, which are necessary to break down the lactose.

63

00:07:37,380 --> 00:07:41,040
Despite the problems in digesting milk, it does provide many benefits.

64
00:07:42,040 --> 00:07:48,760
Milk is nutritious. It contains vitamins A and D, as well as protein, and isn't full of calories.

65
00:07:50,340 --> 00:07:55,320
You can test yourself by drinking a large glass of milk. If you get sick in your stomach

66
00:07:55,320 --> 00:08:00,280
Within the next 24 hours, you are lacking the proteins to digest milk.

67
00:08:26,680 --> 00:08:32,760
Question 23. How do Americans and British people think of milk nowadays?

68
00:08:48,160 --> 00:08:53,840
Question 24. Why does drinking milk cause pain in some people?

69
00:09:08,740 --> 00:09:14,300
Question 25. What does the passage say is a benefit of milk?

70
00:09:29,699 --> 00:09:31,840
That's the end of listening comprehension.
