2024年12月四级真题第2套

年份 2024 | 月份 12 | 第 二 套 | 时长 125 分钟 | 满分 710（及格 425）

听力 (Listening)

Section A news

短新闻

🎧 听力音频：audio/SectionA.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **Why are families across the US looking to this winter with fear?**

   A. They will see a 27% higher price to buy natural gas.

   B. They will have insufficient heating oil to keep warm.

   C. They will have a costly bill to pay to heat their homes.

   D. They will experience the coldest winter in four decades.

2. **What did the federal government do last month?**

   A. Provided additional funding to Low Income Home Energy Assistance Program.

   B. Assured U.S. citizens of an increase in energy supplies by the end of this year.

   C. Predicted a 10% jump in heating bills for most U.S. households this winter.

   D. Decided on this year’ s energy assistance package of $8 billion in total.

3. **What is the main finding of a new study about many Americans?**

   A. They care less about their diet now than before.

   B. They may lack adequate knowledge of healthy food.

   C. They may hold too optimistic a view about their diet.

   D. They pay insufficient attention to their choice of food.

4. **Who attended to rate their diet more accurately in the survey?**

   A. Those who finished 24-hour food questionnaires.

   B. Those who fully understood the rating scale.

   C. Those who cared about food quality.

   D. Those who rated their diet as poor.

5. **What does report say dozens of Indians did last week?**

   A. They experienced a heartbreaking moment.

   B. They gathered together to rescue an elephant.

   C. They heard a noise from the bottom of a well.

   D. They found an elephant wandering around a well.

6. **Why did the Army officers call the local forest department?**

A. To borrow their crane.

B. To ask them for help.

C. To report the strange noise.

D. To get food for the elephant.

7. **What does the news report say happened finally?**

A. The elephant was able to return to the jungle.

B. The army officers were examined for injuries.

C. The army officers were rewarded for their rescue efforts.

D. The elephant was given medical treatment for many days.

Section B conversations

长对话

🎧 听力音频：audio/SectionB.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **Why has the man stopped paying online for the last three months?**

   A. He found it had caused him much inconvenience.

   B. It led him to spend more money than necessary.

   C. It was much less secure than paying with cash.

   D. He wanted to be less dependent on his phone.

2. **What problem does the woman say she may also have?**

   A. Living beyond her means.

   B. Lack of budgeting strategies.

   C. Fashion addiction.

   D. Impulse purchasing.

3. **What does the man say he could do at the canteen?**

   A. Eat healthier food with less money.

   B. Order food like burgers and chips.

   C. Avoid getting addicted to junk food.

   D. Pay either in cash or with his phone.

4. **What is now just a habit for the man?**

   A. Making a shopping list.

   B. Sticking to his budget.

   C. Withdrawing cash only once a month.

   D. Thinking twice before buying something.

5. **Why is the woman opposed to their son joining a sport like soccer?**

   A. He does not enjoy any ball games.

   B. He has to prepare for the future.

   C. He has breathing problems.

   D. He is not up to anything challenging.

6. **What does the man suggest their son try in order to understand team spirit?**

A. Soccer

B. Badminton.

C. Volleyball.

D. Basketball.

7. **What is one of the woman's considerations in choosing a sport for her son?**

A. The possibilities of joining the school sports team.

B. The opportunities of winning some championships.

C. The chances of getting an athletic scholarship later on.

D. The odds of becoming a professional sportsman someday.

8. **What does the man say about beach volleyball?**

A. It differs entirely from indoor volleyball.

B. It appeals to both schoolgirls and schoolboys.

C. It is less popular than indoor sports in the country.

D. It is completely different from other outdoor games.

Section C passages

听力篇章

🎧 听力音频：audio/SectionC.mp3（请使用离线包 papers 目录下对应 audio 文件夹播放）

1. **What do we learn from the passage about the lift off of spacecraft?**

A. It usually requires years of preparations.

B. It does a lot of harm to the environment

C. It often burns over three hundred tonnes of refined fuel.

D. It proves to be the most complicated stage of space missions.

2. **What happens traditionally to boosters, fuel tanks, and other components in spaceflight?**

A. They are burnt up in outer space.

B. They are guided back to Earth.

C. They are reused up to 100 times.

D. They are treated as expendable.

3. **What does the passage say we already have regarding spaceflight?**

A. New technologies for bringing back space vehicles for recycling.

B. The technology for meeting the needs of commercial space travel.

C. Many of the technologies to limit the impact of space travel on Earth.

D. The technology for effectively protecting ozone from being destroyed.

4. **What can reading to a pet do for a child?**

A. It can help unskilled readers feel more secure.

B. It can encourage reluctant readers to read aloud.

C. It can strengthen children’ s confidence in others.

D. It can boost children’ s interest in communication.

5. **How can parents make pets a fantastic subject for their children's research and learning?**

A. By motivating children to find out about their favourite pets.

B. By taking children to the library to borrow books on animals.

C. By allowing children to surf the internet about pets by themselves.

D. By showing children how to acquire knowledge about healthy pets.

6. **How can children still benefit even when they're found?**

A. By learning that raising pets can do much good.

B. By watching how healthy pets are brought up.

C. By hearing about their peers' passion for pets.

D. By visiting friends who have household pets.

7. **What would the new bill in the Ohio Legislature require public colleges and universities to do?**

A. Send would-be students a packet of information.

B. Update regularly all information on their websites.

C. Inform prospective students of their yearly enrollment.

D. Answer questions raised by applicants and their parents.

8. **What can the state only do according to Adam Matthews?**

A. Oversee private institutions directly.

B. Follow other states' example.

C. Regulate public institutions in this way.

D. Provide the best opportunity to realize one's dream.

9. **What do we learn about Ohio schools from the passage?**

A. They are resourceful.

B. They are competitive.

C. They provide the best opportunity to realize one's dream.

D. They appeal most to students from other states in the U.S.

10. **What is the problem with schools providing information on their websites?**

A. Some students waste much time surfing the net.

B. Students may need to visit too many websites.

C. Students have to search for the information.

D. Some students may lack adequate access.

阅读 (Reading)

Section A word_fill

选词填空

Scientists have known that depriving adult mice of vision can increase the sensitivity of individual neurons (神经元) in the part of the brain devoted to hearing. New research from biologists at the University of Maryland __26__ that sight deprivation also changes the way brain cells __27__ with one another, shifting the mice’ s sensitivity to different frequencies.

“This study __28__ what we are learning about how manipulating vision can have a __29__ effect on the ability of an animal to hear long after the window for auditory (听觉的) learning was thought to have __30__ said Patrick Kanold, senior author of the study.

It was once thought that the sensory regions of the brain were not __31__ after a critical period in childhood. This is why children learn languages much more __32__ than adults. Kanold’ s earlier research disproved this idea by showing that depriving adult mice of vision for a short period increased the sensitivity of individual neurons in the auditory cortex (皮质), which is devoted to hearing.

Young brains wire themselves according to the sounds they hear frequently, assigning areas of the auditory cortex to __33__ frequencies based on what they are used to hearing. The researchers found that in adult mice, a week in the dark also changed the __34__ of space to different frequencies.

“We don’ t know why we are seeing these patterns,” Kanold said. “We __35__ that it may have to do with what the mice are paying attention to while they are in the dark.”

阅读理解

写作 (Writing)

Directions: Suppose the university newspaper is inviting submissions from the students for its coming edition on how to enrich students' knowledge of traditional Chinese culture. You are now to write an essay for submission. You will have 30 minutes to write the essay. You should write at least 120 words but no more than 180 words.

建议时间：30 分钟 | 字数：120-180 | 分值：15

作答区

翻译 (Translation)

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English.

近年来,中国新能源汽车产业发展迅速。目前,中国新能源汽车年产量已高达近千万辆,占全球市场份额超过60%,出口量不断创出新高。中国政府通过加大资金投入和政策引导,鼓励新能源汽车企业进行技术创新,不断提高产品在市场上的竞争力。中国新能源汽车产业的发展不仅有力推动了国内经济发展,也为全球新能源利用和环境保护做出了积极贡献。

听力原文 / Transcripts

News Transcript (EN)

1
00:00:00,820 --> 00:00:11,760
College English Test Band 4. Part 2. Listening Comprehension. Section A. Directions. In this section, you'll hear three

2
00:00:11,760 --> 00:00:18,620
news reports. At the end of each news report, you'll hear two or three questions. Both the news

3
00:00:18,620 --> 00:00:25,160
reports and the questions will be spoken only once. After you hear a question, you must choose

4
00:00:25,160 --> 00:00:32,060
the best answer from the four choices marked a, b, c, and d. Then mark the corresponding

5
00:00:32,060 --> 00:00:36,640
letter on answer sheet 1 with a single line through the center.

6
00:00:38,160 --> 00:00:46,220
News report 1. Across the US, families are looking to the winter with fear as energy costs

7
00:00:46,220 --> 00:00:52,380
sore. A number of factors are creating a bad situation. Global energy consumption is

8
00:00:52,380 --> 00:00:54,780
up, but supplies have been reduced.

9
00:00:55,480 --> 00:01:01,380
The energy department projects heating bills will jump 28% this winter, for those who

10
00:01:01,380 --> 00:01:02,800
rely on natural gas.

11
00:01:03,540 --> 00:01:07,740
Natural gas is used by nearly half of US households for heat.

12
00:01:08,320 --> 00:01:13,940
heating oil is projected to be 27% higher and electricity 10% higher.

13
00:01:14,480 --> 00:01:20,120
That comes against inflation rates that accelerated last month, with consumer prices growing

14
00:01:20,120 --> 00:01:27,640
6.6%. That's the fastest pace in four decades. The pain will be especially acute in

15
00:01:27,640 --> 00:01:33,460
parts of the country that heavily rely on heating oil to keep homes warm. It's projected

16
00:01:33,460 --> 00:01:40,160
to cost more than $2,300 to heat a typical home with heating oil this winter.

17
00:01:40,880 --> 00:01:47,160
Last month, the federal government added $1 billion in funding to low-income home energy

18
00:01:47,160 --> 00:01:53,920
assistance program, bringing the total to $4.8 billion. But that represents a reduction

19
00:01:53,920 --> 00:01:58,360
from last year's energy assistance package of over $8 billion.

20
00:01:59,980 --> 00:02:04,680
Questions 1 and 2 are based on the news report you have just heard.

21
00:02:05,860 --> 00:02:11,120
Question 1. Why a family is across the US looking to this winter with fear?

22
00:02:25,960 --> 00:02:31,640
Question 2. What did the federal government do last month?

23
00:02:46,400 --> 00:02:54,640
News Report 2 Many Americans think they make healthy food choices, but they may be viewing

24
00:02:54,640 --> 00:02:56,620
their diet too optimistically.

25
00:02:56,620 --> 00:03:04,480
That's the main finding of a new study by researchers at the U.S. Department of Agriculture in Stonville, Mississippi.

26
00:03:05,040 --> 00:03:12,980
The study aimed to identify disconnects between hell-healthily Americans think they eat and how they actually do.

27
00:03:13,740 --> 00:03:22,080
For the study, the researchers asked participants to rate their diet as excellent, very good, good, fair, or poor.

28
00:03:22,080 --> 00:03:26,580
Folks also completed 24-hour food questionnaires.

29
00:03:27,060 --> 00:03:33,940
Then the researchers compared answers to see how well responses to the two exercises matched up.

30
00:03:34,440 --> 00:03:43,340
Of more than 9,700 people, roughly 85% will off-base when asked to rate the quality of their diet.

31
00:03:44,080 --> 00:03:47,660
And almost all over estimated how healthy it was.

32
00:03:47,660 --> 00:03:52,960
Those who rated their diet as poor tend to be far more accurate.

33
00:03:53,640 --> 00:03:59,000
They're rating match that to the researchers more than nine times out of ten.

34
00:03:59,940 --> 00:04:04,180
Questions three and four are based on the news report you have just heard.

35
00:04:04,780 --> 00:04:09,800
Question three. What is the main finding of a new study about many Americans?

36
00:04:25,080 --> 00:04:30,760
Question 4. Who attended to rate their diet more accurately in the survey?

37
00:04:45,680 --> 00:04:51,720
News Report 3 It was a heartwarming moment that dozens of Indian

38
00:04:51,720 --> 00:05:00,720

rescuers rallied together to use a crane in order to save an elephant trapped at the

39
00:05:00,720 --> 00:05:07,660
rescue effort took place last week close to an army camp. The elephant wandered out of the jungle

40
00:05:07,660 --> 00:05:13,860
and fell into the well. The army officers heard a noise coming from the well and realized

41
00:05:13,860 --> 00:05:20,340
an elephant was trapped deep inside. The officers then threw in some food for the creature

42
00:05:20,340 --> 00:05:30,700
and called the local forest department for help. Video of the rescue operation shows how the

43
00:05:30,700 --> 00:05:37,300
well, and on to the back of a truck. It was then taken to an examining room for evaluation

44
00:05:37,300 --> 00:05:44,500
of any injuries. The elephant was kept under close supervision for a few days before it was

45
00:05:44,500 --> 00:05:47,160
successfully released back into the wild.

46
00:05:48,280 --> 00:05:55,860
Questions 5-7 are based on the news report you have just heard. Question 5. What does

47
00:05:55,860 --> 00:05:59,740
report say dozens of Indians did last week?

48
00:06:14,800 --> 00:06:15,780
Question 6.

49
00:06:16,380 --> 00:06:20,020
Why did the Army officers call the local forest department?

50
00:06:35,140 --> 00:06:40,120
Question 7. What does the news report say happened finally?

Conversations (EN)

1
00:00:02,579 --> 00:00:12,480
Section B, Directions. In this section you'll hear two long conversations. At the end of each conversation, you'll hear four questions.

2
00:00:13,280 --> 00:00:25,160
Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C, and D.

3
00:00:25,160 --> 00:00:30,920
Then mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:33,020 --> 00:00:34,260
Conversation 1

5
00:00:34,260 --> 00:00:37,240
I need to stop at the bank to withdraw some cash.

6
00:00:37,800 --> 00:00:39,460
Why not just pay with your phone?

7
00:00:40,000 --> 00:00:44,460
Well actually I've stopped using online payments for the past three months now.

8
00:00:44,800 --> 00:00:46,040
Stop paying online.

9
00:00:46,780 --> 00:00:50,240
Oh, you must be worried that online payments aren't secure.

10
00:00:51,000 --> 00:00:52,640
No, they are safe.

11
00:00:52,640 --> 00:00:58,640
But paying online is too convenient and I spent too much money on things I didn't need.

12
00:00:59,200 --> 00:01:03,020

Oh, impulse purchases can be an issue for me too.

13
00:01:03,240 --> 00:01:08,660
I've definitely bought clothes and shoes I didn't need because they were on sale, and paying

14
00:01:08,660 --> 00:01:10,640
with my phone was so easy.

15
00:01:11,080 --> 00:01:16,620
But I found that if I review my spending every night, that keeps me from spending too much.

16
00:01:16,620 --> 00:01:22,780
I tried that strategy, but it just didn't work, because I'd be busy studying all day,

17
00:01:22,960 --> 00:01:28,380
then when I was tired and hungry, I'd use my phone to order food like burgers and other

18
00:01:28,380 --> 00:01:28,840
junk.

19
00:01:29,060 --> 00:01:33,340
Instead of going to the canteen, where I could get a healthier meal for half the price.

20
00:01:33,880 --> 00:01:35,840
Well, what do you do now then?

21
00:01:36,040 --> 00:01:38,720
It seems like you'd have the same problems with cash.

22
00:01:39,360 --> 00:01:44,340
I'd go to the bank once a week, and the rest of the time I keep my bank card at home,

23
00:01:44,340 --> 00:01:50,140
so I can't get more cash out. And I also have a notebook where I record my expenses.

24
00:01:50,860 --> 00:01:55,880
But what prevents you from just going to the bank and getting more money if you want to buy something?

25

00:01:56,640 --> 00:02:07,980
The first month I did withdraw extra cash twice, but I felt guilty about it, and after that I refused to spend more than what I had budgeted. And by now, it's just a habit.

26
00:02:08,759 --> 00:02:13,420
Question 8-11, or based on the conversation you have just heard.

27
00:02:13,960 --> 00:02:19,420
Question 8. Why has the man stopped paying online for the last three months?

28
00:02:34,720 --> 00:02:39,780
Question 9. What problem does the woman say she may also have?

29
00:02:55,420 --> 00:03:00,740
Question 10. What does the man say he could do at the canteen?

30
00:03:15,580 --> 00:03:19,400
Question 11. What is now just a habit for the

31
00:03:20,780 --> 00:03:21,380
man.

32
00:03:36,460 --> 00:03:37,660
Conversation 2.

33
00:03:38,080 --> 00:03:38,980
Please hear me out.

34
00:03:39,440 --> 00:03:44,900
I don't want our son to spend his afternoon doing something he hates, even if it might

35
00:03:44,900 --> 00:03:46,240
prepare him for the future.

36
00:03:46,240 --> 00:03:49,660
What about getting him to join a sport like soccer?

37
00:03:50,360 --> 00:03:55,460
From all the running and training, he could become quite athletic, not to mention the great

38
00:03:55,460 --> 00:03:59,140
physical benefits from exercising outside every day.

39
00:03:59,960 --> 00:04:04,200
Hmm, I don't think he should be doing something so challenging with all his breathing

40
00:04:04,200 --> 00:04:04,960
issues.

41
00:04:05,600 --> 00:04:08,580
What about playing an indoor sport, like badminton?

42
00:04:09,180 --> 00:04:13,240
The environment is easier to control, and he can still get a good workout.

43
00:04:13,240 --> 00:04:19,500
In addition to improving his hand-eye coordination, besides, I could teach him some of the basics

44
00:04:19,500 --> 00:04:22,000
from my time as a bad-mitten player.

45
00:04:23,020 --> 00:04:26,640
Hmm, I'm thinking team sports should be the way to go.

46
00:04:26,920 --> 00:04:31,580
There's nothing like playing as part of a unit to accomplish a goal like winning a game

47
00:04:31,580 --> 00:04:32,840
or even a championship.

48
00:04:33,680 --> 00:04:38,720
He could try basketball since many of the courts are indoors now, and it's a sport that

49
00:04:38,720 --> 00:04:42,820
could help him understand Team Spirit while cooperating with others.

50
00:04:43,740 --> 00:04:47,440

Maybe he could even join the school basketball team when he's ready.

51
00:04:48,040 --> 00:04:49,760
Oh, oh, what about volleyball?

52
00:04:50,420 --> 00:04:56,760
It's a team sport, and they often have mixed gender teams, so he could socialize with both girls and boys.

53
00:04:57,400 --> 00:05:04,560
It's not as popular as some sports, which means he has better odds of possibly getting an athletic scholarship in the future.

54
00:05:04,560 --> 00:05:09,960
I also believe you were a beach volleyball athlete yourself not so long ago.

55
00:05:10,440 --> 00:05:17,580
As I've said many times before, beach volleyball and indoor volleyball are completely different.

56
00:05:18,740 --> 00:05:23,200
Questions 12-15 are based on the conversation you have just heard.

57
00:05:23,960 --> 00:05:24,800
Question 12.

58
00:05:25,400 --> 00:05:29,480
Why is the woman opposed to their son joining a sport like soccer?

59
00:05:44,700 --> 00:05:51,740
Question 13. What does the man suggest their son try in order to understand team spirit?

60
00:06:07,260 --> 00:06:14,280
Question 14. What is one of the woman's considerations in choosing a sport for her son?

61
00:06:28,720 --> 00:06:33,040
Question 15. What does the man say about Beach volleyball?

Passages (EN)

1
00:00:01,840 --> 00:00:11,640
Section C, directions. In this section you will hear three passages. At the end of each passage, you will hear three or four questions.

2
00:00:12,400 --> 00:00:24,340
Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A, B, C and D.

3
00:00:24,340 --> 00:00:30,340
Then mark the corresponding letter on answer sheet 1 with a single line through the center.

4
00:00:32,060 --> 00:00:33,580
Passage 1.

5
00:00:33,640 --> 00:00:39,500
Lift off is usually the most environmentally harmful stage of any space mission.

6
00:00:40,120 --> 00:00:43,720
With vast quantities of fuel burnt up in a matter of minutes.

7
00:00:44,160 --> 00:00:50,520
For instance, space X's Falcon 9 gets through 112 tons of refined fuel,

8
00:00:50,520 --> 00:00:54,720
All, emitting about 336 tons of CO2.

9
00:00:55,120 --> 00:01:01,420
This is the equivalent produced by your average car driving almost 70 times around the world.

10
00:01:02,340 --> 00:01:07,500
As well as greenhouse gases, rocket engines emit particles that destroy ozone.

11
00:01:08,120 --> 00:01:12,820
These issues are growing more pressing with the emergence of commercial spaceflight.

12
00:01:13,460 --> 00:01:20,500

There were 114 space launches in 2020, but there may be up to 1000 per year in the

13
00:01:20,500 --> 00:01:28,700
in future. Sustainable fuels are the top priority to enable greener space travel. Current

14
00:01:28,700 --> 00:01:35,740
space craft use a variety of fuels, but most are based on fossil fuels. One potentially

15
00:01:35,740 --> 00:01:42,640
greener option is liquid hydrogen and oxygen. Hydrogen can be obtained sustainably by

16
00:01:42,640 --> 00:01:50,220
using solar power to break water down into oxygen and hydrogen. Reusable rockets can cut

17
00:01:50,220 --> 00:01:56,600
down on some of the waste associated with spaceflight. Traditionally, boosters, fuel tanks,

18
00:01:56,880 --> 00:02:02,740
and other components are treaters as expendable. But guiding them back to Earth in a controlled

19
00:02:02,740 --> 00:02:11,280
manner opens new possibilities. Most components from the Falcon 9 can be reused up to 100 times.

20
00:02:12,300 --> 00:02:19,480
Truly environmentally friendly space travel is still some way off. But we already have many of

21
00:02:19,480 --> 00:02:24,520
technologies needed to start limiting its impact on our planet.

22
00:02:25,740 --> 00:02:30,000
Questions 16 to 18 are based on the passage you have just heard.

23
00:02:30,480 --> 00:02:31,440
Question 16.

24
00:02:32,380 --> 00:02:36,120
What do we learn from the passage about the lift off of spacecraft?

25

00:02:51,180 --> 00:03:00,420
Question 17 What happens traditionally to boosters, fuel tanks, and other components in spaceflight?

26
00:03:15,280 --> 00:03:21,980
Question 18. What does the passage say? We already have regarding spaceflight.

27
00:03:37,680 --> 00:03:41,400
Passage 2 Helping to look after a pet,

28
00:03:41,780 --> 00:03:45,900
Conficility, numerous aspects of a child's emotional development.

29
00:03:46,640 --> 00:03:52,720
Research shows that reading to a loyal and non-judgmental companion, such as a dog or cat,

30
00:03:53,000 --> 00:03:59,060
can encourage reluctant readers to read aloud, which will in turn boost their self-confidence.

31
00:03:59,060 --> 00:04:05,540
Having a companion to talk to you about their feelings can also help children feel secure,

32
00:04:06,160 --> 00:04:08,240
and develop communication skills.

33
00:04:09,580 --> 00:04:15,800
A household pet can also cultivate a child's sense of responsibility, as their parent explains

34
00:04:15,800 --> 00:04:20,320
the necessary processes of keeping their pet happy and healthy.

35
00:04:21,220 --> 00:04:27,920
As a child matures, they can then take on more of the daily responsibilities, boosting their sense of independence.

36
00:04:29,060 --> 00:04:33,400
Pets also provide a fantastic subject for research and learning.

37
00:04:34,120 --> 00:04:38,420
Parents can encourage their child to research their favorite pets at the library,

38
00:04:39,060 --> 00:04:41,500
or during a supervised internet search.

39
00:04:42,760 --> 00:04:46,120
Taking children along to the pet shop to buy food and supplies

40
00:04:46,120 --> 00:04:51,120
will support their cognitive development as their passion for learning flourishes.

41
00:04:52,320 --> 00:04:57,880
A child's physical development can benefit greatly from taking pets for walks in the fresh air,

42
00:04:57,880 --> 00:05:03,300
Even their fine motor skills can be utilized in taking care of a beloved animal.

43
00:05:04,560 --> 00:05:09,720
When responsibilities are well-paced and communicated, a child can benefit greatly from

44
00:05:09,720 --> 00:05:12,840
involvement in bringing up a happy and healthy pet.

45
00:05:13,940 --> 00:05:19,180
And of course, if a child doesn't have a pet in their own household, they can still benefit

46
00:05:19,180 --> 00:05:22,780
from all of the above when visiting a friend who does.

47
00:05:22,780 --> 00:05:25,020
Question 19.

48
00:05:26,100 --> 00:05:28,500
A based on the passage you have just heard.

49
00:05:29,080 --> 00:05:30,080
Question 19.

50
00:05:30,800 --> 00:05:36,060
What does research show about reading to a loyal and non-judgmental companion?

51
00:05:51,220 --> 00:05:52,620
Question 20.

52
00:05:52,620 --> 00:05:59,540
How can parents make pets a fantastic subject for their children's research and learning?

53
00:06:14,200 --> 00:06:15,900
Question 21.

54
00:06:15,900 --> 00:06:22,160
How can children still benefit even when their family doesn't have a pet?

55
00:06:37,420 --> 00:06:39,100
Passage 3

56
00:06:39,100 --> 00:06:45,660
A new bill in their higher legislature would require state public colleges and universities to send

57
00:06:45,660 --> 00:06:52,200
respective students a packet of information. This would include costs of college, grants,

58
00:06:52,660 --> 00:06:59,560
and scholarships. It would also include expected monthly loan payments and projected salarate

59
00:06:59,560 --> 00:07:06,720
after college. State representative Adam Matthews is one of the two legislators who proposed

60
00:07:06,720 --> 00:07:13,180
the bill. He said it would give prospective students more information about what to expect

61
00:07:13,180 --> 00:07:19,580
once they graduate. Putting that information in front of them will give them the best opportunity

62
00:07:19,580 --> 00:07:25,100
to match their skills and their dreams to what our schools can provide, said Matthews.

63
00:07:26,720 --> 00:07:32,820

He notes that the state can only regulate public institutions in this way, but he hopes

64
00:07:32,820 --> 00:07:38,920
private institutions in Ohio follow the lead of the state and post similar information.

65
00:07:38,920 --> 00:07:46,380
He believes giving out that information will help Ohio's colleges and universities to be more competitive.

66
00:07:47,200 --> 00:07:52,860
The information will highlight what a great value they have for their very reasonable cost.

67
00:07:53,880 --> 00:07:56,600
Ohio's schools are already competitive.

68
00:07:57,200 --> 00:08:02,680
The state attracts more undergraduate students than it sends to colleges out of state.

69
00:08:02,680 --> 00:08:09,260
Many colleges and universities currently provide similar information on their websites.

70
00:08:09,940 --> 00:08:15,300
This includes tuition, fees, graduation rates and more.

71
00:08:15,840 --> 00:08:18,320
But students need to search for the information.

72
00:08:18,920 --> 00:08:25,040
This bill would require the universities and colleges to send a packet directly to students.

73
00:08:26,340 --> 00:08:30,800
Questions 22-25 are based on the passage you have just heard.

74
00:08:30,800 --> 00:08:39,800
Question 22 What would the new bill in the Ohio legislature require public colleges and universities to do?

75
00:08:54,720 --> 00:09:01,140
Question 23. What can the state only do according to Adam Matthews?

76

00:09:16,100 --> 00:09:22,420
Question 24. What do we learn about Ohio schools from the passage?

77
00:09:37,340 --> 00:09:44,340
Question 25. What is the problem with schools providing information on their websites?

78
00:10:00,000 --> 00:10:02,200
That's the end of listening comprehension.
